The First Train.

About two hundred and fifty people assembled at the depot, Sunday afternoon, to witness the arrival of the first California express. The train was crowded. The conductors on the through trains, between Roseburg and Portland, are Messrs. Wilson and Conser; between Roseburg and Ashland, Messrs. Burlice and Kearny; on the Eugene express trains, Messrs. Guthrie and Wilson. Ed. Houston, who has been yardmaster of the O. & C. here for some time, has been transferred to Albany, and will run the "jerkwater" between that place and Lebanon, making two trips a day. Mr. Houston will be conductor, mail agent, express agent, brakeman, etc. Eugene Bristow, well known here, will take Mr. Houston's place as yardmaster.

The New Road.

The citizens of the county have gone to work in good earnest on the wagon road down the Klamath and work on the grade is progressing finely. His honor, G. W. Smith returned from there a few days since, and says the road is being built in good shape, and the intention is to make a good road to the state line; that as soon as the money raised by subscription is exhausted, the county will furnish the required amount to finish it. He further states that it is the opinion of all that the county board of Siskiyou county, California, will meet us with a good road at the state line. This move on the part of our citizens is just what we want to see at this time, as it is the only practical route to the line of railroad, which is now completed to the Klamath river. By the time the wagon road is completed the station at Willow creek will also be finished and the entire freight for southeastern Oregon can, and will be shipped by rail to that point, a distance of about 45 miles from Linkville.—[Klamath Co. Star.

The following five rules for spelling reform were adopted by P. U. and T. A. sometime ago, and are still recognized by the school. First, omit "a" from the diagraph "ea" when pronounced as e short; as in hed, herth, etc. Second, omit silent "e" after a short vowel, as in hav, giv, liv, definit, infinit, forbad, etc. Third, write "f" for "ph" in such words as alfabet, fantom, camfor, filosofy, telegraf, etc. Fourth, when a word ends with a double letter, omit the last, as in shal, wil, clif, etc. Fifth, change "ed" final to "t", where it has the sound of t, as in lasht, imprest, fixt, etc. Such rules ought to be universally adopted, and other institutions of the state might well follow the example of Pacific University in this matter. Just as well be up with the times, and there is certainly very little argument in favor of forever retaining our present barbarous system of spelling.—[Independent.

The Salvation Army has done very little, if any good in Salem, and they have done a good deal of harm. It would not be a bad idea to arrest the whole batch of vermin as vagrants. They surely have no legitimate calling except that of beggars. They cannot come in under the head of a religious organization. If the business of sluggers and prize fighters, of loud mouthed blasphemous and lazy tramps, can come under the head of religion, then the writer of this had a defective training under his parental roof and his ideas of religion are not "modern." If there is any religion in engaging in a free fight on Sunday, then we would better open the saloons again and do our religious worshiping in them on the Sabbath. —[Statesman.

Owing to the operation of the Interstate law, just going into operation, the sugar refineries of California can no longer ship sugar east at a profit. The two great refineries, the California and American, will have to depend on local trade and as they are neither one of them able to supply the trade alone there is to be a contest for that trade between them. The price of sugar has already been reduced considerably by them and they both profess that they will put it so low that one or the other will have to retire. While the contest continues, the dear people will reap a saving of many a dollar.—[Journal.

Ask some men for an advertisement or some local—they answer they don't believe in advertising—a paper is never read. Let the man be caught kissing his neighbor's wife, or holding up the side of a building some dark night, and his tune changes instantly, and if the printing office is in the garret of a seventeen story building he will climb up to the top to beg the editor to keep quiet—don't publish it in the paper, you know.—[Valley News.

ASTONISHING SUCCESS.

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. [illegible] syrup cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

Vice President Buick, of the Southern Oregon & Utah R. R., left for Scottsburg and Gardiner on Wednesday in the interest of the company.—[Echo.

Corns,		

THIS GOOD OLD STAND-BY accomplishes for everybody exactly what is claimed for it. One of the reasons for the great popularity of the Mustang Liniment is found in its **universal applicability.** Everybody needs such a medicine.

The Lumberman needs it in case of accident.

The Housewife needs it for general family use.

The Canaler needs it for his teams and his men.

The Mechanic needs it always on his work bench.

The Miner needs it in case of emergency.

The Pioneer needs it—can't get along without it.

The Farmer needs it in his house, his stable, and his stock yard.

The Steamboat man or the Boatman needs it in liberal supply afloat and ashore.

The Horse-fancier needs it—it is his best friend and safest reliance.

The Stock-grower needs it—it will save him thousands of dollars and a world of trouble.

The Railroad man needs it and will need it so long as his life is a round of accidents and dangers.

The Backwoodsman needs it. There is nothing like it as an antidote for the dangers to life, limb and comfort which surround the pioneer.

The Merchant needs it about his store among his employees. Accidents will happen, and when these come the Mustang Liniment is wanted at once.

Keep a Bottle in the House. 'Tis the best of economy.

Keep a Bottle in the Factory. Its immediate use in case of accident saves pain and loss of wages.

Keep a Bottle Always in the Stable for use when wanted.
