Dear Santa.

I want the beavers to win the civil war, will you please use your magic to make the ducks to flunk and lose. Will you please feed all your reindeer a carrot for me?

Make sure to eat some of my own mint bark when you come. Then get my sisters one extra room because they are older and would like more space. Then get all the people who lost their home a new place to live. Get them all some candy canes too. Then for Christmas can you get me a horse and a dog of my own. Please let me also have one of your reindeers, possibly Rudolph. Then he can stay in my room. Thank you for all your service in the past and present years. Did you ever serve as a veteran, if so happy veteran's day. You seem like a very nice man. Eat some extra mint bark if you like it because you are a nice man been doing nice things for me all my life and I want to do a little something for you.

Love, Macy Carter

Dear Santa

How are you? How are your reindeer? I hope your elves had a great year I always love asking you these questions. This year I don't want much, but this year I hope you bring presents to all the people that lost their homes in the Canyon Creek Complex Fire, I hope that all the things that the people that lost their homes get what they want for Christmas. This year for myself I would like an iphone6+ and a computer desk lamp for my desk in my room I would also like for my whole family Radinovich's and Holliday's to have a Very Merry Christmas

Love Your Friend Billy Radinovich

Dear Santa,

For Christmas this year I would like for everybody to have a great Christmas and you to give presents to all children in the world, I don't want to be greedy by for Christmas but I wish I could have a kindle fire HD or an amazon one, and I really want the beavers to win the civil war. I was wondering how the reindeer can fly? I would like my mom to get a new car and my dad to get a new saddle and my step mom to get a new Keurig coffee maker for her new office, that's alii want for Christmas thank you Santa.

Your friend Grace Taylor

Dear Santa,

I think my brother and sister deserve presents. My sister wants our baby cousin to be a girl I think that is what she is probably going to tell Santa so that's what I think she wants.

My brother is 13 and he is a very good rider he already has his own horse so he would need a silver bridle so I think he would want a silver bridle of his own also. I think my dad would like a new gun because he loves guns and he also loves to hunt.

My mom probably deserves something the most because she is always cleaning up after the rest of us. So I think she would like to be with her family and have a nice Christmas.

I also think that the thing my parents want the most is us kids not to fight. I think that will happen I would like a new bike for Christmas. One more thing could you give every one that lost their homes a new house or just let them be able to be with their family. Thank you Santa

Love, Raney Anderson

Dear Santa

I would like for my brother to get what he wants. My mom would like a new house at our ranch. My dad would like a hunting dog. For Christmas I would like is a game play gift card. And I would like for the people how lost their house in the Grant County or Canyon Complex Fire to get another house.

Dear Santa,

For Christmas this year I don't want a lot. But for my sister I know that she would love a coloring book, my dad would like something for his new shop, and finally my mom would like a blender for her work. I would like a desk lamp for reading, and that is all. I have a few questions for you though, how is Mrs. Clause? How are your reindeer? I was also wondering if the weather will be bad on Christmas Eve. Do your reindeer like carrots and celery?

Love,
your friend Lauryn Pettyjohn

Dear Santa,

How are you doing? Has Mrs. Claus been making lots of cookies? Are your reindeers getting lots of carrots? Are your elves working hard? This year I would like you to give presents, food, and clothes to all of the people who lost their homes in the Canyon Creek Complex fire.

For my brother, he would like some mystery Minecraft figures. For my mom, she would like a teal hand mixer. And for my dad, he would like some heated socks. For me, I would like a key clock for my bedroom.

This year I don't care if you don't get anything for me I just want the victims of the fire (including my grandma and grandpa) to have a warm place to sleep and a roof over their heads.
