

Mrs. Sullivan's fourth-grade class

Dear Santa,
I appreciate the hard work you do for delivering presents all around the world, but can I ask you for just a few things this year? But, I actually have 9 things on my list, but here are only a few I really want. My number 1 is a camera to capture moments with my family, please and thank you. I would also like a bike to ride around town. Those are the things I would like the second most. The others are for everyone I know to have a happy Christmas. I would like for my dad to get new Hickory Shirts. My mom to get new kitchen ware. My brother wants an iPad. I don't know what my sister want though but it would probably make them happy though if you got them what they want. And I'll ask my mom to leave out some cookies out for you. Oh yeah, and I have been trying my hardest to be good and on my report card I got all A's and one B. So I would be happy at least if you could get stuff for my family or friends. But most of all that would make me happy if you

and all the people of the north pole had a good Christmas. Could you also tell the reindeer and Mrs. Claud I said hi. Also, why not the elves too!

Sincerely,
Laighney Dear Santa,
