ist, hazardous materials testing, special inspections and testing, systems commissioning, and building envelope design (a building's envelope is the physical barrier between the "conditioned" environment and the outdoors).

Using a construction manager is expected to save the district money and has been utilized by other districts including Astoria, Tigard, Beaverton, Portland Public, Salem Keizer and a dozen others in the region. Yet the decision to

Elk: Mayors to develop solutions with state help

toward pedestrians and joggers and place well-meaning but misguided residents and tourists in jeopardy when they feed or attempt to take selfies with the animals.

Last December, a Coast Shuttle driver who'd stopped to let elk cross the road had their car smashed when one of the animals suddenly turned and walked up over the hood, windshield and roof.

Balensifer, who held a town hall meeting on elk problems two years ago, was pleased the state is recognizing the extent of the problem.

"It means better cooperation from state agencies and resourcing from the governor," he said.

Oregon Solutions will assess the merits of the collaborative process in identifying solutions to reduce hazards

School board members Len Mossman and Greg Morrill listen to a proposal to hire a construction manager.

go with a construction management services contract requires board members to sub-

mit findings to the state that it will work better than the more traditional competitive bidding process. The construction manager will be required to keep the project on a tight schedule to ensure the new middle school opens in August 2021. They'll also be responsible for overseeing the replacement of siding at the grade school during summer 2020.

The company must identify local contractors and supplies before starting any bid process.

enthusiasm in working collaboratively," the governor wrote. "While there have been years of discussion on the subject, establishing a collaborative process ... will realize the positive results desired."

to people, pets, and property. Balensifer and Barber will lead a multi-agency and stakeholder evaluation process and prioritize strategies to solve the problem. "I am pleased to see your en-

thusiasm in working collaboratively," the governor wrote. "While there have been years of discussion on the subject, establishing a collaborative process ... will realize the positive results desired."
