Local and Personal.

Waldo has a full fledged skating rink. The storm at this writing still continues. Thanks to Hon. H. B. Miller for public documents. Superintendent Brandt's car was side-tracked here Tuesday. Dr. Rice of Ashland, paid us a visit this week. Call again. Hon. H. B. Miller is chairman of the Senate R. R. Committee. Mrs. Susie Hogue has returned to Sucker creek valley from Coos Bay. Beautiful China lilies are to be seen in full bloom in different parts of the city. Freasure makes very nice wooden headboards for graves. The lettering is neatly done. A very large and brilliant meteor passed over town from south to north, on the 17th. No train came up Wednesday morning, the trouble being at tunnel o, which had caved. Dick Sowell came over Saturday, to get one of the celebrated Economical plows for E. Hogue. Owing to the severity of the rain storm, the entertainment for Tuesday evening did not take place. Owing to delay of papers, the G. A. R. meeting mentioned elsewhere in this issue will not be held this week. There are unmistakable signs of a mining boom in Southern Oregon, such as this country has not seen before. If somebody would invent a gum-chewer, one half of the Oregon girls could be dispensed with and not be missed. A friend sends us an item from Waldo without a date which says, "To the wife of Sam Egger, a girl 12 pounds." Give us a new Constitution and a few more Senators, rather than deprive the remote counties of their representation. Sol Abraham and Thos. Kearney, one of the popular conductors on the O. & C. R. R. have visited in our town during the week. The heavy storm and snow fall in the mountains, makes the miner happy. It will increase the money circulation, to the benefit of all. The young lady Miss Carrie Smith whose death we mentioned last week was the daughter of our esteemed friend Henry Smith, of Wolf creek. A heavy rain storm set in Monday night. Tuesday was a fearful day the town being flooded so that all the toads were drowned. Mike Adams and his brother Richard are now carrying the mails between Waldo and Gasquet. They report 12 feet of snow on the trails. Hurrah for the Jacksonville Medford branch rail road! Jacksonville is too nice a city and has too many good people and too much capital, to be ignored. The large New Zealand oats for seed, may be obtained of Jacob Moore, who has a large lot, nice and clean. They need not be sowed every year. [43-2] Our old friend J. P. Wintz of Smith River, Cal., gave us a pleasant call Tuesday. Jim has been East and is satisfied to return to the Pacific Coast. Sheriff Patterson informs us that J. Bonme, Jr., has paid his subscription of \$500, to the Court House fund. About \$300 of the amount subscribed remains unpaid. Sol Abrahams has 100,000,000 feet of logs at his mill at Glendale, intending to start the mill soon. He cuts a very superior quality of lumber. He recently shipped 40 car loads to Central Point. Ex-county commissioner A. H. Platter and Peter Hansen have arranged a hundred dollar horse race, to come off in Sucker creek valley, Feb. 5th. There is quite an excitement in that valley over it. It is universally conceded now that the Keady liquor law is unconstitutional. It will therefore be in order for the county courts to refund to saloon keepers, at least the excess of the new license over the old. Gray and Jordan Bros.' String Band will give a grand Calico and Necktie ball at Music Hall on Feb. 22d, 1887. Everybody invited. As this is the first ball given by the new band, they should be liberally patronized. [43-2] S. M. Keenan, who has been in this vicinity for several weeks looking up the quartz question, informs us he expects orders from Portland for a large lot of white granite rock so common in this section. It is to be used for mantles, tomb-bases and other ornamental purposes. It is probable that ere long, large shipments of this rock will be made from this point. We regret that we overlooked the I. O. O. F. initiation and installation of officers on Saturday night, Jan. 8th. A. D. Heiman of Ashland, D. D. G. M., officiated and a general good time was the result, the lodge holding until midnight. The following officers were duly installed: R. R. Morris, N. G.; J. A. Jennings, V. G.; T. V. Dean, R. S.; C. K. Chandler, F. S.; C. H. Shaw, T. S.

On account of the blockade at tunnel No. 9, we did not receive legislative news so as to be able to insert the several committee's bills &c., this week, and other important news.

Mrs. Sue Ross Keenan, a distinguished writer and lecturer of Portland, will favor this city with two of her able lectures on Feb. 3d and 5th respectively. Subject, Labor Question. Admission free. * H. Anlant has our thanks for calling and paying his portion of the charges for carrying the Republican ticket in the COURIER prior to the last June election. Messrs. Anlauf, Chancellor and J. H. Robinson are the only ones who have paid so far. We should consider it a favor to get the matter settled. It has been fully, thoroughly and positively demonstrated to our mind that no wooden side-walks will ever be needed in Grants Pass, aside from those in front of business houses. With the finest natural drainage in three different directions, and a reformation of granite loam that once graded up, becomes as hard as a stone and as dry as a plank, we are destined ere long to have the finest streets in the world, at little or no expense. Josephine county is ably represented in the legislature. Through hard fighting by Miller, Porter and others, we secured the annexation of four townships of territory at the last session; and at the special session, through the perseverance of Porter, Miller and others, secured the bridge appropriation. Now at this session, Miller and Mitchell will have a hard fight to retain our senatorial representation. If they succeed, it should not be forgotten by their constituents. S. B. No. 15, introduced in the Senate by Simon, provides that the O. R. & N. Co., may build a bridge across the Willamette river connecting East and West Portland, and that the company may regulate their own tolls on railway freights. Senator H. B. Miller introduced an amendment enabling the legislature to regulate such tolls. The difference between the original bill and the bill as amended would be \$6.50 on each car load of grain, melons or other produce from this country. We hope the amendment may prevail. The schooner Parallel was wrecked on the 16th, five hundred yards above the Cliff House in the Golden Gate. As soon as it became evident she would go upon the rocks, the captain and crew abandoned her. The cargo among other things, contained 100,000 pounds of No. 2 giant powder which was exploded by the vessel striking the rocks causing much damage to property in the vicinity of the Cliff House. The Cliff House was badly damaged, Adolph Suttro's fine conservatory on the heights was destroyed, and the Signal station was also badly damaged. The explosion shook the city sharply. The dispatches describe it as terrific. By an oversight we failed last week to notice the branch railroad meeting at Jacksonville, held on the 3rd, at which Judge Day was elected chairman Jerry Nunan secretary. The Sentinel says: "On motion a committee of five was appointed to open stock books and solicit subscriptions to the capital stock of the Jacksonville Branch O. & C. R. R., said stock being 25,000 shares of the par value of \$1 per share. The chair appointed as such committee: A. L. Reuter, Chairman; N. Langell, Dr. Jackson, Henry Klippel and K. Klippel. A motion was made that the chair appoint H. K. Hanna and C. W. Kahler, attorneys, to examine our law regarding the town loaning its credit to any individual or incorporation, making needed improvements within and for the benefit of all the people thereof. Adjourned to meet Monday evening, Jan. 10th, 1887." The same paper of the 15th further remarks: "Another railroad meeting was held in this place last Monday evening. The committee on finances reported that they had raised \$15,400. They asked for further time and it was granted. A committee was appointed to secure the right of way, and another to have a survey made in order to ascertain the cost of grading. The meeting then adjourned, to be called again by the chairman."

Portland Correspondence.

PORTLAND, OR., Jan. 17, '87. W. J. WIMMER—Dear Friend:—I have a few moments this morning to write you. I am sending you all documents, bills, etc., as fast as they are printed. If you would like any other information at any time, please call on me. Our friend J. C. Carson is president of the senate, and will not for our section of the State in performing his duties. Mitchell makes an excellent representative, and already has received prominent recognition. Josephine county with its small representation, has as much respect and influence now in the legislature as many counties with double the representation. We have on our hands a big work to perform, and if we are successful it will be the greatest work ever done for the county. It is the re-appointment matter. There is a fixed determination on all sides to pass a bill of that nature based upon the last census. If it is done, our county will lose its representation in the Senate, and will therefore have no voice in future legislation. We will simply be at the mercy of the counties surrounding us, probably our old antagonist, Jackson county. Mitchell and Miller are working their utmost to avoid this danger. The odds are against them, and it seems now almost impossible for us to win. We will not give up, however, until we are beaten. GRANTS PASS, Jan. 17, '87. ED. COURIER:—Saturday I visited Kerbyville for the purpose of installing the officers of Climax Lodge No. 56, A. O. U. W. The officers elect were not all present. Those present were installed, to-wit: Jas. Spence, P. M. W.; F. Dessinger, M. W.; F. M. Nickerson, Recorder; D. De Lamatter, Receiver; Chas. Duncan, Guide; B. F. George, I. W. The Foreman, Overseer, Financier and Outside Watchman, will be installed on the first Saturday in February. I noticed on my trip, quite a number of farmers are plowing and preparing the ground for seeding, and it is a fact that the horses were pestered with flies. I wonder what our 32° below zero Eastern neighbors will think of such a climate. The miners are all well supplied with water and the prospects are good for an unusual yield of the filthy lucre. Old miners are returning and claim that this field is but half prospected; that there are better mines unknown and unworked than are known of and worked. I wish them success, and may all their labors be rewarded. The merchants are doing fair business, considering the stringency of the times. A good rain with plenty of snow in the mountains, is all that is required to make the merchants of Southern Oregon glad. The majority of the people would like to have the Postal Telegraph System connected with San Francisco via Kerbyville, Crescent City and Eureka. Why not make an effort to secure it? There is nothing like trying, even if they do not succeed. With some showing by the people of that route the benefits which would accrue to that corporation and the feasibility of such a plan they no doubt could secure a telegraph. Now is the time to agitate the matter, while the system is being arranged on this coast. FRANK.

Artesian Well.

Messrs. Strickler & Newrath inform us they have a bored well at their brewery 30 feet deep which, when the driving cap was removed, threw a stream of soft, sparkling water the size of the pipe for three hours, when the pump was placed in position and the flow of water stopped. We tasted the water and pronounce it excellent. The brewery is about to commence operations and Mr. Strickler says they will make a pure article of beer or none at all. A first class brewer has just arrived from Portland, and will take charge of it with that understanding. Bills Audited. Mr. and Mrs. Stump of Multnomah county, are visiting Mr. and Mrs. Schell on Rogue river. Miss Lida Day, one of the pupils attending Robinson's High School, met with quite a painful accident, wrenching her wrist severely. This neighborhood can boast of a good day school, a Sunday school and bible class and preaching once a month by Rev. John McIntire; a literary society and a class in vocal music, under Prof. Whitelaw. I am credibly informed that several thousand dollars have been secured by parties now in the county, to prospect the Yank ledge, a New York capitalist furnishing the money. Just when they will commence operations, I cannot say, but presume in the near future. The Griffin quartz mill is said to be running on cement for the present. ECHO.

Just What They All Say.

Hon. D. D. Hayne of Salem, Ill. says he uses Dr. Bosanko's Cough and Lung Syrup in his family with the most satisfactory results, in all cases of Cough, Colds and Croup, and recommends it in particular for the little ones. Sample bottles 5 cents at W. F. Kramer's.

Delays Are Dangerous.

You say, well, 'tis only a slight cold, look out, it may lead to an inflammation of the lining membrane of the throat and tubes which pass through the Lungs, which in the first stage is called Bronchitis, and may lead to Consumption. Santa Able is delicious in flavor, certain and perfect in its results. A few doses will relieve, a thorough treatment cure the above named diseases. Every bottle warranted by W. F. Kramer.

WHY WILL YOU cough when Shilo's cure will give immediate relief.

Shilo's cure will give immediate relief. Price 10c, 50c, and \$1. For sale at Kramer's drug store. IMPOTENCY in man or woman cured by Gilmore's Aromatic Wine. For sale at Kramer's drug store.

Cure For Piles.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture, like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, Bleeding and Itching Piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Address, The Dr. Bosanko Medicine Co., Piqua, O. Sold by W. F. Kramer, Grant's Pass.

GIVE YOUR CHILDREN, for coughs and colds, croup, whooping cough and hoarseness, Gilmore's Magnetic Elixir.

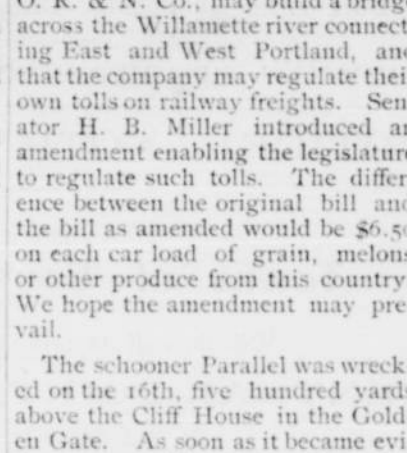

If you would enjoy your dinner more, use Acker's Dyspepsia Tablets. They are a positive cure for Dyspepsia, Indigestion, Flatulency and Constipation. We guarantee them 25 and 50 cents. For sale at W. F. Kramer's.

The reason why Acker's Blood Elixir is warranted, is because it is the best Blood Preparation known. It will positively cure all Blood Diseases, purify the whole system, and thoroughly builds up the constitution. Remember, we guarantee it. Kramer keeps it.

SHILOH'S CATARRH REMEDY—a positive cure for catarrh, diphtheria, and canker mouth. For sale at Kramer's drug store.

WILLIS L. CULVER of Pavilion, N. Y., says that Gilmore's Magnetic Elixir cured him of a long standing Throat and Lung trouble. Kramer sells it.
