REQUEST FOR QUALIFICATIONS FOR CONSTRUCTION MANAGEMENT/GENERAL CONTRACTING SERVICES

Monument School District is soliciting proposals from qualified individuals/firms to provide Construction Management/General Contracting (CM/GC) services for the construction of a tiny home located in Monument Oregon:

A. MINIMUM REQUIREMENTS:

Notice is hereby given to all interested parties that all respondents will be required to meet minimum qualifications to be considered for this project. To be considered as qualified, respondents shall have, as a minimum:

1. Provide a brief overview of your firm's last (4) completed CM/GC projects of \$100,000 or more. Information on these projects should include the following:
 - a. Name of the owner, contact person, and current phone number;
 - b. The architect, contact person, and current phone number;
 - c. Location of the project and completion date;
 - d. A brief description of the project;
 - e. Final contract amount and total amount of change orders; and
 - f. Total project claims going to litigation/arbitration.
2. Demonstrated history of successful completion of CM/GC projects in Grant County;
3. Provide your understanding of the local environment and challenges associated with smaller Communities.
4. Provide a list of capabilities in regards to working with kids within a school district to provide educational experiences.

B. SCOPE OF SERVICES:

The scope of services will include assistance to the Architect/Owner during the design process, construction, and warranty periods. Specific tasks to be performed by the Construction Manager/General Contractor (CM/GC) prior to construction are described in the pre-construction services scope of work in Section VI. A Guaranteed Maximum Price (GMP) will be required after completion of the 100 percent design construction documents. Construction costs for the Monument School District Tiny Home is currently estimated at \$130,000. This includes design fees.

C. PROJECT DESCRIPTION:

The goal of the project is to construct a 600 SF wood framed Tiny Home in Monument, OR. The Owner must receive requests for changes prior to the deadline established in the schedule set forth in the following Sections below. Any clarifications or revisions will be addressed and issued in addenda. Proposals must be received by October 7th, 2022 @ 2:00PM, at which time the acceptance of proposals will be closed, and all proposals then received will be opened, but not read. Proposals submitted will remain confidential in nature until a notice of intent to award has been issued by the Owner.

Proposer shall submit their respective proposals electronically to the owner, Laura Thomas, at thomasl@grantesd.k12.or.us no later than the time indicated above. The Owner may reject any proposal not in compliance with all prescribed public contracting procedures and requirements, including the requirement to demonstrate the proposer's responsibility under ORS 279C.375(3)(b), and may reject for good cause all proposals upon a finding of the Owner that it is in the public interest to do so. A proposal may not be received or considered by the Owner unless the proposer is Monument School District Tiny Home Project registered with the Oregon Construction Contractor's Board at the time of submission. Failure to register will be sufficient cause to reject a proposal as non-responsive. No proposal will be received or considered unless it contains a statement by the proposer that the successful proposer and all subcontractors agree to be bound by and will comply with the provisions of ORS 279C.838, 279C.840 or 40 U.S.C. 3141 to 3148, as applicable.

By submitting a proposal, the proposer certifies conformance to the applicable Federal Acts, Executive Orders and Oregon Statutes and Regulations concerning Affirmative Action toward equal employment opportunities. Each proposal shall contain a certification that the proposer has not discriminated, and will not discriminate, against minority, women or emerging small business enterprises in obtaining any required subcontracts. The Owner is an Equal Opportunity Employer. Women and minority businesses are encouraged to apply for this contract.

D. STATEMENT OF WORK

The intent of this CM/GC contract is to form a partnership with the Owner, the architect, and the contractor, moving towards the common goal of a successful and cost-effective project. Project goals related to construction of the project include:

- Provide a tiny home that allows for efficient and effective use of funding.
- Minimize inconvenience to the public by minimizing construction time and delays.
- Maximize innovation to provide increased quality and performance within the project budget.

A key role of the contractor is to help acquire information to reduce risk. The project team relies on the expertise of the CM/GC to deliver a better product in less time and at a lower cost than design-bid-build construction processes.

1. The CM/GC should be prepared to bring the following expertise to the project during the design phase:
 - a. The skills and knowledge to estimate the quantities of materials, labor, and equipment needed to construct the project and an understanding of the availability, cost and capacities of these resources.
 - b. The skills and knowledge to determine the tasks (work breakdown structure) needed to complete the project and estimate the costs, duration, and sequence of these tasks.
 - c. The skills and knowledge to identify potential risks (including financial risks) and methods to mitigate them during the design process.
 - d. The skill and knowledge to evaluate the constructability of the project design, providing feedback throughout the design process.
 - e. The CM/GC will prepare several levels of budgeting, estimating and pricing appropriate to established levels of design, and should continue to refine cost estimates as the project progresses through the design phase with input provided to the project team on clarifications needed to reduce risk and allowances for contingencies. Deliverable estimates to be provided for Schematic Design, Design Development, and Construction Documents.
 - f. A work breakdown structure for the project developed in accordance with industry best practices. The latest edition of Practice Standard for Work Breakdown Structures is a universal standard for preparing work breakdown structures. Each task in the work breakdown structure should meet the following requirements:
 - i. The task can be performed by a crew type.
 - ii. The quantity of work in the task can be measured with a single unit of measure, such as cubic yards or square feet.
 - iii. The task has a predictable duration, but not necessarily fixed.
 - iv. The following should be provided for each task in the work breakdown structure:
 1. The preliminary quantity estimate.
 2. The preliminary cost estimate.
 3. The preliminary duration.
 4. The scope of work for each task.
 5. A preliminary schedule for the project.
 6. The project overhead needed to complete the project.
 - g. When the 100 percent project plans and specifications are complete, the contractor will prepare and submit a Guaranteed Maximum Price proposal.

E. PROJECT SCHEDULE
