## COVID: More people eligible for vaccines on Monday

made based on age – 64-year-olds first, then 63-year-olds, and so on.

To get an appointment, go to the county's website, [co.clatsop.or.us](http://co.clatsop.or.us), and click on "COVID-19 vaccine survey." The county will contact those who've taken the survey by email when a vaccine is available. No internet? Call 503-325-8500.

The state revised its eligibility schedule based on expected increased vaccines available from the federal government.

About 58 percent of Oregonians age 65 and older have been vaccinated.

By May 1, the state expects to have enough vaccine available to provide shots to everyone 16 and older, Oregon Health

Authority announced.

The county is receiving small deliveries of the one-dose Johnson & Johnson vaccine, but has reserved it for people with mobility challenges or other barriers to accessing vaccines through the regular clinics.

"We urge people to take the first available vaccine, and not put off getting vaccinated in the hope of getting the Johnson & Johnson vaccine," said Margo Lulich, Clatsop County Public Health director.

If you need a ride, contact NW Rides at 503-861-0657, Sunset Empire Transportation District at 503-861-7433, Medix at 503-861-1990, or K&M Medivan at 503-791-4347.

As of March 24, 13,000 vaccine doses have been administered in the county, either

through the county's Vaccine Task Force or by pharmacies and other providers.

Statewide, more than a million people have been vaccinated, the health authority announced Wednesday.

### MOVE VACCINATORS

Oregon Health Authority has expanded the list of people who can administer COVID vaccines as permitted under the Public Readiness and Emergency Preparedness Act approved by the federal government recently and adopted by the state.

New vaccinators include certified nursing assistants, dentists, emergency medical technicians, optometrists, pharmacists, phlebotomists, veterinarians, and respiratory therapists.
