Pennsylvania man dies in ATV accident near Monument

Blue Mountain Eagle

An 83-year-old Pennsylvania man was killed in an ATV accident near Monument on Sunday.

According to a Grant County Sheriff's Office press release, David Johnson of Blanchard, Pennsylvania, was already deceased when first responders arrived at Manny Neal Road.

Dispatch took a report of a motor-vehicle crash on private property about 7:26 p.m. Deputy Damon Rand, along with Monument ambulance and fire, responded to the scene.

Rand learned the ATV had left the roadway for an unknown reason and traveled into a 12-foot deep ditch. The ATV then rolled and came to rest on top of Johnson. Speed and alcohol are not believed to be factors in the crash, the sheriff's office said.

I got screened for colorectal cancer. Now it's your turn.

Bryan Wolfe, Hermiston resident

According to research, Colorectal Cancer is the second deadliest of its kind. Screening for colorectal cancer can help you detect and engage in early intervention and treatment. Most people accept screening because they are encouraged by someone they know and trust.

So if you have been screened, please talk about your experience and encourage others to get screened as well.
