**Our community has made it possible to create new and wonderful recreation opportunities. JD/CC Parks & Recreation District with help from the City of John Day have recently opened a new playground and have plans for a new splash pad set to open this summer. Grant County Economic Council (GCEC) and Eastern Oregon Trail Alliance (EOTA) have led the effort with support from multiple public agencies to open a new bike park as well.... all at our beautiful 7th Street Sports Complex! With help from the Forest Service and EOTA, funding has also been received to complete the Magone Lake Trails. Along with all of these accomplishments the City is underway on recreation trails at the Innovation Gateway and has presented design concepts for the Gateway and Oregon Pine Mill Site that include an open-air community pavilion, an event lawn and parking for up to 75-vehicles. These are just a few of the projects that are in the works, none of which would be possible with the continued support of our community.**
