The Oregon Attorney General filed a lawsuit against certain manufacturers of liquid crystal display ("LCD") flat panels. The lawsuit alleges that LCD manufacturers illegally agreed upon the pricing of LCD-flat panels. The Attorney General filed this action in her law enforcement capacity and on behalf of the State of Oregon, Oregon natural persons, and all political subdivisions in Oregon and sought equitable relief, restitution, civil penalties and injunctive relief.

Oregon has settled with all defendants for a total of \$21,505,000 ("Settlement Fund"). The State of Oregon, political subdivisions and Oregon natural persons may be entitled to a portion of the Settlement Fund. "Political subdivisions" includes all Oregon counties, cities, municipalities, public universities, school districts, special districts, and all other local government entities. "Oregon natural persons" means a human, not a business.

Who Is Included?

The State of Oregon and all Oregon political subdivisions or natural persons who indirectly purchased at any time during the years 2002 to 2006, for their own use and not for resale, LCD panels incorporated in flat panel TVs, monitors or notebook computers. What Are My Rights And Options?

Exclude yourself: Oregon political subdivisions and Oregon natural persons have the right to exclude themselves from this action. The State of Oregon cannot be excluded. If you opt out, you will not be legally bound by this settlement, but you will not get any money or other benefits from this settlement. You will retain any rights you currently have, if any. Please note that under Oregon law, authority to bring antitrust actions for indirect purchaser claims, like this action, was limited to actions by the Attorney General until January 1, 2010.

To opt-out, complete the opt-out registration online at www.OregonScreenSettlement.com or send a written letter stating that you want to be excluded from the case: *State of Oregon, ex rel Ellen F. Rosenblum v. AU Optronics Corp. et al.*, case no.
