MURDER WILL OUT.

Two Men Arrested for a Murder Committed in 1883.

About the 30th day of August, 1883, a man named August Pickler wat murdered on the Cowlitz river in Lewis county, in a most atrocious manner. Pickler had recently arrived in the Territory and was on his way from Chehalis the county seat, to the big bottom country, where he intended to homestead a quarter section of land. While en route he stopped over night at the house of one Eugene Duvaul on the night of August 29th, and was not seen alive afterward. On the 12th of September his mutilated body was found five miles from Duvaul's house on the trail leading to the Cowlitz river. A blow had been given on the back of the head with a club, a bullet hole was found in the top of the head and the head had been almost severed from the body. The murder remained a mystery until February 7th, when the Grand Jury of Lewis county indicted Eugene Duvaul and Robert Trousdale for the murder. The warrants were placed in the hands of Sheriff S. H. Cloughton, who soon caged Duvaul near Sumner, Pierce county, W. T. On Thursday the 17th of March, after a long chase, he captured Trousdale in an isolated place called God's valley, Tillamook county. The evidence is said to be very strong against the accused, and it now looks as though their conviction is a foregone conclusion.—[News.

The Big Purchase at Cœur D' Alene.

Cœur d' Alene Record.

A few days ago the Record reported that the immense property above mentioned was about to change hands. It was correct. The great sale was consummated in Spokane Falls on Saturday last. The wires report the consideration $1,500,000, which is the largest sum ever paid for any mining property in the West, except for the Drum Lummon gold and silver mine at Marysville, Montana, for which Tommy Cruse, received $640,000 cash and $1,000,000 in stock, worth then $9.68 per share, but now quoted at $41.25.

The plans of the new possessor can not be anticipated, but it is understood that among other things he contemplates the building of a cable railway from the South Fork to the mines, and the erection of a concentrator at Milo with a daily capacity of three hundred tons. Whatever may be his policy, the effect of the transfer, one of the greatest on record, cannot but be of incalculable benefit to the entire Cœur d' Alene region, and especially to the district in which the great mines are located. The sale marks the beginning of a new era in the history of Cœur d' Alene, and its beneficial effects will be heightened by the fact that it comes at the beginning of a new season, succeeding an exceptionally long and severe winter. We most heartily congratulate the old owners, each and all, and hope the new possessor of the already famous mines may be well rewarded for his investment.

COEUR D' ALENE ITEMS.

Senator Stewart, of Nevada, is in the Cœur d' Alene mines, looking at properties there.

In the Golden Chest mine large bodies of ore are in sight. Between 4,000 and 5,000 tons of good pay ore lie between the present tunnel level and the surface, a sufficient amount to warrant the starting of a 10-stamp mill.

He Wanted Doves.

Last Saturday afternoon a man was seen running along the beach towards the wharf, and upon arriving at about 100 yards from the wharf, turned and started wading out in the bay. Deputy Sheriff Endert and Jailer Richert, who had been watching the movements of the man, immediately started after him, but when they reached the water's edge, the man had waded out until the water had reached up to his waist. Deputy Endert started for him, and by engaging him in conversation, prevented him from going out any further into the bay, until he could catch him. When caught he offered some resistance, saying that he wanted to go and play with the doves that were flying, and would then return and tell his vision. He was brought ashore and locked up in jail, from where he had been sent the day before to the County Hospital, from which place he had made his escape when captured in the bay.

A letter was sent to the boy's folks in Kerbyville, Oregon, stating that they could take him home if they wished. His father arrived here on Thursday afternoon, and will start for home with his boy today.—[Record.

"What is the leading branch in your school?" asked a lady of a teacher. Before the teacher could vouchsafe a reply, a little boy interrupted the conversation with: "I know!" "And what is it, little boy?" asked the lady. "That switch in the corner, ma'am."

Work at Seal Rock.

Preparations for work on the Seal Rock Lighthouse near Point St. George are being made, and as soon as the weather clears up the work will commence. The steamer Santa Maria, that has been chartered as a tender for the work, made her appearance in our harbor on Monday evening commanded by Capt. Denney, who was Captain of the steamer Whitelaw two years ago, at that time used for a like service. Captain Ballentyne in command of the works, and Mr. Brown, Overseer, were also on board. The steamer was loaded with timbers, anchors, chains, etc., for use at the rock, and it is estimated that the appropriation made by last Congress will cover the cost of one-third of the work of completing the structure. The steamer sailed for Seal Rock Tuesday morning, but as a storm was brewing was obliged to lay off until it cleared up and the sea went down.—[Record.

Yamhill county exchange: A Mr. Nelson, who lives near Webfoot, lost his pocket-book last spring while plowing, and could not find the same, and on Sunday last, while Miles Whitlow was walking through the field, he picked the book up, which contained several notes, one amounting to $70, and two or three smaller ones.

ENJOY LIFE.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them free from disease, as when born. Dyspepsia and Liver Complaint are the direct causes of seventy-five per cent of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.

THIS GOOD OLD STAND-BY

accomplishes for everybody exactly what is claimed for it. One of the reasons for the great popularity of the Mustang Liniment is found in its universal applicability. Everybody needs such a medicine.

The Lumberman needs it in case of accident.
The Housewife needs it for general family use.
The Canaler needs it for his teams and his men.
The Mechanic needs it always on his work bench.
The Miner needs it in case of emergency.
The Pioneer needs it—can't get along without it.
The Farmer needs it in his house, his stable, and his stock yard.
The Steamboat man or the Boatman needs it in liberal supply afloat and ashore.
The Horse-fancier needs it—it is his best friend and safest reliance.
The Stock-grower needs it—it will save him thousands of dollars and a world of trouble.
The Railroad man needs it and will need it so long as his life is a round of accidents and dangers.
The Backwoodsman needs it. There is nothing like it as an antidote for the dangers to life, limb and comfort which surround the pioneer.
The Merchant needs it about his store among his employees. Accidents will happen, and when these come the Mustang Liniment is wanted at once.
Keep a Bottle in the House. 'Tis the best of economy.
Keep a Bottle in the Factory. Its immediate use in case of accident saves pain and loss of wages.
Keep a Bottle Always in the Stable for use when wanted.
