Letter to the editor

Do your part for return to normal

I listened to the League Of Oregon Cities conference call on Friday (April 23), and noticed something unusual.

Our Democratic governor's representative asked for the two same exact "pivotal" actions that the Alaska Republican governor has asked of his state in our battle against CV19: One -- the need for people to wear masks, and Two -- the need for people be fully vaccinated.

Please do your part to help things return to normal; we certainly need to be ready for the employment, and money, that summer tourists can bring to our area.
