Izee Allotment Management Plan Environmental Assessment
Notice of 45-day Objection Period

The Emigrant Creek Ranger District of the Malheur National Forest has prepared a draft decision notice and finding of no significant impact (DN/FONSI) and a final environmental assessment (EA) for the Izee Allotment Management Plan Project. The draft DN/FONSI identifies livestock management, adaptive management strategies, range improvements, and vegetation improvement projects to be authorized under this decision based on the analysis in the final EA. These documents are available on the Malheur National Forest website at: http://www.fs.usda.gov/project/?project=44567. Hard copies of this final EA and draft DN/FONSI are also available at the Malheur National Forest Supervisor's Office, 431 Patterson Bridge Road, John Day, OR 97845 and at the Emigrant Creek Ranger District Office, 265 Hwy 20 South, Hines, Oregon. Additional information can be obtained by contacting Benjamin Goodin, Project Lead, 541-573-4314, bgoodin@fs.fed.us.
The Izee Allotment Management Plan project area is located on the Emigrant Creek Ranger District, approximately 33 miles northwest of Burns, Oregon. The project area includes the Utley Butte Inventoried Roadless Area.
The draft DN/FONSI is subject to an objection process pursuant to Forest Service regulations at 36 Code of Federal Regulations (CFR) 218. This process replaces the post-decisional appeal process (36 CFR 215) used since 1993. The new regulations (36 CFR 218) provide an opportunity for individuals and organizations to file an objection to a project before the final decision is signed. This allows interested individuals and organizations to advise the Deciding Official about concerns regarding the final decision before the decision is made.
Objections will only be accepted from individuals and entities as defined in 36 CFR 218.2 who have previously submitted specific written comments regarding the proposed project during scoping or other designated opportunity for public comment in accordance with 36 CFR 218.5(a). Issues raised in objections must be based on previously submitted timely, specific written comments regarding the proposed project unless based on new information arising after the designated comment opportunities.
Objections, including attachments, must be filed via mail, fax, email, hand-delivery, express delivery, or messenger service (Monday through Friday, 8:00 a.m. to 4:30 p.m., excluding Federal holidays). Objections may be mailed to: Forest Supervisor, Objection Reviewing Officer, Malheur National Forest, Attn: 1570 Objections, PO Box 909, John Day, Oregon 97845. For emailed objections, please email to: objections-pnw-malheur@fs.fed.us. Please put OBJECTION and the project name in the subject line. Electronic objections must be submitted as part of an actual e-mail message, or as an attachment in Microsoft Word (.doc), rich text format (.rtf), or portable document format (.pdf) only. For electronically mailed objections, the sender should normally receive an automated electronic acknowledgement from the agency as confirmation of receipt. If the sender does not receive an automated acknowledgement of the receipt of the objection, it is the sender's responsibility to ensure timely receipt by other means. Objections may also be hand delivered to the Malheur National Forest Supervisor's Office, 431 Patterson Bridge Rd, John Day, Oregon 97845, between 8:00 a.m. and 4:30 p.m., Monday through Friday except Federal holidays. Objections may also be faxed to: Forest Supervisor, Attn: 1570 Objections at 541-575-3001.
Objections must be postmarked or received by the Reviewing Officer, Forest Supervisor, within 45 days from the date of publication of this notice. The publication date is the exclusive means for calculating the time to file an objection. Those wishing to file an objection should not rely upon dates or timeframe information provided by any other source. The regulations prohibit extending the time to file an objection. Specific directions on how to file an objection are provided in 36 CFR 218.8. (A printed copy is available upon request.) The regulations can be found at http://www.ecfr.gov/cgi-bin/text-idx under "Predecisional Administrative Review Process."
The objection must contain the minimum content requirements specified in §218.8(d) and incorporation of documents by reference is permitted only as provided in §218.8(b). It is the objector's responsibility to ensure timely filing of a written objection with the reviewing officer pursuant to §218.9. All objections are available for public inspection during and after the objection process.
Objections will be subject to review by a "reviewing officer;" because the Responsible Official for the Izee Allotment Management Plan project is Christy Cheyne the Emigrant Creek District Ranger, the reviewing officer will be the Forest Supervisor.
The objection process may include an opportunity for the objector to meet with the reviewing officer and the responsible official, with the objective of resolving the concerns expressed in the objection.
The responsible official cannot sign the final decision until the reviewing officer has responded in writing to all pending objections, and the decision must be consistent with any instructions issued by the reviewing officer. After the objection process concludes there will be no additional opportunity for administrative review or appeal. The final decision will be the Final administrative decision by the agency.
