

Washington Correspondence.

WASHINGTON, July 22, '87. The committee of Treasury officials appointed two months ago to count the cash in the United States Treasury, a work rendered necessary on account of the departure of Treasurer Jordan and the appointment of Mr. Hyatt in his place, completed the count yesterday and verbally reported to Mr. Hyatt that the cash was found correct to a cent. It will probably be about the middle of next week when the formal report of the committee will be submitted in writing. It took the committee just two months to count the silver and gold in the Treasury.

On the eighth of January last, five members of the Life Saving Station at Dam Neck Mills, Va., lost their lives in attempting to rescue the crew of the German ship Elizabeth. The Emperor William of Germany, has sent through Baron Von Alvensleben, the German Minister, at Washington, two handsome gold watches embellished with the portrait and Monogram of himself, and \$1000 in money. The money is to be distributed among the families of the men who lost their lives in heroic effort to save those on board the wrecked vessel, and the watches are to be presented to Frank Tedford and Jos. Etheridge, the only members of that crew of brave men who survived.

The Interstate commerce commission already have their hands full with the questions now before them, new objects of importance arise every day. The complaints of the Alton and Rock Island companies have been dismissed. The complaint of several other companies are covered in this dispatch. The cause of complaint as far as can be intelligibly made out from the official papers, is of unjust and unlawful preference shown by defendant companies, in refusing certain facilities in the transportation of passengers to complainants' lines, which being afforded to competing companies give them, it is alleged, unfair and unreasonable advantages. There are many more such questions before the commission, very interesting reading but which will suggest the advisability of boiling down the interstate commerce law, and making it applicable to the purpose for which it was passed.

The Signal Service, the weather bureau, have been obliged to enlarge their quarters, and for that purpose have taken a spacious house opposite to the principal office and near the War Department. If Gen. Greely continues to deal out such weather as that of the last ten days, he needs all the room he can get. —[Press Comment.]

The Master of Liquor. General Master Workman Power, at the close of his speech delivered in Boston, said: "Now a word about the great curse of the laboring man—strong drink. Had I 10,000,000 tongues, and a throat for each tongue, I would say to every man, woman and child here to-night, 'Throw strong drink aside as you would an ounce of liquid hell.' It sears the conscience, it destroys every thing it touches, it reaches into the family and takes the wife you have sworn to protect and drags her down from her pinnacle of purity into that hoarse from which no decent woman ever goes alive. It induces the father to take the furniture from his house, exchange it for money at the pawn shop, and spend the proceeds in rum. It damns everything it touches. I have seen it in every city east of the Mississippi, and I know that the most damning curse to the laborer is that which grinds in the neck of a bottle. I had rather be at the head of an organization of 100,000 temperate, honest, earnest men, than at the head of 12,000,000 drinkers, whether moderate or any other kind."

Brother Knights who occasionally partake of the flowing bowl, should peruse and heed these words from our illustrious General Master Workman, and in consonance therewith be prepared to vote for the prohibitory amendment next November. —[Lance.]

Portland Business College. Special attention is called to the advancement of the Portland Business College which appears in another column. This school has been in successful operation for more than twenty years and is favorably known in all sections of the Pacific Northwest. The school now employs six teachers and has in operation a shorthand and type-writing department in addition to the Business College.

The remedy which most successfully combats malarial disorders, is Ayer's Ague Cure. It is a purely vegetable compound, and contains neither quinine nor any other dangerous ingredient. Warranted to cure chills and fever.

Give Them A Chance. That is to say, your lungs. Also call your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them. When these are clogged and choked with matter which ought not to be there, your lungs cannot do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Beechey's Cream Balm, which any druggist will sell you at 25 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Mr. Wimer has sold the Grants Pass Courier to San Francisco parties, and has vacated the editor's easy chair. Mr. Wimer has by his untiring energy placed the Courier on a firm footing, and has at all times worked faithfully for the best interests of Josephine county and Southern Oregon. We extend our best wishes for the success of the new proprietors, and hope they may continue in the course marked out by their predecessor. —[Gold Beach Gazette.]

The Grand Army Record, of Boston, says: "It is evident that there is a political motive in the attack upon the President under the guise of Grand Army opposition. Notwithstanding the fact that it has been admitted that the President had nothing to do with originating the order for the return of the rebel flags, the warfare against him has been kept up with such venom that it has disgusted all fair-minded people."

The general conference of the M. E. Church closed at this city last Sabbath after very harmonious sessions. The amount of the collection for the missionary fund, in money and subscriptions was \$300. Following were the appointments for the Oregon district: J. W. Craig, Presiding Elder; D. Atkins, Corvallis. Albany and Tangent to be supplied. D. C. McFarland, Brownsville; T. P. Hines, Roseburg; G. W. Quimby, Dallas. Other places to be supplied. —[Albany Democrat.]

ROYAL BAKING POWDER Absolutely Pure. This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low cost, salt weight alum or phosphate powders. Sold only in cans. FOR MAN AND BEAST! Mexican Mustang Liniment CURES Scalds, Sprains, Muscles, Contracted, Eruptions, Hoof Ail, Sore, Bruises, Swellings, Saddle Galls, Files, Corns, Cracks, Worms, Swinney, Saddle Galls, Files. THIS GOOD OLD STAND-BY accomplishes for everybody exactly what is claimed for it. One of the reasons for the great popularity of the Mustang Liniment is found in its universal applicability. Everybody needs such a medicine. The Lumberman needs it in case of accident. The Housewife needs it for general family use. The Barber needs it for his tonsure and his men. The Mechanic needs it always on his work bench. The Miner needs it in case of emergency. The Planter needs it on his farm without it. The Farmer needs it in his house, his stable, and his stock yard. The Steamboat man or the Boatman needs it in liberal supply aboard and ashore. The Horse-fancier needs it—it is his best friend and safest reliance. The Stock-grower needs it—it will save him thousands of dollars and a world of trouble. The Railroad man needs it and will need it as long as his life is a record of accidents and dangers. The Backwoodsman needs it. There is nothing like it as an antidote for the dangers to life, limb and comfort which surround the pioneer. The Merchant needs it about his store among his employees. Accidents will happen, and when those cases the Mustang Liniment is wanted at once. Keep a Bottle in the House. 'Tis the best of economy. Keep a Bottle in the Factory. Its immediate use in case of accident saves pain and loss of wages. Keep a Bottle Always in the Stable for use when wanted.
