Where's the bus? Now you'll know

Sunset Empire Transportation District has launched a new smartphone application to help riders find out where their bus is.

Using "Transit App" and Google maps, riders can track their next bus, access real-time transit information and bus locations as well as real-time trip planners so riders can make price and travel-time decisions.

Those with smartphones can go to the Apple iTunes store or Google Play and download the "Transit" app.

Those without a smartphone can call 971-701-2224, enter the bus stop number and they will be given the next real-time arrival for the route.

"The district is very excited to bring real-time information to our riders," Executive Director Jeff Hazen said. "We know it will make traveling on SETD buses much easier and more enjoyable."
