John Day, Oregon
Ragged Ruby Project
Notice of 45-day Objection Filing Period

The Malheur National Forest – Blue Mountain Ranger District and Umatilla National Forest – North Fork John Day Ranger District have prepared a draft record of decision and a final environmental impact statement for the Ragged Ruby Project. These documents are available on the Malheur National Forest website at: <https://www.fs.usda.gov/project/?project=49392>. Copies of the final environmental impact statement and draft record of decision are available at the Malheur National Forest Supervisor's Office/Blue Mountain Ranger District, 431 Patterson Bridge Road, John Day, OR 97845. Additional information can be obtained by contacting Sasha Fertig, Planner, 541-575-3061, sasha.fertig@usda.gov; or Bethany Parker, Planner, 541-575-3187, bethany.parker@usda.gov. The Ragged Ruby Project draft record of decision includes upland restoration activities (commercial and non-commercial thinning), aspen restoration, bat gate installation, prescribed burning, road maintenance for haul, temporary road construction, road and recreation system changes, designating wildlife connectivity corridors, and forest plan amendments. The Ragged Ruby planning area is located approximately 9 miles north of Prairie City, Oregon. The draft record of decision is subject to an objection process pursuant to Forest Service regulations at 36 Code of Federal Regulations (CFR) 218. The regulations at 36 CFR 218 provide an opportunity for individuals and organizations to file an objection to a project before the final decision is signed. This allows interested individuals and organizations to share their concerns regarding the decision with the deciding official before the final decision is made. Objections will only be accepted from individuals and entities as defined in 36 CFR 218.2 who have previously submitted specific written comments regarding the proposed project during either of the 30-day scoping periods or the 45-day comment period on the draft environmental impact statement in accordance with 36 CFR 218.5(a). Issues raised in objections must be based upon previously submitted timely, specific written comments regarding the proposed project, unless based on new information arising after the designated comment opportunities.

Objections, including attachments, must be filed via mail, fax, email, hand-delivery, express delivery, or messenger service (Monday through Friday, 8:00am to 4:30pm, excluding Federal holidays). Objections may be mailed to: Glenn Casamassa, Regional Forester, Objection Reviewing Officer, Pacific Northwest Region, USDA Forest Service, Attn: 1570 Objections, PO Box 3623, Portland, OR 97208-3623. For emailed objections, email: objections-pnw-regional-office@usda.gov. Please put OBJECTION and the project name in the subject line. Electronic objections must be submitted as part of an actual e-mail message, or as an attachment in Microsoft Word format (.doc), rich text format (.rtf) or portable document format (.pdf) only.

For electronically mailed objections, the sender should normally receive an automated electronic acknowledgement from the agency as confirmation of receipt. If the sender does not receive an automated acknowledgement of receipt of the objection, it is the sender's responsibility to ensure timely receipt by other means. Objections may also be hand-delivered to the Pacific Northwest Regional Office, 1220 SW 3rd Ave., Portland, OR 97204, between 8:00am and 4:30pm, Monday through Friday (excluding Federal holidays). Objections may also be faxed to: Regional Forester, Attn: 1570 Objections, at 503-808-2339.

Objections must be postmarked or received by the Reviewing Officer, Regional Forester, within 45 days following publication of notice of the objection filing period in the Blue Mountain Eagle, John Day, Oregon. The publication date in the Blue Mountain Eagle is the exclusive means for calculating the time to file an objection. Those wishing to file and objection should not rely upon dates or timeframe information provided by any other sources. The regulations prohibit extending the time to file an objection. The regulations prohibit extending the time to file an objection.

Specific directions on how to file an objection are provided in 36 CFR 218.8 (see <https://www.ecfr.gov>). The objection must contain the minimum required content requirements specified in 36 CFR 218.8(d) and incorporation of documents by reference is permitted only as provided in 36 CFR 218.8(b). It is the objector's responsibility to ensure timely filing of a written objection with the reviewing officer pursuant to 36 CFR 218.9. All objections are available for public inspection during and after the objection process.

Objections will be subject to review by a "reviewing officer." Because the responsible official for the Ragged Ruby Project is the Malheur National Forest Supervisor, Craig Trulock; the reviewing officer will be the Regional Forester.

The objection process may include an opportunity for the objector to meet with the reviewing officer and responsible official, with the objective of resolving the concerns expressed in the objection. The responsible official cannot sign the final decision until the reviewing officer has responded in writing to all pending objections, and the decision must be consistent with any instructions issued by the reviewing officer. After the objection process concludes, there will be no additional opportunity for administrative review or appeal. The final decision will be the final administrative decision by the agency.
