Forestry

All forestry exhibitors may make two forestry exhibits. One as Mounted Forestry Specimen and one in the Advanced Forestry exhibit. Please refer to the "4-H Forestry Exhibit Requirements and Classes" (4-H 33121). Some of the Family names have changed, especially the flowering trees, shrubs and wildflowers as below:

Current Family Name on Approved Species List
 Change to: according to the Plants of the Pacific NW Coast book.

- Pea Family (Leguminosae),
- Pea Family (Fabaceae)
- Sunflower Family (Compositae)
- Aster Family (Asteraceae)

Who May Exhibit

Junior, Intermediate and Senior members may make one or more exhibits - one mounted as a Forestry Specimen and one in each qualified Advanced Forestry exhibit class. Please refer to the 4-H *Forestry Exhibit Requirements and Classes (4-H 33121)*. Note: Each exhibit must be labeled with the member's name, county and class number. For members who have previously been in 4-H forestry, exhibit all their mounts (the total number of mounts will be higher than listed in the division through 2011 fair), but only the 5 new ones will be judged. If you want to redo mounts to meet the new requirements you may do so.

Mounted Forestry Specimens

Tree and shrub specimens exhibit must be listed on the official forestry specimens list available in 4-H *Forestry Exhibit Requirements and Classes (4-H 33121)*. For Seniors exhibiting wild flowers and ferns use the "other Reference Texts" list. Intermediate and Senior members must use the *Specimen Collection Site Analysis Sheet* for each specimen collected.
