6 p.m. – Long Creek Volunteer Fire Department, City Hall.

7 p.m. – Prairie City School Site Council, school library.

Public Notice

Objection Period USDA Forest Service-Malheur National Forest Prairie City Ranger District Prairie City, Oregon Blue Dollar Complex Grazing Allotment Project Environmental Assessment Notice of 45-day Objection Period

The Prairie City Ranger District of the Malheur National Forest has prepared a draft decision notice and finding of no significant impact (DN/FONSI) and a final environmental assessment (EA) for the Blue Dollar Complex Grazing Allotment Project. The draft DN/FONSI identifies grazing management strategies and range improvement projects to be authorized under this decision based on the analysis in the final EA. These documents are available on the Malheur National Forest website at: <http://www.fs.usda.gov/project/?project=48798>. Hard copies of this final EA and draft DN/FONSI are also available at the Malheur National Forest Supervisor's Office, 431 Patterson Bridge Road, John Day, OR 97845 and at the Prairie City Ranger District Office, PO Box 337, 327 S.W. Front Street, Prairie City, Oregon 97869. Additional information can be obtained by contacting Marion Mahaffey, NEPA Planner, 541-575-3302, marionmahaffey@fs.fed.us.

The Blue Dollar Complex Grazing Allotment Project area is located on the Prairie City Ranger District, about 25 miles south of Prairie City, Oregon.

The draft DN/FONSI is subject to an objection process pursuant to Forest Service regulations at 36 Code of Federal Regulations (CFR) 218. This process replaces the post-decisional appeal process (36 CFR 215) used since 1993. The new regulations (36 CFR 218) provide an opportunity for individuals and organizations to file an objection to a project before the final decision is signed. This allows interested individuals and organizations to advise the Deciding Official about concerns regarding the final decision before the decision is made.

Objections will only be accepted from individuals and entities as defined in 36 CFR 218.2 who have previously submitted specific written comments regarding the proposed project during scoping or other designated opportunity for public comment in accordance with 36 CFR 218.5(a). Issues raised in objections must be based on previously submitted timely, specific written comments regarding the proposed project unless based on new information arising after the designated comment opportunities.

Objections, including attachments, must be filed via mail, fax, email, hand-delivery, express delivery, or messenger service (Monday through Friday, 8:00 a.m. to 4:30 p.m., excluding Federal holidays). Objections may be mailed to: Forest Supervisor, Objection Reviewing Officer, Malheur National Forest, Attn: 1570 Objections, PO Box 909, John Day, Oregon 97845. For emailed objections, please email to: objections-pnw-malheur@fs.fed.us. Please put OBJECTION and the project name in the subject line. Electronic objections must be submitted as part of an actual e-mail message, or as an attachment in Microsoft Word (.doc), rich text format (.rtf), or portable document format (.pdf) only. For electronically mailed objections, the sender should normally receive an automated electronic acknowledgement from the agency as confirmation of receipt. If the sender does not receive an automated acknowledgement of the receipt of the objection, it is the sender's responsibility to ensure timely receipt by other means. Objections may also be hand delivered to the Malheur National Forest Supervisor's Office, 431 Patterson Bridge Rd, John Day, Oregon 97845, between 8:00 a.m. and 4:30 p.m., Monday through Friday except Federal holidays. Objections may also be faxed to: Forest Supervisor, Attn: 1570 Objections at 541-575-3001.

Objections must be postmarked or received by the Reviewing Officer, Forest Supervisor, within 45 days from the date of publication of this notice. The publication date is the exclusive means for calculating the time to file an objection. Those wishing to file an objection should not rely upon dates or timeframe information provided by any other source. The regulations prohibit extending the time to file an objection.

Specific directions on how to file an objection are provided in 36 CFR 218.8. (A printed copy is available upon request.) The regulations can be found at <http://www.ecfr.gov/cgi-bin/text-idx> under "Predecisional Administrative Review Process."

The objection must contain the minimum content requirements specified in §218.8(d) and incorporation of documents by reference is permitted only as provided in §218.8(b). It is the objector's responsibility to ensure timely filing of a written objection with the reviewing officer pursuant to §218.9. All objections are available for public inspection during and after the objection process.

Objections will be subject to review by a "reviewing officer." Because the Responsible Official for the Blue Dollar Complex Grazing Allotment Project is Edward Guzman, the Prairie City District Ranger, the reviewing officer will be the Forest Supervisor.

The objection process may include an opportunity for the objector to meet with the reviewing officer and the responsible official, with the objective of resolving the concerns expressed in the objection.

The responsible official cannot sign the final decision until the reviewing officer has responded in writing to all pending objections, and the decision must be consistent with any instructions issued by the reviewing officer. After the objection process concludes there will be no additional opportunity for administrative review or appeal. The final decision will be the Final administrative decision by the agency.

OUT IN FRONT**Public Notice**

Malheur National Forest Flat Vegetation Management Project Objection Period

Flat Vegetation Management Project Environmental Assessment and draft Decision Notice are now available for review and objection. The Malheur National Forest is proposing vegetative treatment activities on about 26,300 acres of forested areas to move towards historic ecosystem conditions. Restoration treatment activities are proposed on forested and non-forested areas to improve other resources within the project area. Miles of open road in the subwatersheds would be reduced by 17% of current levels in order to reduce sediment in the area streams, reduce disturbance of wildlife species, reduce maintenance, and meet Forest Plan road density standards while meeting other management objectives. Malheur National Forest Supervisor Steven K. Beverlin is the Responsible Official for this project.

This project is subject to objection pursuant to 36 CFR 218, Subpart B. Objections regarding this project may be filed in any of the following formats: (1) Postal Delivery: Regional Forester, Objection Reviewing Officer, Pacific Northwest Region, USDA Forest Service, Attn: 1570 Appeals and Objections, PO Box 3623, Portland, OR 97208-3623; (2) Emailed to: objections-pnw-regional-office@fs.fed.us. Please put OBJECTION and the project name in the subject line. Electronic objections must be submitted as part of an actual e-mail message, or as an attachment in Microsoft Word (.doc), rich text format (.rtf), or portable document format (.pdf) only. E-mails submitted to addresses other than the ones listed above or in formats other than those listed above or containing viruses will be rejected. It is the responsibility of the objector to confirm receipt of objections submitted by electronic mail. For electronically mailed objections, the sender should normally receive an automated electronic acknowledgement from the agency as confirmation of receipt. If the sender does not receive an automated acknowledgement of receipt, it is the sender's responsibility to ensure timely receipt by other means; (3) Hand delivered to: Pacific Northwest Regional Office, 1220 SW 3rd Ave., Portland, OR 97204. Hand deliveries can occur between 8:00 AM and 4:30 PM, Monday through Friday except federal holidays; or (4) Faxed to: Regional Forester, Attn: 1570 Appeals and Objections at (503)808-2339.

Objections must be postmarked or received by the Reviewing Officer, Regional Forester, within 45 days from the date of publication of this notice of objection in the Blue Mountain Eagle and the Burns Times Herald. The publication date is the exclusive means for calculating the time to file an objection. Those wishing to file an objection to this decision should not rely upon dates or timeframe information provided by any other source. Issues raised in objections must be based on previously submitted specific written comments regarding the proposed project or activity and attributed to the objector, unless the issue is based on new information that arose after the opportunities for comment. The burden is on the objector to demonstrate compliance with this requirement for objection issues.

An objection must include a description of those aspects of the proposed project addressed by the objections, including specific issues related to the proposed project; if applicable, how the objector believes the environmental analysis or draft decision specifically violates law, regulation, or policy; suggested remedies that would resolve the objection; supporting reasons for the reviewing officer to consider; and a statement that demonstrates the connection between prior specific written comments on the particular proposed project or activity and the content of the objection, unless the objection concerns an issue that arose after the designated opportunities for comment.

The Responsible Official may not issue a decision for this project until the Reviewing Officer has responded to all pending objections. When no objections are filed within the 45-day time period, implementation of the decision may occur on, but not before, the fifth business day following the end of the objection-filing period.

The environmental assessment (EA) and draft decision notice can be accessed on the Forest Service Website at: <https://www.fs.usda.gov/project/?project=47364>. A paper copy of the documents or additional project information can be obtained by contacting Melissa Ward or Lori Bailey at the Emigrant Creek Ranger District office, 265 Hwy 20 South, Hines, Oregon 97738; 541-573-4300, or by email at comments-pacificnorthwest-malheur-emigrantcreek@fs.fed.us.
