Special Announcement!

The readers of the COURIER are informed that we have made arrangements for clubbing that famous 48-column weekly story paper, THE YANKEE BLADE, a periodical which needs no recommendation from us, as one of the brightest, cleanest and best story papers in America. Each number contains nine or ten complete stories, one or two serials by the best authors, poetry, household recipes, witty sayings, and in fact everything that goes toward making a bright and interesting story paper. The regular price of The Yankee Blade is \$2.00 a year. We offer to either old or new subscribers. The ROGEE RIVER CORNER and The Yankee Blade from now until Dec. 31st, 1887, for \$3.00. The regular price of both papers is \$4.25. Those who wish to take advantage of this extraordinary offer, can secure a sample copy of The Yankee Blade by sending their addresses to the Publishers of The Yankee Blade, 20 Hawley St., Boston, Mass. In ordering please remit to this office the amount above stated, giving your full address.

CROUP, WHOOPING COUGH and Bronchitis immediately relieved by Shiloh's Cure. Kremer keeps it. JOHN H. YATES, of Batavia, N. Y., says: "I cheerfully concur in your ATOMAT WINE. It is a new life and vigor send through this week form of mine. It did for all my stomach ills. More than the doctor and his pills." For sale at Kremer's drug store. Paid up subscribers or new subscribers to the COURIER, by paying the sum of \$3 cash, will receive both the COURIER and "West Shore" one year. The West Shore will be accompanied by a magnificent holiday engraving of Mt. Hood, 18x24, printed in eight colors, alone worth more than the amount paid. THE WIFE, MOTHER AND MAID who suffer from Female Weakness, will find Gilmore's Aromatic Wine a positive Cure. Kremer has it for sale. For lame back, side or chest, use Shiloh's Porous Plaster. Price 25 cents. For sale at Kremer's drug store.

Local and Personal.

How are you Curley? Don't miss the drama, its immense. Chas. Decker came over from Waldo Tuesday. Hon. Binger Hermann has gone to Washington. Our friend F. M. Nickerson has our thanks for favors. Hiram Young, of Polk county, has been adjudged insane. What shall we call our town? Call a public meeting and decide. Eggs are selling as high as 30 cents per doz. in Jacksonville. T. Y. Dean has been down to Canyonville enjoying himself. Wm. Malony contemplates moving to McAllister precinct soon. Henry York called and paid a year in advance for the COURIER. Smith Bros. offer 160 acres of land for sale. See ad. in another column. Don't miss seeing "Better than Gold." Its a splendid drama. U. S. Senator J. H. Mitchell left Portland for Washington on the 25th inst. S. M. Wilcox and wife gave our office a pleasant call on Thursday last. Our old friend Mrs. J. F. Mack, is again engaged teaching school at Waldo. Rev. John Howard of Roseburg, returned home on last Saturday night's train. Ex-Governor S. F. Chadwick was in our town again this week, looking cheerful. Ex-county clerk Hughes and George W. Wimer were over from Waldo this week. A child overturned a lamp at Mr. Estes' Tuesday evening, almost causing a conflagration. Hon. G. B. Caldwell gave us a pleasant call Thursday and left his measure for the COURIER. "Dat pore ole man! Pore ole fool! Dat's what he was!" Asa's a trump of dummies. The "President's Car" came up Tuesday bearing Receiver Kohler and Supt. Brandt. Rose A. White of Toledo, Benton county writes that she desires to locate in Grants Pass. Hon. Theo. Cameron and Frank Ennis were on the train bound for Galice creek the 22d.

J. P. Killinger, foreman in the Vanmoneiscar dispensary whose advertisement appears elsewhere in this paper. Drs. Taylor and Clark are the proprietors, both of whom have first class certificates, and also many letters of recommendation from prominent men in Canada and elsewhere. Dr. Taylor is a regular graduate of St. Louis Medical College, Dr. Clark being a regular graduate at University of Toronto, Canada, the latter gentleman having had twenty-six years experience and practice. There being so many humbugs among the advertisers nowadays we took pains to examine the diplomas of these gentlemen before inserting their advertisement and were satisfied of their ability and integrity. While we were gliding along on the north bound train the other night in a mood of merriment, the Pea nut vender announced that the time had arrived to "choose partners for a tunnel." We got our partners as it were, and passed through a few of them, when all at once, without whistling, our train came to a dead standstill, and the same individual announced that "we are here for the night." A land slide shook down from the over-hanging bluff by the south bound train which had just passed, covered the track, and but for the careful hand and keen eye of Ed. Elliott, we would have plunged right into it and then of course we would have rolled down into Cow creek and spoiled the water. One lady who had a hornets nest among her luggage, and another a canary bird, would most likely have fought out all old scores or taken to the woods. But Bob Allen and Ed were in good humor, and she, that is the train, was on the track O K, between tunnel 4 and the first crossing of Cow creek in good shape, hence peace reigned supreme. But we never saw a long four hours in our lives. With due difference to the gastric juices of our equilibri stumblers, Hon. S. U. Mitchell and we went forward and compelled the tenderhearted aforesaid vender to take 50 cents for two cups of coffee and two cakes, but oh melchisedek howler wasn't they good? At ten we breakfasted at Oakland and were soon over the summit of the Calapalooa mountains plunging down into the fog, mud and moss of the Willamette valley. We dine at Albany and reach Portland two hours behind time. Financially speaking we found Portland booming, and were informed by her business men that business is better there now than it has been for years. If Portland is dead as has been often said, we should like to see Josephine and Jackson counties killed a little in the same direction. There is about ten degrees difference between the climate of the Willamette and Josephine or Jackson counties, the latter being the warmest which is very noticeable as the train moves along from here to the other.

Hon. Henry Rogers and wife are at Salem. Mr. Rogers having secured a job of work on the State house. He will return to our city about the beginning of the New Year-come on, you are welcome. Mrs. Benson mother of Prof. Benson and Mrs. Goodell of this city has gone to her home in California. We had the pleasure of making the acquaintance of this intelligent lady and were much pleased to converse with her. She will tarry at Drain a short time visiting, Master Arthur Benson accompanied her as far as Drain. Caldwell and Son have their mine on the head of Applegate ready for operations. If we have a good mining year, there will be more gold dust taken out than for any corresponding year in twenty, for the reason that all the mines are in good shape for work, and many new giants have been added to the different camps. Jupiter Pluvius turn the other faucet. The McGibeny family consists of the following persons taken by us from the Esmond Hotel register, as registered by themselves: J. B. McGibeny, Mrs. J. B. McGibeny, Frank McGibeny, Mrs. Frank McGibeny, Viola, Hugh, Victor, Fred, Allie, Florence, Dockie, Grace, Carl, Jamie, and little Leo, the baby, who, though the least one in the family, is the best performer of them all; i. e. he receives most of the applause. The first term of school is out today, and the next term begins next Monday. Pupils will bear in mind that their tuition must be paid before entering upon the term. We have nothing but praise to offer the management of our school so far as it has gone, and the teachers deserve great credit for their untiring efforts in behalf of their pupils. The indications are that the other school-room will have to be finished and another teacher added. Count us in. Upon the success of our school depends the success of our town. We had the pleasure of meeting Dr. S. Hamilton, who came up to Roseburg where he lives, on the train Saturday evening. He was one of many of our early pioneers who carried their lives in their hands. One day in 1856 in the vicinity of Glendale, while in company with Capt. Barus, an Indian lying ambushed behind a log within twenty feet of them, fired a shot at the doctor's neck with unerring aim. Two holes, one on either side of the neck and just back of the bone, attest to the accuracy of the aim. A narrow escape. While in Portland, we visited the Vanmoneiscar dispensary whose advertisement appears elsewhere in this paper. Drs. Taylor and Clark are the proprietors, both of whom have first class certificates, and also many letters of recommendation from prominent men in Canada and elsewhere. Dr. Taylor is a regular graduate of St. Louis Medical College, Dr. Clark being a regular graduate at University of Toronto, Canada, the latter gentleman having had twenty-six years experience and practice. Another entertainment during the holidays the proceeds to be applied to buying purchasing buckets and providing a hook and ladder company in case of fire is now in order. John Hartman has rented John Bolt's place in Jerome prairie and has moved thereon. Mr. Hartman is one of our best citizens and we hope he may succeed well in his new venture. The collection of birds, pictures, coral and other beautiful and interesting things to be seen in the private rooms of our friend F. Burkhardt at Albina is both entertaining and instructive. S. M. Keenan, a quartz man in this vicinity from East Portland. He informs us he has seen some very fine quartz in this section and that he and others are going to work on a ledge near the old Jewett claim. Chas. Kohn, of the well known firm of Charles Kohn & Co., Portland, gave us a call this week. Charley says he has traveled all over the coast country, and that good times are about to dawn upon us; that the entire coast country is in good shape and about to share a general harvest of good times and prosperity. Mr. W. P. Hammon, of Hammon Bros. Nurseries, will deliver all trees sold in Josephine county, from their nurseries during the next few days. H. McPhee is with him. Their dates for delivering are: Myrtle Creek, Dec. 3d; Riddle, Dec. 4th; Grants Pass, Dec. 4th; Kerbyville, Dec. 6th; Glendale, Dec. 7th; Roseburg, Dec. 9th; Oakland, Dec. 10; Drain, Dec. 11th; Salem, Dec. 12th and 14th. On Thanksgiving day while in Portland, we took occasion to visit the store of our old friend S. W. King, of the firm of Olds & King. Mr. King was formerly principal of our academy at LaFayette in Yamhill county, where he gained many laurels as a tutor. Afterward he went to Portland where he filled the position of Superintendent of the public schools of that city to the advantage of all with whom he came in contact. Tiring of a teachers life which he had followed so many years, and believing other avenues of business more profitable he embarked in the mercantile business in which capacity Mr. King has been very successful. Besides their large city trade they do a large country order business, and being strictly honorable in all that they do, they seldom lose a customer. While there, Mr. King exhibited the celebrated Lamson cash railway, a system of making change between the customer and cashier, which entirely does away with the cash boys. The system is nothing more than a wire railway over which round hollow balls carry bills and cash. Each salesman has a station from which he makes change with the cashier by rail. To each station belong four balls, there are two tracks passing around each side of the store, one inclining toward the cashier the other from him. The balls to the first stations are the largest, being smaller at each succeeding station so that they do not throw the catch spring which hoists the switch gate at stations other than their own. As convenient and profitable as these railways are, there is but two of them in use on the Northwest coast, the other being in the store of John Cran & Co. Those of our readers who desire to see simplicity simplified and ingenuity brought to perfection, will profit by calling while in Portland and examine the cash railway.

From Portland. Nov. 29, 1886. ED. COURIER:-In the COURIER of Nov. 12, 1886, I saw an article signed by Casaralt speaking of the name of Grant's Pass for your town and that he wants something more appropriate. He says he has not been able to find any one that can give him a satisfactory explanation of the origin of the name. Some say there is a pass through the mountains North of Grant's Pass through which Gen. Grant once passed. This is not the case neither is it from this took its name. In the year 1864 or '65 the neighbors opened a new wagon road from the Wheeler place to Jump Off Joe over a much lower divide than where the old road crossed the divide and at that time we wanted a Postoffice established at the stage station where Mr. Dutick now lives. So there was several names proposed and as Gen. Grant was very successful in the army at that time it was decided to call it Grant's Pass in honor of Gen. Grant. Now, Mr. Casaralt you have the true origin of the name. W. CROXTON.

The following is a list of letters remaining unopened for in the Grant's Pass post-office, Nov. 30, 1886. Bennett, Miller, Mrs C H. Boren, George. McArthur, Wm F. Birch, F M. McLahan, Jas F. Brown, James. May, John. Casady, B F. Paige, Capt F J. Frazell, W H. Pagedy, M. Frady, Joseph. Post, Rev F H. Griffin, Lizzie. Solomon, I. 2. Greene, Oscar. Sherrill, A. Ingram, Mitchell. Sherman, Ed. Johnson, Geo H. Wilson, Peter. Lane, S M. Wade, J R. Lanbner, A. Williams Mrs S, 2. Walker, Miss Virginia.

Persons calling for any of the above letters will please say "advertised." J. W. HOWARD, P. M. By J. M. Jony, Deputy.

Call at the COURIER Job Office for Superior Job Work.

A Sad Accident. Early last Friday morning our little city was shocked by a report that Joseph Moss had been fearfully and probably fatally mangled by having been caught in the machinery at the mills of the S P D & L Co. The report proved to be too true and the many friends of that estimable young man were pained to the heart upon sight of that once perfect physical form now so fearfully changed. His right lower jaw bone was broken into fragments his right leg smashed to pieces below the knee beside other bruises on different portions of the body but less serious. At the time his life was despaired of but at this writing there is every prospect of his ultimate recovery. As nearly as we can get at the nature of the accident it seems that Mr. Moss and Frank Tuttle went down into the basement of the factory where a feed chopper was kept for the purpose of putting the belt on that machine. Mr. Tuttle was standing in a stooping position holding the belt on the small pulley of the mill while Mr. Moss tried to throw the belt on the pulley of the main line shaft. Some how unexplained the belt caught which pulled the main shaft out of its bearings and bent the shaft which caused the accident or else the bursting of the large iron pulley piece which flew through the air like hail caused the bending of the main shaft at any rate the loosening and bending of the main shaft was the immediate cause which led to the injuries of the unfortunate man. Mr. Tuttle had his head down watching the small pulley and did not see how Mr. Moss was hurt and so quickly was it done that it is doubtful if it will ever be explained. For an instant the room was a perfect storm of flying shafting and pieces of wood and iron and before Mr. Tuttle could even look up it was all over and Mr. Moss was lying in an insensible condition in one corner of the pit. Joseph Moss is one of our foremost young men of untarnished character and esteemed by all and besides receiving every attention that the people can give him he is a member of the I O O F lodge the members of which true to their order are bestowing their love of brotherhood upon him.

Murphy Items. Nov. 28, 1886. Another wedding day and two souls made happy. While our ears were readiness for the merry wedding bells and our thoughts drifting along on the luxuries of a nice wedding dinner, we were almost paralyzed to hear that the wedding had quietly taken place at Squire Brown's. No cakes or pies to figure in the racket. That's so. In days gone by a wedding like this would create quite a stir among the cakes. "Lasses candy, pop corn and boys would be the only compromising element. In this case however we will withdraw from the scene after wishing the happy couple who are Mr. Alonzo Hyde and Mrs. A. M. Lindley a pleasant and prosperous voyage o'er the high seas of matrimony. X.

Linkville Notes. We are having fine weather. Curley Webb is contractor instead of driver on the Linkville and Fort Klamath route, as heretofore mentioned in your paper-an error of mine. Nothing particularly new. Will probably start for Lakeview next Friday, and from thence to Grants Pass, where I will organize a new lodge, or transfer the place of meeting of A. O. U. W. lodge from Kerbyville to Grants Pass.

Hon. G. W. Smith, County Judge of Klamath county, keeps the best hotel in Southern Oregon. He has also a fine store, and in conjunction with H. M. Thatcher, sell at the lowest living rates. Give him a call. FRANK.

Foreign powers are still dissatisfied with each other with fair prospects that they will ere long measure months to see who will do the swallowing. When law becomes relaxed and justice impotent, society becomes demoralized, and life and property are without defense or safety.-[Lafayette Register.

Turkey and Beef Shooting Match ON CHRISTMAS DAY. There will be a Turkey and Beef shooting match at Grants Pass on Dec. 24th, 1886, (Christmas day) under the auspices of the BIRCH BRIGADE.

Dr. Gunn's Improved Liver Pills. Remove Constipation, prevent Malaria, cure Dyspepsia, and give new life to the system. Only one for a dose. Free samples at W. F. Kremer's.

SHILOH'S VITALIZER is what you need for Constipation, Loss of Appetite, Dizziness, and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle. It is for sale at Kremer's drug store.

Cure For Piles. Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture, like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, Bleeding and Itching Piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Address, The Dr. Bosanko Medicine Co., Piqua, O. Sold by W. F. Kremer, Grant's Pass.

DR. J. B. PILKINGTON, Surgeon, Oculist, Aurist, and proprietor of the Eye Infirmary, and Sanitarium, of Portland, Or., may until further notice be consulted at the Engley House, Grant's Pass, on the 2nd Monday of every month, all day. The afflicted by disease in any form are made welcome to a free consultation. His specialties are all forms of Eye and Ear Ailments, Rectal & Nervous Diseases. Refers to almost every old Portlander; also Jas. S. Cherry, Albert R. A. Ramsay, Harrisburg; J. W. Bond, Irving; Rev. A. C. Fairchild, Jas. A. Ebbert, Eugene; W. F. Day, Willam; R. B. Dixon, W. C. Winston, Roseburg; Jas. Thornton, Wm. C. Butler, Ashland, and over a hundred cases of the worst forms of Piles, Rectal Ulcers, Fistulas, etc., now being successfully treated, without using the knife.

Now Has Faith. I had been troubled all winter with cold and pain in the chest and got no relief from remedies recommended by Druggists and Physicians. At the same time I was advertising Dr. Bosanko's Cough and Sore Throat Syrup. I had little faith, but thought to try it as a last resort, now I believe even more than they tell me of its curative qualities. [From The News, Elizabethtown, Ky.] Sample bottle five cents at W. F. Kremer's.

E. MARTIN & CO. Col. Burns occupies the proud distinction of representing the oldest and most reliable house in the trade in the United States, and he again greets his many friends, reminding them that the season of "peace on earth and good will toward men" is rapidly approaching, when prosperity and generosity go hand in hand, and the whole civilized world seeks for those tributes and mementoes which serve to bind closer the friends of fleeting years. After the fall comes the storm, the season of depression is rapidly passing away. The signs of the times indicate a better and more active future, and in anticipation of an increased demand for fine whiskeys, he will give personal attention to the best of European and Eastern liquors. He now offers to patrons the advantage of selecting from these fine whiskeys, which he guarantees will not be excelled on the coast. The firm he represents has in stock J. E. Cutler, Extra, Old Bourbon and Argonaut whiskeys from E. Martin & Co.'s distillery, Ky. Put up in half and whole lbs., also cases of Cutler, etc. Orders addressed to John L. Burns, commercial agent for E. Martin & Co., 408 Front street, San Francisco, will receive the same careful attention as though the agent was given him. Dr. W. F. Kremer, Grant's Pass.

FREE TRADE. The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, would have largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Bosanko's German Syrup, as the reduction of thirty-five cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have perhaps the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents remain the same size.

DR. FREELAND, of the M. B. Church, says that two bottles of Gilmore's Aromatic Wine cured his wife of Nervous Debility and Dyspepsia. SHILOH'S COUGH and Consumption Cure is sold by us on a guarantee. It cures Consumption. Kremer keeps it.

PATENTS. Obtained, and all PATENT business attended to promptly and for Moderate fees. Our office is opposite the U. S. Patent Office, and we can obtain Patents in less time than those remote from Washington. Send Model or Drawing. We advise as to patentability free of charge; and we make no charge unless patent is secured. We refer, here, to the Postmaster, the Superintendent of Money Order Div., and to officials of the U. S. Patent Office. For circular, advice, terms and references to actual clients in your own State or County, write to C. A. SNOW & CO., Opposite Patent Office, Washington, D. C.

J. C. GILLAM. J. CHAPMAN. Grant's Pass Variety Store, GILLAM & CHAPMAN, Props. Main Street, Opposite the Depot. Dealers in Staple and Fancy Groceries. Cigars and Tobacco, Nuts and Candies, Oranges, Lemons, Figs and other Fruits. In connection with the above is a First-Class Lunch Room. Where can be had the choicest delicacies on the shortest notice. 124d.

Now Has Faith. I had been troubled all winter with cold and pain in the chest and got no relief from remedies recommended by Druggists and Physicians. At the same time I was advertising Dr. Bosanko's Cough and Sore Throat Syrup. I had little faith, but thought to try it as a last resort, now I believe even more than they tell me of its curative qualities. [From The News, Elizabethtown, Ky.] Sample bottle five cents at W. F. Kremer's.

E. MARTIN & CO. Col. Burns occupies the proud distinction of representing the oldest and most reliable house in the trade in the United States, and he again greets his many friends, reminding them that the season of "peace on earth and good will toward men" is rapidly approaching, when prosperity and generosity go hand in hand, and the whole civilized world seeks for those tributes and mementoes which serve to bind closer the friends of fleeting years. After the fall comes the storm, the season of depression is rapidly passing away. The signs of the times indicate a better and more active future, and in anticipation of an increased demand for fine whiskeys, he will give personal attention to the best of European and Eastern liquors. He now offers to patrons the advantage of selecting from these fine whiskeys, which he guarantees will not be excelled on the coast. The firm he represents has in stock J. E. Cutler, Extra, Old Bourbon and Argonaut whiskeys from E. Martin & Co.'s distillery, Ky. Put up in half and whole lbs., also cases of Cutler, etc. Orders addressed to John L. Burns, commercial agent for E. Martin & Co., 408 Front street, San Francisco, will receive the same careful attention as though the agent was given him. Dr. W. F. Kremer, Grant's Pass.

FREE TRADE. The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, would have largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Bosanko's German Syrup, as the reduction of thirty-five cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have perhaps the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents remain the same size.

DR. FREELAND, of the M. B. Church, says that two bottles of Gilmore's Aromatic Wine cured his wife of Nervous Debility and Dyspepsia. SHILOH'S COUGH and Consumption Cure is sold by us on a guarantee. It cures Consumption. Kremer keeps it.
