NATIONAL FOREST TIMBER FOR SALE
MALHEUR NATIONAL FOREST

The OMCG Sale is located within T 15S R 28E section 13. The Forest Service will receive sealed bids in public at Malheur National Forest, Supervisor's Office at 10:00 AM local time on 11/08/2017 for an estimated volume of 12 CCF of Ponderosa Pine and other coniferous species sawtimber marked or otherwise designated for cutting. The Forest Service reserves the right to reject any and all bids. Interested parties may obtain a prospectus from the office listed below. A prospectus, bid form, and complete information concerning the timber, the conditions of sale, and submission of bids is available to the public from the Malheur National Forest, Supervisor's Office, 431 Patterson Bridge Road, John Day, OR 97845, or 541-575-3000 or visit our website at https://www.fs.usda.gov/resources/malheur/landmanagement/resourcemanagement. The USDA is an equal opportunity provider and employer.

101 Legal Notices

PUBLIC SCOPING NOTICE

The Emigrant Creek Ranger District of the Malheur National Forest is proposing the Emigrant Creek Ranger District Danger Tree Removal Project. The district wide danger tree removal project is located on the Malheur National Forest; Emigrant Creek Ranger District; in portions of the Silvies, Upper Malheur, Harney/Malheur Lakes, Upper John Day, Beaver/South Fork, and Silver subbasins; within Harney, Grant, and Crook Counties. The proposal includes removal of identified danger trees whose potential failure zone encompasses forest travel routes (two and four digit roads), campgrounds and other improvements and structures; some danger trees would be removed commercially, others would be cut down but left on site. The potential failure zone is the area that could be reached by any part of a failed tree. It's generally defined as a circle with a radius of 1 1/2 times the tree height or dislodged tree segment plus additional distance for ground slope and tree lean.

The project was developed in cooperation with the Harney County Restoration Collaborative (HCRC). The purpose of the project is to (1) provide for worker and public health and safety by removing danger trees along forest travel routes (two and four digit roads), campgrounds and other improvements and structures on the Emigrant Creek Ranger District; and (2) recover the economic value of danger trees as rapidly as practicable to maximize potential economic benefits consistent with reasonable protection of other resource values. An Environmental Assessment should form the basis for a decision. For more information about the proposed action, a scoping package can be obtained from the Emigrant Creek District Office in Hines, Oregon or on the Malheur National Forest website at https://www.fs.usda.gov/project/?project=52029.

This project is a non-fuels reduction act (HFRA) project, and is subject to the Project-Level Pre-decisional Administrative Review Process (Objection process) as identified in 36 CFR 218, Subparts A and B.

Individuals and entities (non-governmental organizations, businesses, partnerships, state and local governments, Alaska Native Corporations, and Indian Tribes) who have submitted timely, specific written comments regarding a proposed project or activity during any designated opportunity for public comment may file an objection. Opportunity for public comment on an Environmental Assessment includes during scoping, the 30 day public review period, or any other instance where the responsible official seeks written comments.

Written comments are those submitted to the responsible official or designee during a designated opportunity for public participation provided for a proposed project. Specific written comments should be within the scope of the proposed action, have a direct relationship to the proposed action, and must include supporting reasons for the responsible official to consider.

During this scoping phase of the NEPA process, we are seeking input, either verbal or written. We are interested in any site specific issues, concerns or opportunities that you think need to be considered in the development of this analysis.

Please submit your comments by November 24th, 2017 to Lori Bailey at 265 Highway 20 South, Hines Oregon 97738, or telephone (541) 573-4300. Comments may also be emailed to: comments-pacificnorthwest-malheur-emigrantcreek@fs.fed.us.
Thank you for your interest in the management of the Malheur National Forest.
