LITTLE alligators, sent to France from Florida, are very popular pets with fashionable French women. They seldom live to a dangerous size—thanks to their confinement and constant gorging of bits of raw meat to amuse their mistresses. A grown-up alligator, even if very tame, would not be a nice thing to have about a drawing-room.

Rheumatism

Is a blood disease and only a blood remedy can cure it. So many people make the mistake of taking remedies which at best are only tonics and cannot possibly reach their trouble. Mr. Asa Smith, Greencastle, Indiana, says: "For years I have suffered with Sciatic Rheumatism, which the best physicians were unable to relieve. I took many patent medicines but they did not seem to reach my trouble. I gradually grew worse until I was unable to take my food or handle myself in any way; I was absolutely helpless. Three bottles of S.S.S. relieved me so that I was soon able to move my right arm; before long I could walk across the room, and when I had finished one dozen bottles was cured completely and am as well as ever. I now weigh 170."

A Real Blood Remedy.

S.S.S. cures Scrofula, Cancer, Eczema, and any form of blood troubles. If you have a blood disease, take a blood medicine—S.S.S. (*guaranteed purely vegetable*) is exclusively for the blood and is recommended for nothing else. It forces out the poison matter permanently. We will send to anyone our valuable books.
