MAKE HASTE TO SECURE A PACKAGE OF RAMONA-TEA OR COFFEE. IT WILL CHEER YOU!

at our expense if you're not pleased

And a good one can be told by every housekeeper who uses our Spices. There are very few spices in the market today that are really and entirely pure.

It is so easy to adulterate them and so cheapen their cost that most every manufacturer does it. We believe, however, in the economy of using absolutely Pure Spices.

Good cooks sometimes have poor luck because of poor material. A small spoonful of our "R. I. MONA" spices will season as much as a whole tablespoonful of ordinary cheap spice.

Why? Because ours are absolutely pure, being put up by the Pure Food Company, of San Francisco, and are doubly strong, and full weight. The prices, too, you will notice, are reasonable. Quarter pound cans of Pepper, Mustard, Ginger, Allspice and Sage we are selling at 10c.

Prudent housewives find that they make their table allowance go farthest at Calhoun Bros., where prices are uniformly low—quality uniformly high.

You serve to your guests creates as distinct an impression among them as your silver, your linen or your china. If you want extra nice tea, and the very finest flavored coffee, you can surely depend upon the "R. I. MONA" brand. Better be sure than sorry.
