

The Grant County Snowballers Club

The **Grant County Snowballers club** was formed in the late '60s primarily as a "racing" club. In fact, one of the original members, John Saunders, from Seneca, and now in his nineties participated in a race a year ago! We are a Grant County based club representing about 70 families in the area. We can be reached through our website, grantcountysnowballers.com, or at PO Box 337, John Day, Or., 97845.

This year our president is Tim R. Holly and the vice president is Garrett Carniglia. Bill Prophet is our grooming chairman. Our director at large for our district of the Oregon Snowmobile Association is Dave Hannibal.

Our club has two grooming machines and we have more miles of groomed trails here in the county than any other county in the country! We have a great team of volunteer drivers that keep the trails open and safe for all the folks that like to experience our beautiful country during snow season.

Our primary mission is to provide training for new snowmobilers in the safe operation of their sleds, have fun activities for the group and provide a place to ride.
