IRON TRIANGLE, LLC

John Day, OR

Program Overview: Our members volunteer time and resources in support of GU sports and activities. All funds raised are intended for use in the enhancement of GU facilities, equipment, and other aspects of extracurricular activities offered to GU students. The booster club donates to programs in response to specific requests submitted by individual programs or clubs, or as decided by voting members. The club awards two scholarships each year to one girl and one boy chosen from applicants submitted by graduating seniors from Grant Union.

Mission Statement: To support, promote, and raise funding for all activities and sports programs of Grant Union Jr/Sr High School.

Our aim is to encourage and enhance participation with enthusiasm and positive involvement from the community. This involvement consists of volunteer services and financial support to foster the development of activities of the highest standards.

Vision: To aid not only in maintaining high quality activities and programs offered to GU students, but to contribute to the enhancement of such programs through volunteer service and fundraising efforts.

Giving Opportunities: Anyone interested in becoming a member is encouraged to do so! Contact huerta@granted.k12.or.us or 541-390-2687.
