

HELP THE BLUE MOUNTAIN HEALTHCARE FOUNDATION CONTINUE TO IMPROVE HEALTHCARE IN GRANT COUNTY WITH YOUR END OF YEAR GIFT.

ALL DONATIONS ARE TAX DEDUCTIBLE!

HISTORY

The Blue Mountain Healthcare Foundation is a local nonprofit organization, run by a board of Blue Mountain Hospital District employees, local business owners, and community members who are passionate about healthcare in Grant County. Their mission is to provide financial support for healthcare improvements in Grant County in order to build a brighter future for our community and to keep our friends, family and neighbors close to home for their healthcare needs.

The Healthcare Foundation was founded in 1999, and over the years has provided significant financial support to the Hospital District. Some of the items the Foundation has helped fund include; a new ambulance, cardiac monitoring equipment, new hospital beds, updates to the Care Center, a new nurse call system, and many more pieces of equipment and programs.

GOALS

The biggest goal of the healthcare foundation is to reach \$1 Million in the Foundation's Endowment Fund. This will allow for permanent support and additional funding to the Hospital District for years to come. Through gifts from our incredible community, and funds raised from our events throughout the year -we can get there! The Foundation is currently working to raise money for a new 3D Mammography Machine for the Radiology Department at BMHD through grants and donations. If you'd like to help expedite this important upgrade for our community, donations of any size are greatly appreciated.
