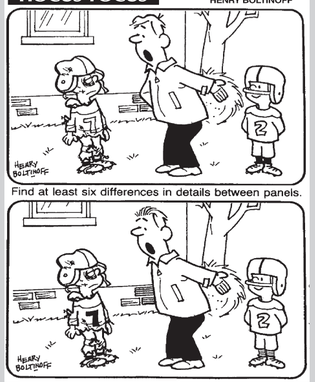
GAME ANSWERS LOCATED IN CLASSIFIED SECTION

HOCUS-FOCUS

BY HENRY BOLTINOFF



Find at least six differences in details between panels.

MAGIC MAZE ● SHORT QUESTIONS

Find the listed words in the diagram. They run in all directions: forward, backward, up, down and diagonally. Unlisted clue hint: ASKING FOR THE PRICE

For what? From where? Happy? Is it? May I? Really? Right now? Shall I? Shall we? What's up? When? Which way? Who? Why not? Would you?

GO FIGURE! by Linda Thistle

The idea of Go Figure is to arrive at the figures given at the bottom and right-hand columns of the diagram by following the arithmetic signs in the order they are given (that is, from left to right and top to bottom). Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.
