I have been a special education teacher at Humbolt teaching kindergarten through sixth grade students for the past seven years. This current school year, I am working as the Special Education Director, Diagnostician, District Test Coordinator and TAG Coordinator.

I will be donating my monetary award to Grant School District #3: Special Education and TAG programs.

I feel incredibly honored to receive this award. I am very appreciative of Doug's for this opportunity and am excited about being able to donate to Grant School District #3.
