

GRANT'S PASS COURIER.
Official Paper of Josephine County, Oregon.
FRIDAY, MAY 28, 1886.
Local and Personal.

Work has commenced on the foundation of the jail.

Bubble social at Mensor's store building to-night.

Wimer's hotel at Waldo is for rent on favorable terms.

W. A. Hunter, we are sorry to say, has been having the a pte.

Remember the Episcopal festival next Friday evening, June 4.

The Pulman service on the O. & C. between Albany and Portland has been restored.

Born—Near Grant's Pass, May 17, to the wife of J. R. Hunsaker, a son. Weight 10 pounds.

A nugget weighing \$30 was recently picked up by Mr. McDonald on Wagner creek. It is said to be a beauty.

P. McMillan and family have the sympathy of the community in their sad loss, by the drowning of their beloved son.

On Monday morning last the engine at the mill broke down, consequently some of the hands are laying off this week.

Thos. Gilmore of Waldo came in to see us on Saturday last. He reports the miners in that section preparing to clean up.

Dr. S. Harmon, oculist and optician, from Atlanta, Georgia, will visit Kerbyville and Waldo next week. Don't fail to see him.

The S. P. D. & L. Co., are erecting a telephone from their office to the mill. This will prove quite a convenience, as well as an ornament to the town.

Mr. Bryhan, of Waldo, writes: Chinatown is full of chinamen and women, and more coming every day. This morning a fire broke out in chinatown which camp very near getting beyond control.

Dr. Hinkle, one of the most successful physicians in the valley, has just opened a drug store at Central Point with a full stock of goods. He will continue the practice of medicine notwithstanding.

Mr. I. Salomon, having retired from the hatching business, is now dealing in all kinds of hides and furs. Parties having anything in his line should give him a call. See his "ad" in another column.

Willis York of Applegate, was in town Monday. He is just recovering from an attack of scarlet fever. His children—five of them—have been sick with the same complaint, are now about well.

Charles Nickell, of Jacksonville, has been nominated by the Democrats for State printer. Charles, accept ovals congratulations, dear boy. Beware up and troy and be a man, you know, for a change.—Yreka Union.

Walter Burch left town Monday for Grave creek, taking with him Lady May a mare with some record as a runner, which he and Mr. H. D. Harkness traded for at Crescent City. This mare is said to be very fleet on a half-mile heat.

The California & Oregon road is rapidly advancing to the Oregon line and the O. & C. must soon start out to meet it. The people of Southern Oregon will hail with gladness the "driving of the last spike" which connects these two most important roads.

In another column will be found the advertisement of Dr. S. Harmon, the oculist and optician from Atlanta, Georgia. The Dr. will be here until June first, and comes highly recommended. Parties suffering from any disease of the eyes should not fail to see him.

Hon. J. C. Carson, of Portland, with his usual pleasant smile gave us a call Monday. Mr. Carson is one of the parties interested in the ash and door factory, at this place, and we are glad to know he is much pleased with the success already attending their enterprise.

Four miles south of town on last Tuesday while driving along the road we saw a huge coyote standing by the road-side. Having no arms with us we "canted" our hat up on the northeast corner of our combative bump, (not exactly cowardly) gave him "the wink" and passed on.

Mr. G. A. Wilpert of Applegate, has 80 acres of land to sell. His "ad" will appear in next week's Courier. The land is ten miles from Grant's Pass on the west side of Applegate river; 8 acres in cultivation; 1 acre in grapes; 5 acres in choice fruit; 15 acres in fanned; new house; a water right, etc. All good land.

The recklessness with which the boys approach the moving trains is truly appalling. If their parents do not put a stop to it there will ere long be a mangled corpse of some beloved one to be carried to its mother's arms for burial. We make this rather impressive because we know of the imminent peril these boys are in.

The Grant's Pass Cornet band this week let the contract for building their new hall 25x50 feet. It will be built on the lot adjoining William Spear's paint shop. They expect to have it completed before the 4th of July. The hall will be used for all public gatherings, and is a very commendable enterprise on the part of the members of the band.

During the past few days quite a number of people have visited the Corcoran office, and have examined the new Gordon press, and flattered it by saying "it is very nice," etc. That's just what it is, and our stationery and other material is not to be excelled. Neither will be the work we are doing. Send in your orders for anything in the job printing line.

"Bob" Allen, who was up from there on Wednesday, informs us that a post-office has been established at West Fork, and christened Hermann. J. W. Gilmore is the P. M. We also learn from "Bob" that Mr. Volk, road-master, has this week received a new Sheffield velocipede. Mr. Volk has charge of the second division of the O. & C. road, from Roseburg south.

On last Sunday night the north bound train from Ashland changed time arriving here at 11:55 p. m., instead of 10:10 p. m. as before. This change was made so as to accommodate the stages between the end of the C. & O. R. R. and Ashland. The train runs faster between here and Roseburg than it did by about an hour and a half, so that it arrives in Portland on time.

The Ladies Union Aid Society will hold a fair and festival, in connection with the Bubble party at Mr. Mensor's new store building, Friday evening, May 28th. Among the attractions will be, prizes for the largest and smallest bubbles blown, ice-cream and lemonade, sold by "Rebecca at the well." A cordial invitation is extended to all. Admission, at the door 10 cents.

A correspondent writing to the Ashland Tidings from Langell valley, says: The young wild cat recently captured by Henry Vinson is doing well. It is now at the post office under the maternal care of a tame baby who, having lost her own offspring, on hearing the little orphan's cry picked it up and carried it off to her bed, and seems to think as much of it as if it were her own.

The republican and democratic candidates for county offices have returned from an electioneering tour in the southern part of the county. Judging from the reports they bring, some of the sanguine ones will be sadly disappointed one week from next Tuesday. Better not count the votes in Josephine county this year until they are cast, as important changes are daily occurring.

The Jackson county Republican convention held at Jacksonville, May 16th, placed in nomination the following candidates for county officers: State Senator, E. P. Geary; Representatives, W. C. Myer and J. H. Griffin; Commissioners, A. C. Carlson and H. Ammerman; Clerk, M. L. Alford; Sheriff, J. G. Birnbove; Treasurer, A. H. Maegly; Assessor, G. M. Leary; Surveyor, M. L. McCall.

It is stated by those who pretend to know, that there is not twenty votes difference in the status of the parties of this county; hence a close vote may be looked for. That no injustice may be done to the public welfare, voters be careful who you "scratch" on the day of election. See to it that the most worthy candidates, in every particular, gets your vote. Politics is a very small consideration in the selection of county officers.

We notice a goodly number of movers and campers in and about our town. Whilst we admit that diversity of opinion is invaluable as one of the fundamental principles of human improvement, and while we believe that genius and invention to a great extent comes from a dissatisfaction of the mind, yet we think that these principles may be carried too far. It is a man's duty to get settled down as quickly as possible, and build him up a good comfortable home for his family.

The "ad" of Mr. J. H. Robinson will appear in the next issue. Mr. R. proposes to found a temple of learning near Wilderville, called the Eureka High School. Mr. R. is a teacher of merit having taught in different school districts in the county, in each case giving good satisfaction. We hope his school may prove prosperous and profitable. We will say in addition, that upon examination of Mr. Robinson's recommendations we have no hesitancy in saying that we consider him fully competent to teach, the higher branches proposed, as will be seen in his "ad."

There seems to be a scarcity of many farm products here at present. Wheat cannot be had at 75 cts. per bushel, yet it is one of the staple crops of the country. Eggs command 20 cts. per dozen but cannot be had at any price, yet this is one of the best countries for poultry. Potatoes have to be shipped up by rail from the valleys north of us, notwithstanding we can raise as many and as fine potatoes here as those people from whom we are now buying. A great many of the farmers complain that they have no market, when in fact they have nothing to sell.

Festival.
The ladies of the Episcopal Aid Society will hold a strawberry and ice-cream festival at the Old Fellows hall, on Friday evening June 4, 1886. As the ladies will furnish the refreshments within their own facilities, and consequently have not asked the citizens to assist in that way, they do ask them to patronize them on that occasion. Admission to hall, 10 cents.

Immigrants.
To see an old fashioned immigrant train is not a common thing, but on last Saturday we actually beheld such a primitive relic on our streets. There were two ox teams moving at a "snail's gait," the cattle pushing against each other, their tongues almost lolling out from heat and thirst. The driver of the front team, the young man, just mentioned, the other driver, a woman, with feet hanging over the dash board, a band of cattle in the rear followed by two boys and a one-legged man on crutches. The wagons were covered low, and looked as though they had come "the plains across." With all this, these people may be as happy as the "Lords of the land," and they may have as good land as big hearts as those who boast of the luxuries of life.

Grand Lodge Installation, I. O. O. F.
The grand lodge of the independent order of Old Fellows, of Oregon, held its annual session at The Dalles during the week, at the conclusion of which the following officers were duly installed to serve for the ensuing term: G. M. R. Alexander, of Pendleton; D. G. M. H. E. Bosch, of Portland; G. S. J. M. Bacon, Oregon City; G. T. J. G. Wright, Salem; G. W. C. L. Palmer, Baker City; G. M. T. O. Ford, Roseburg; G. C. D. E. Buchanan, Portland; G. H. J. T. Steward, East Portland; G. G. F. W. Henley, Eola; G. C. Rev. W. G. Simpson, Ashland; C. J. S. Walton, T. J. Smith and C. L. Palmer. A. N. Campbell of Portland was elected representative to the sovereign grand lodge, which meets in Boston in September. East Portland was selected as the place for holding the next annual session.

Wanted.
One hundred thousand good shingles by the Sugar Pine Lumber Co., at Grant's Pass.

Col. T. R. Cornelius.
On Thursday evening last it was announced by telegraph that the Republican State nominees would be here on the north-bound train from Ashland, and would address the people of Grant's Pass. When the train arrived they were met at the depot by quite a crowd, accompanied by the Cornet band. A huge bonfire also greeted them. When the train stopped Col. Cornelius appeared on the platform of one of the cars and spoke as follows:

FELLOW CITIZENS:—Like my opponent, I can truthfully say I am not a public speaker, I can say, too, that my nomination was undesired and unexpected. When I started out in this canvass I intended to meet as best I could present myself. I did not intend to go over again the old ground that I have left behind—the old ground of the past. I have always been plain and open in my opinions and convictions upon these questions, but I have considered them to be mainly settled now. But my opponent, Mr. Penoyer, has assailed my record as a member of the legislature of 1870.

For twenty years I was called upon to act as one of the representatives of the people of Oregon in their legislature, and I take it as a source of satisfaction that in the record of this whole period, Mr. Penoyer can find but three votes of mine to which he can raise objection. Mr. Penoyer has told you that he respects me as a man but doesn't like my record as a politician. I can say the same of him. He and I have always differed widely in our political views in the past, and we differ to-day. He wants the state to build a railroad around the Cascades. I want the national government should furnish the money to complete the canal and locks, and save to the state of Oregon an expenditure of \$300,000. His course in training with the firebrand agitators in Portland is open to the charge that he is entering to that element to catch votes. I ask no votes from any element that encourages violence or lawlessness. My way of riding this country of the Chinese evil is not to have anything to do with them. I employ a great many men, but never a Chinaman. Certain newspapers of Portland have made the charge that I am a "ring candidate." This charge is simply false, and it has no foundation whatever. I encourage no combination with any men or any ring to secure my nomination, made no promises to any man, and have not done so since my nomination. If elected I shall be free to execute the laws of Oregon, undisturbed by promises to any class or any faction.

After a few sound expressions concerning his views on the tariff and other leading questions of importance, the conductor announced "all aboard," and the train moved away from the depot amid the shouts of those assembled to see Mr. Penoyer's competitor for the governorship of Oregon.

Grant's Pass High School.
MONTHLY REPORT.

To the patrons and friends of the school, we submit the following report for the first month of the term. In so doing, we desire to express our obligation to the publishers of the Courier, who have kindly tendered the use of their columns for the purpose. The whole number of students enrolled in the academic department, is 56. The whole number enrolled in the primary department, is 91. Average daily attendance in academic department, 54. In primary department, 82½. The following names being those whose deportment and punctuality is perfectly satisfactory, are inscribed upon the

ROLL OF HONOR.
Frederick Thornton, Ray Everett, Elmer Colvig, Fred Mench, Willie Sillinger, Harry Dimick, Edna Dimick, Edna Hyde, Alice Everett, Ola Wilson, Bertha Wall, Emma Kumage, Jessie Gilman, Maggie Casey, Lucella Brouwer, Inez Rich, Kittie Thornton, Alice Smith, Maud Yokum, Ida Colvig, Alice Ford, Ellen Adams, Orrie Wimer, Carrie Farr, Rose Galvin, Daisy Ferry, Annie Hyde, Minnie Hutch, Olive Orr, Maggie Steelman, Dora Vicars, Edith Williams, Eva Sillinger, Dick Bland, Willie Everett, George Ferry, Willie Hamlin, Gray Hamlin, Fred Royal, Tom Robertson, John Thornton, Fred Robertson, Frank Williams.

H. L. BENSON, GERTIE POLLOCK, Principal. Assistant.

Of Interest to the Northwest.

WASHINGTON, May 23.—The minority of the public lands committee have reported the bill for forfeiture of the railroad land grant between Portland and Wailuku, and protecting the rights of settlers. This is virtually the Hermann bill for this purpose. Cobb, chairman of the committee, in reply to Mr. Hermann, insisted on forfeiture of the whole grant west of Bismarck, and declines to favor the minority bill, even with a proviso that forfeiture of the Columbia division shall not prejudice the claim of a waiver of further legislation as to attempted forfeitures of the remainder of the grant. In the same reply the chairman expresses the opinion that the wagon road grants patented and unpatented, are forfeitable. Replying to Hermann's assertion that settlers are being discouraged at the delay of the committee, he stated that the committee had an immense work before it, and must consider each bill in its regular order.

Congressman Hermann has consulted the engineer department as to work on the upper Willamette to Eugene City, and assurance was given that the new steam dredge provided for in the lower Columbia appropriation of \$100,000, will be used partly in service on the upper Willamette, and that such work will be done between Harrisburg and Eugene City.

Vacant Land.

We desire to call the attention of those who wish to locate claims on government lands to that portion of the county south and west of this place. Throughout all of the county south of Hay's hill there is an abundance of good lands suitable for farms, and we can say that we have seen more such of this land and know that if men wish to work they can make good comfortable homes thereon.

There seems to be a disposition to settle along the line of the railroad, for that reason the lands lying inland are being interiorly ignored. These lands are in the midst of a good mining and stock raising country, and are in a good climate free from crop failures, devastation by floods and cyclones. There is room in Josephine county for at least six hundred more settlers upon new lands than we now have, but they must be men of thrift and economy. With these essential prerequisites their success is assured.

NOTICE.

Notice is hereby given that the undersigned, J. H. Ahlf & C. F. Mosser, have formed a co-partnership, to exist under the firm name of Ahlf & Mosser, doing business as butchers, in the town of Grant's Pass.

C. F. MOSSEY,
Grant's Pass, April 26, 1886.

GOLD HILL NEWS.
May 24.
L. D. Brown, who lives his quartz mill running in about 10 days.

Winter sown grain looks well, but unless there should be more rain, late sown wheat will be light. Business at this place is improving rapidly.

A large quantity of lumber will arrive on the freight train to-morrow for the rebuilding of Chavner's bridge, and new work on Mr. Ganiard's flouring mills.

Eastern lumbermen are making inquiries in regard to the timber up Rogue river, and the splendid water power that stream would afford with a small expenditure of money.

The Sunday School, Literary society and social dances flourish here. The young people of Sam's Valley, Gold Hill, and vicinity are sure to enjoy themselves whether times are hard or lively.

There will be a grand 4th of July celebration at Gold Hill. The people of Sam's Valley, W. Salville and here will meet together near town on the river. Pledges with programme will be out next week.

Work is progressing on the iron mine, which will be thoroughly opened, so that millionaires, who wish to invest in that kind of property, may readily see the wealth of unexcelled iron ore so near at hand.

The tramway from Burrage & Pomeroy's line quarry is completed, and large quantities of lime stone are shipped every week. The proprietors intend to burn lime for the local demand, and to export as soon as there is sufficient call for it.

A man who has practiced since 1870 and has met with great success. My way is to do in the way of an oculist. Cases that I cannot cure there will be no charges. Anyone suffering from sore eyes, weakness of eyes, or eyes that run water or granulated lids, where the case is possible I guarantee a cure.

DR. S. HARMON.
9-61.

The Crops.
From the best information we can gather from the different sections of Southern Oregon we are of the opinion that crops of all kinds will be larger this year than last, and that the fruit crop will be far in excess of last years crop. There has of course been some damage to fruit by frost but we believe it is much lighter than was at first supposed. We have orchards and gardens which have been affected by frosts, but think that the damage is light as compared to last year. We may therefore expect to see hay, grain, vegetables and fruits command a more reasonable price after harvest than now. It will be far better for the farmer to raise large crops and sell them at fair prices than to have exceedingly high prices with nothing to sell. Of course we, with all who depend on the farmer, and much of our success in business, would like to see him raise large crops and then be able to sell them for round prices.

A Complaint.

Dr. James Spence called in on Sunday. He attended the annual session of the Grand Lodge I. O. O. F., bearing credentials from Kerbyville lodge. From him we learn that during the past year Kerbyville Lodge has expended for construction of a lodge-room and other expenditures, over \$2,600. They have 56 members in good standing. We also learn from Doc that Grand lodge I. O. O. F. Lodge, has granted a charter by the Grand Lodge.

Mr. Spence complains bitterly that in his travels, whether on the cars or in the hotels, he was unable to obtain a good ready to drink of pure water, and that only at the saloon bars, and that in going to the bar for a drink of water, a man is expected to buy a stronger drink before he leaves. Said he could not get a good drink on the cars only in the Cox creek canyon. This should be remedied. Good drinking water can and should be provided on the trains and at the hotels.

Accidents—Crop Prospects, Etc.

Writing from Mount Ranch, under date of May 24, Elder M. Peterson, says: Dr. Aldkins, of Medford, was thrown from a pony on Saturday, and had a rib broken. He was feeling some better last evening.

The prospects for grain crops throughout the valley are very good. We have been having wind at intervals for several days that is drying the ground, and will shorten the straw somewhat.

A sad accident occurred upon Little Butte creek last Friday. Martin Heekstra was riding a young nag which fell back on him, killing him. He only lived two hours. He was buried at Brownborough on Saturday.

Social Party.

A social party and dance will be had at the Stanley hall, Woodville, on Friday night, May 28, for the benefit of the Woodville school furniture fund. Tickets, \$1, to be had at the post-office, Woodville.

Pioneer Re-union.

The 10th annual re-union of the Pioneer Society of Southern Oregon, will be held at Ashland on Thursday, the 3rd day of June 1886. S. Day, secretary.

MARRIED.

ROGERS—JORDAN.—At the residence of the bride's parents, on Sunday, May 23d, 1886, at 5:30 p. m., W. J. Rogers, to Miss Alice Jordan; both of this place.

The number of invited guests was very large, many of whom could not get into the room. The large number of handsome presents bestowed upon the happy pair indicate that they start out in their new life with the best wishes of a large circle of friends who wish them all the joys and comforts incident to future happiness and prosperity. The Courier extends hearty congratulations.

For Sale or Trade.

We have now on hand three No. 6 combined reapers and mowers; one No. 8 reaper; one No. 1 mower; and one steel frame twin binding harrow for horses, mules or cattle.

H. B. MILLER & CO.

A Letter of Recommendation.
From a gentleman who is now using a pair of my patented spectacles, and is capable of judging of my success as an oculist and optician:

YREKA, CAL., February 25, 1886.
This is to certify that Dr. S. Harmon has been at this place the past two months and that from my observation of him, and of several cases under his treatment, I can safely recommend him as an oculist and optician of high skill. My friends in Oregon who may need his services, can rely that he is not a spectacle peddler or a charlatan, but a gentleman of merit and whose skill will be recognized by all whose eyes are afflicted.

E. H. ATTENBURY,
Attorney at law.

DISSOLUTION NOTICE.
The firm of Salomon & Ahlf, butchers at Grant's Pass Oregon, is this, the 21st, day of April 1886, dissolved by mutual consent. J. H. Ahlf, one of said firm, having purchased the interest of I. Salomon, will continue the butchering business. The books of the late firm are left in the hands of Davis Brower for collection.

I. SALOMON,
J. H. AHLF.
April 21st, 1886.

ORGANS! ORGANS!!

Do not purchase an Organ until you have called upon or addressed J. W. Wimer, General Agent for Josephine county, for the celebrated Mason & Hamble and A. B. Chase Organs and Pianos. I will sell those instruments, delivered at your house, for from 30 to 40 per cent. less than traveling agents sell them. I have no traveling expenses to pay, therefore I can afford to do so. Organs sold on time. Write me for price lists, etc., etc.

J. W. WIMER, P. M.
Murphy, Oregon.

NOTICE.

U. S. LAND OFFICE,
ROSEBURG, OR., May 25, 1886.
Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Judge or Clerk of Josephine county, at Grant's Pass, Oregon, on Saturday, July 3, 1886, viz: Mary Ellen Leonard, heir of David Waters, deceased, homestead No. 3039, for the W½ of SW¼, SW¼ of SW¼, and Lot 3, section 32, township 39, south range 7 west. He names the following witnesses to prove his continuous residence upon, and cultivation of said land, viz: Laurence Leonard, J. E. Holland, John McDougall, Jas. P. Lewis, all of Aldhouse, Josephine county, Oregon.

W. F. BENJAMIN,
