

THE COURIER.
Official Paper of Josephine County, Oregon.
FRIDAY, SEPT. 24, 1886.
Registered at the Postoffice in Grant's Pass, Ore., as Second-Class Matter.

CORRESPONDENCE.
We invite correspondence from all sections on subjects of local and other interest.
With each letter the name and address of the sender is required, especially if sent for publication.
EDITORIAL NOTES AND NEWS.

Among the list of privates in the Oregon volunteer service during the Cayuse war, we notice the name of Hon. G. W. Riddle, of this place.

The fruit put up in jars filled with salicylic acid which went east on the exhibit car, spoiled. The car is doing much good for Oregon, however.

The Island of Cuba is reported to have sunk, but there having occurred no tidal wave on the coast directly opposite of it, the report is discredited.

We have no war news to report this week, though there are indications of war among the foreign powers, but they seem to be trying to avoid a clash of arms.

C. B. Cullis, Secretary of the Board of Immigration, writes under date of September 15th: "The specimens came all O. K. Have put them in a conspicuous place."

Corvallis is about to get the "bumpers degree" so far as securing the depot and round-house of the O. P. R. R. is concerned. Albany, it seems, is about to carry off the cake.

When Adam first saw Eve in the garden of Eden, it is said he made a remark which reads the same whether you spell it backwards or forwards. It was: "Madam, I'm Adam."

We wonder if they got their bread at the Yreka Bakery.

The Northwest Magazine, published at St. Paul, Minn., by E. N. Smalley, and the West Shore, published at Portland by L. Samuels, are among our most worthy exchanges. Both of their numbers for September are fine specimens of their calling.

We notice by the Modoc "Independent" that John Bucher is the duly nominated candidate of the Democratic party of Modoc county for sheriff. We know John will shoot, for we saw him draw a bead on his index finger one time and shoot it off close up. Of course it was accidental, but it is a fact, and to know that he has "got his man," makes us little fish have a certain respect for him and we will vote for him through fear.

We need and must have a direct connection with the railroad. Now is the golden opportunity, and let it not be neglected.—Times.

Yes, Jacksonville should have railway connection and we hope to see it accomplished. If the money can be raised it will doubtless be built. A dummy engine railway such as are so extensively used in San Francisco could be built and equipped for less than \$10,000 which would give the town railway connection with the O. & C. R. R. and carry with it all the conveniences of a better system, but would cost much less; besides this cars can be turned on short curves so as to enable trains to run through any or all of the streets. If a first class road cannot be had, why not build the next best?

It gladdens our hearts to know that Prof. H. L. Benson, that prince of teachers and popular educator, who has done so much for the schools in our county, is driving things at Grant's Pass. It is doing him honor and meeting the hearty approval and support of the people of his territory. Good luck and God-speed! Next week we will publish some lines that were composed by the young ladies of this school and presented to him at the time of his leaving us.—[Drain Echo.

This community ought not overlook the importance of having such an accomplished personage in charge of our schools as the Professor. His good reputation as a teacher is doing much good in behalf of our town which means emphatically that it is our reciprocal duty to assist him every way we can in building up our school interests.

Judge L. R. Webster, of the Circuit Court, was taken ill while on the bench at Lakeview, but managed to put through the important business of the court for that county and opened court at Linkville on Monday of last week. At the fat-

ter place he grew worse, and had a somewhat alarming attack of fever, but was able to come in by private conveyance, arriving here Wednesday evening on the way to his home in Jacksonville. He bore the trip well and thinks he has taken quinine enough to break his fever.—[Tidings.

It is to be hoped the Judge's health may not give way, and lest we may not be mistaken by our readers, let us say right here that in our remarks on the Kent-Covlig case we never, at any time, wished to impugn the character of Judge Webster. We have a way of believing that it would be useless to discuss a question from a standpoint of that kind, for we believe Mr. Webster follows his own dictates of conscience without fear or favor. We think we know him pretty well and we believe he is a personal friend of ours, but we are not simple enough to believe for a moment that that would be any advantage to any of our personal desires in a case before his honor in which we might have an interest. We are neither hopeful nor uneasy in that direction.

The Del Norte Record of the 18th inst., goes after us in a manner to be expected from an editor who runs an undertaker's establishment in connection with his paper. He says we have tried to force people to travel our road, and that we have abused the people of Del Norte county "until forbearance has ceased to be a virtue" &c., all of which is said simply to prejudice people against us without regard to the falsity of the assertion. All the crime we are conscious of having committed against the coffin maker is that we "went in" on the road question in good faith and expended a large sum of money, and by word and act tried to sustain the investment. He feeds the people of Smith River on his usual "taffy," but in reality that was always the trouble with our road; it passed through that valley, and the jealousy of Mr. Eldridge and a very few more such non-progressive people like himself opposed its existence just as the same parties fought the Smith River harbor improvement. Congressman Hermann, in surprise, wrote "I fear the strife between the two places will defeat congressional aid for either." So it did. That same strife has killed our road, and the completion of the C. & O. R. R. next year as far as Yreka, will convince the Record man of our meaning when we say that Mr. Gasquet will never build a road through to the Oregon line. We say this because to say anything else would reflect upon his business sagacity. The charge that we failed to build a good road, and for that reason the Del Norte county board lent assistance to Mr. Gasquet, &c., is a little too thin. Perhaps you do not remember that we were working on the road when the appropriation was made and that we never stopped work until that was done.

In support of what the COURIER had to say last week concerning the rich strike South of Canyonville the Oregonian of the 17th says: Mr. F. Clarno brought to the Oregonian office to-day some of the richest gold bearing quartz that ever delighted the eye of an expert. It is from the Green Mountain ledge situated on Starve Out creek, in Douglas county. It was bonded last winter by Messrs. Clarno, Wilson, Whiting and Jones, who commenced operations by running a tunnel in the ledge. The whole vein is 10 feet in width and prospects well throughout, but the richest streak, 18 inches wide, is next the hanging wall. The formation is slate, which is very favorable for permanency and richness. Years ago Starve Out creek was worked for placer gold, but the diggings gave out just where this ledge crossed it, from which the hypothesis is naturally formed that the gold all came from thence. There are now thousands of dollars in sight and the rock is fully one-half gold. The owners will exhibit samples of the ore at the Mechanic's fair.

MARK YOUR BABIES.
The mothers of children inclined to wander away and get lost would save themselves and the police much trouble if they would sew on to the skirt of the child a little tag, upon which would be marked in indelible ink the name and residence of the parents. The child would then be taken home direct by the officer, instead of to the police station.—[St. Louis Globe-Democrat.

Oh! my, that would never do here in Grant's Pass. There are so many children on our streets if they all had indelible ink tags on them the police would mistake them for a crop of crazy quilts. Wouldn't that be awful?

Willis York and David Sexton are talking of building houses in town.

Kerbyville Items.
Hall and Bybee have completed their ditch on Canyon creek and will soon be ready for mining.

Mine host of the Union Hotel is building a fine vehicle and will soon be able to transport travelers to any part of the valley.

Wm. Naucke and N. DeLamater have received a large supply of fall and winter goods. They claim that the prospect for better times are good.

Coker & Co. have about 30 hands at work on their ditch. A supply of the filthy lucre arrived last week making the hearts of the employees glad.

We had the pleasure of attending the singing school conducted by Prof. Whitelaw. He has a class of 22 members. He is an adept in the business and has success wherever he goes.

Mr. Wm. Chapman showed us some fine specimens of cones which he found in the mountains about 12 miles from Kerbyville. He will forward them to the COURIER office immediately for shipment to the Board of Immigration together with a specimen of weeping fir. Mr. Chapman claims that he can propagate these trees. From the description he gives there will no doubt be a ready sale for all that can be propagated for ornamenting yards.

Our attention has been called to the letter in last week's COURIER signed by our friend J. S. McFadden wherein our compositor made him say that the grape vine which he said in his letter covered ground 800 feet square. Upon examination we find that Mr. McFadden stated in his letter that the vine covered 800 square feet of ground. We can only say that the compositor made the mistake and we did not notice it.

Notice of Desertion.

TO ALL WHOM IT MAY CONCERN: Notice is hereby given that Mrs. Jane A. Bagley did, on or about the 17th day of September, 1886, desert me, and left my bed and home without my consent, and against my will and protests. Therefore all persons are forbidden to harbor her or give her credit on my account. I will not pay any bills contracted by her.

FOR SALE.

406 ACRES of fine farm and timber land for \$20 per acre, 8 miles west from Grant's Pass on North side of Rogue river. This farm contains 125 acres of rich river bottom land in cultivation, also 50 acres of the same quality easily cleared, the balance is of the finest sugar pine and other timber and pasture land. This is a good mill site; county road runs by the place, good living water running across the place near buildings; also good well; 1 large house, 2 large barns, granary, smoke house and other out buildings; young orchard; garden and bottom land all under fence; very healthy locality. On this farm can be raised the finest of corn, sweet potatoes, melons, tomatoes, peaches, grain, timothy, clover, etc. This would make several good homes, and as the climate and other advantages cannot be equalled in Oregon it would be wise for colonists or others to investigate before buying elsewhere.
