CCC students can wipe out debt

Clatsop Community College has established a debt-elimination program for unpaid student account balances.

The program affects students who were enrolled when the pandemic was declared in March 2020 through spring term 2021.

More than \$408,000 in outstanding student debt due to the college is eligible to be wiped from CCC student accounts. Funding comes from the one-time Higher Education Emergency Relief Fund awarded by the U.S. Department of Education.

The college is writing to students whose education was interrupted by the pandemic informing them of the oppor-

tunity.

Students must respond quickly. The deadline for students to return a signed approval for the use of the funds on their account is Friday, Aug. 27.

Students who didn't receive letters or who have questions should call 503-338-2411.

"Many of our students experienced tremendous financial hardships last year due to the coronavirus pandemic, and we hope that forgiving current unpaid student account balances will help alleviate some of their financial burdens and allow many to continue their education," said Jerad Sorber, vice president of student success.
