

Valley View Assisted Living & Memory Care offers private apartments for those seniors seeking assisted living services. Daily activities are designed to encourage and engage residents with opportunities for socialization, along with mental and physical stimulation. Outings, entertainment and events bring visitors in and allow residents to entertain their family and friends.

Pets are always welcome to support a homelike environment as they bring companionship and joy to everyone.

Those diagnosed with memory loss find Valley View's secure Dementia Care wing offering all the warmth of family and the comforts of home in a setting that is both stimulating and secure. Each room is decorated with warm colors and comfortable furnishings, with generous closet space, and room for the kinds of mementos and heirlooms that foster a sense of connection to the past.

The secure courtyard is a must for each resident to enjoy the sun, fresh air, and the sights and sounds of nature, offering powerful therapies all their own.

Meals are a highlight of the day, with home cooked, tried and true recipes providing choice of entrée as well as some favorite "always available" items. The dining room is in the center of Valley View with large windows showcasing a wonderful view of the mountains to enhance the dining experience.

Services Include:

- 24-hour trained on-site staff
- Registered nurse for direct and delegated care
- Daily activities, exercise programs, and social events
- Weekly housekeeping and linen services
- 3 homestyle meals served daily with entrée options
- US Postal site in-house
