Summit Creek Landscape Restoration 30 Day Notice and Comment Period

The Prairie City Ranger District of the Malheur National Forest is initiating the 30-day scoping period for the Summit Creek Landscape Restoration Project. The proposed action includes silviculture treatments, prescribed burning, road activities, recreation opportunity improvements, riparian measures, and restoration activities within the approximately 38,000 acre project planning area. The overall purpose of this project is to restore forest resiliency by re-establishing and restoring forest structure and pattern, vegetation composition and diversity, and riparian communities to conditions that are more resilient to natural disturbance processes. These actions are proposed on National Forest Lands located approximately 20 miles southeast of Prairie City, Oregon, in eastern Grant County. The project area is located within the Prairie City Ranger District and is bounded by the Strawberry Wilderness to the north, the recently analyzed Elk 16 Landscape Restoration Project to the east, Logan Valley to the west, and the District boundary to the south. County Highway 62 and Forest Road 16 pass through the project area. It is within all or parts of the following townships and ranges: T15S, R35E; T16S, R35E; T16S, R34E; T16S, R33E; T17S, R34E; and, T17S, R33.2E.
