# Publisher's Note

The Blue Mountain Eagle is proud to present the second edition of Grant County Giving, brought to our readers by local businesses and nonprofits in Grant County.

Grant County Giving is designed to give area nonprofits, and businesses who support them, a platform for exposing their mission and fundraising needs to the community.

The section also spotlights volunteers throughout Grant County who volunteer their time and energy to support local organizations.

Our hope is to grow this section every year to give a complete view of all the organizations in the county that help to make our county a wonderful place to live, and to assist you in your charitable givings at the end of the year.

Thank you to our generous business community and volunteers for all you do to support local nonprofit organizations.

Get involved, if you're not already. You now have the perfect tool to begin or expand your support of nonprofits.
