

A DOLLAR IN THE KLONDIKE

It will hardly buy a meal, and at what cost of health, of comfort, what endurance of privation and hardship is it earned. Contrast it with

A DOLLAR IN JOSEPHINE COUNTY

Our hills are full of gold. This fact is becoming more fully demonstrated every day. It is to be gotten with comparative ease and comfort, and note what one dollar will buy for you if invested at the B & M, while goods are guaranteed.

S. Parsons, of Ashland, will in a short time start for Dyea, Alaska, to seek his fortune. Dr. Parsons is a good physician, and no doubt his services, and that of many other physicians will be needed in that country inside the next year to save the people from the plagues of scurvy and smallpox, that are liable to break out. For constipation take Karl's Clover Root Tea, the great blood-purifier. Cures headache, nervousness, eruptions on the face, and makes the head clear as a bell. Sold at Kremer's Drug Store. Fruit! Fruit! Fruit! A. J. Pike has the finest stock of dried fruit in Southern Oregon and will furnish it at actual cost of production. Give him a call. Prices no object. Surprise Party. There was a very pleasant surprise party last week at the home of Mr. and Mrs. E. B. Smith of this city. Coffee and cake were served and a general good time had. Those present were: Mr. and Mrs. Mott, Mr. and Mrs. Griffith, Mr. and Mrs. Zoller, Mr. and Mrs. Day, Mr. and Mrs. Wade, Mr. and Mrs. Galeener, Mr. and Mrs. Patrick, Mr. and Mrs. Rowley, Mrs. Heiry Smith, Miss Bertha Patrick, Miss Ellen Rowley, Miss Etta Pollock, Master Walter Rowley. Against the Company. Justice Holman's court has been kept busy this week trying the case of Captain Brown against the Oak Flat Mining Company. Captain Brown sued the company for \$250 services rendered while he was acting manager of the mine. The suit was hotly contested on both sides, the plaintiff being represented by R. G. Smith and the defendants by Colvig and Harmon. The jury, consisting of F. L. Coran, E. A. Wade, John Patrick and Pete Windom, after listening attentively to the evidence found a verdict in favor of the plaintiff for the \$250 and costs. An appeal was taken to the circuit court. WANTED—TRUSTWORTHY AND ACQUAINTED WITH THE CITY OF PORTLAND, a responsible, established house in Oregon. Monthly \$60 and expenses. Position steady. Reference. Enclose self-addressed stamped envelope. The Dominion Company, Dept. 7, Chicago. No Cure—No Pay. That is the way all druggists sell Grove's Tasteless Chill Tonic for Malaria, Chills and Fever. It is simply Iron and Quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating Tonics. Price, 50c.

PERSONAL.

Mayor J. W. Howard has been spending a week at Kerby.

Sam Morris of Gold Hill, was a visitor to this city this week.

D. C. Brownell went to Merlin Monday night on business.

Father Desmarais returned to his home in Jacksonville Monday morning.

Capt. Wheeler came over from the Oak Flat mine the first of the week.

Captain Nash of Medford, came down this week to look after his mining interests.

H. L. Truax made a trip to Central Point last Monday on business, returning the same day.

Mrs. Frank McGregor is visiting her parents at the Mountain house at the foot of Hayes Hill.

Judge Brower went to Salem Monday night where he has two cases in the state supreme court.

Dr. William Flanagan went to West Fork Monday night on business, returning Tuesday morning.

Dr. C. W. Barr of Ashland, was a passenger on the south bound train Monday morning enroute for home.

Presiding Elder Reagan of the M. E. church South is in this city for a few days, the guest of Rev. Crutchfield.

Judge Hale of Klamath Falls, was a passenger on to-day's (Wednesday) train, going home from the Willamette valley.

J. M. Shelly, president of Eugene Mill & Elevator company of Eugene, is in the city advocating the superiority of his "white star" flour.

Wm. Smith of Wolf Creek, who clerks in the S. P. D. & L. store at that place, came to the city last Friday on business, returning the same day.

Senator S. H. Hall, of Jackson county was a passenger on Monday night's train for Portland. Senator Hall is a Populist of the middle of the road type.

T. D. Boardman, of San Francisco, special agent for the Aetna Insurance Company of Hartford, Conn., was in the city Tuesday looking up business for his company.

S. B. Ferre left Monday morning for Byron Springs, Cal., where he goes for his health, being bothered considerably at the present time with rheumatic troubles.

Mr. and Mrs. John Coleman of Jackson county came to this city Monday night and spent two days visiting with their daughter, Mrs. Lee Calvert. They returned Wednesday morning.

Mr. A. B. C. Denniston, general ticket agent for the Great Northern railroad, was in this city last week. Mr. D. called on us at our office and we found him to be a very pleasant gentleman.

Mr. E. L. Bashford, of the Roseburg flour mills, is in town. Mr. Bashford has placed some of his flour in Grants Pass. Mr. Bashford speaks encouragingly of the outlook for the future of Douglas county.

George Hall went to Portland Monday evening where he remains for a short time, after which he will go to Minnesota to work for the Chicago Portrait Company. We wish George well in this his field of labor.

Hon. Frank Williams of Ashland one of the leading populists of Jackson county was a passenger on Monday night's train for Portland, where he went to attend a state committee meeting of the populists party, which met in that city the 19.

Miss Kate Lemberger, court stenographer for this district, came down from her Jacksonville home Monday night, and has attended Justice Holman's court in the case of Capt. Brown against the Oak Flat Mining Company.

Miss Lottie Lee, niece of E. L. Coe, who spent a few days visiting in this city last summer, was recently married to a Mr. Poinsett of Kansas City. Miss Lee's friends in this city will be pleased to learn that she has joined herself to an excellent young man.

It is rumored that some of our boys will soon start for the Klondike where they will be able to experience the reality of some of the dreams they have had lately concerning the far off fields. To some people, how true that distance lends enchantment to the view.

Hon. John A. Jeffrey, district attorney, was on Monday morning's train on his way home from Salem, where he had been attending supreme court. Some one has said that Mr. Jeffrey will be a candidate for the attorney generalship at the June election. Some fat office will suit John quite well, no doubt.

Hon. H. L. Benson went to Salem Monday night, but we did not know whether he was going down to attend court or to put up his political fences. It is a rumor that Mr. Benson has forsaken the idea of running for judge of this judicial district and will pull for the superintendency of public instruction. However we have never heard Mr. Benson say anything about the matter.

Little Joe Simon the Famous, George Steele, ex-postmaster of Portland and now member of the republican national committee from this state, and John C. Lewis, all of Portland, were passengers on Wednesday's train for San Francisco. There is no other man in the state of Oregon who has such power over parties and can wield them, or parts of them, to his liking as can Joe Simon.

Mining Notes.

Frank McGregor is seeking health and gold on Butcher-knife creek.

Postmaster Horn was out on Grave creek last week looking after his mining interests.

Enos Mallory was showing a fine piece of quartz from his mine near Bloody Run last week.

Dan Greer, of Leland, manager of the Nicodemus mine, came to the city Wednesday on business.

James Fitzsimmons, book keeper for the Eureka Mining Company on Briggs creek, was in town this week.

F. O. Hurd and F. E. Birge, mining men of Medford, are in the city gathering information concerning the mines.

Scott Marshall of the Oak Flat mine, Archie Fries and Bird Weddritt of Central Point, were this week registered at Hotel Layton.

O. H. Simons of Redding, Cal., is in this county this week, having come over to find some good mining propositions in the hills of Josephine.

Geo. T. Galbert, a mining engineer from Spokane is stopping at the Layton. Mr. Galbert may find something in the mining lines in this county to suit him.

Benj. Rush and son James, have just returned from Oak Flat where they have been working in the mines for the last two months. They report everything active in that camp.

We learn that J. G. Day & Son of Portland, have a large force of men operating their placer mine on Olalla, about 18 miles west of Roseburg. This mine will doubtless prove a great producer.

H. C. Perkins went down to Stratton creek this week, where he has gotten possession of 100 acres of placer mining ground, from which he hopes to realize a good thing after it is put into operation.

It is reported that the Sturges placer mine on Forest creek, Jackson county was sold recently for \$30,000. This is a good piece of mining ground, from which Mr. Sturges has taken out much gold.

A Colorado paper gives the output of gold from that state for the year 1897 \$23,808,696, California at \$19,000,000, and Oregon at \$1,000,000. The figures may be true so far as California and Colorado are concerned, but Oregon figures are wide of the mark.

R. Van Brunt of New York, has purchased the Steam Beer placer mine at Leland, paying a good round sum of money. Mr. Van Brunt will extend the operation of this mine in the future. Still they come and invest. Success to this gentleman.

Fred Mench spent Sunday in town from his mine on Louse creek. Mr. Mench informs us that it will take him and his partner, Mr. Upton, about two weeks to get ready to run, but when once ready they will keep constantly at it with good prospects of taking out good pay.

The present rains are having a soothing effect upon our miners who had begun to look a little blue. The rain will come if not to day it may tomorrow, if not in January, perhaps in May, only be ready if possible, when it does come to make the most of it, to reap the harvest while it is ripe.

Col. J. A. Straight of Eugene, who is interested in the Southern Oregon mines, arrived in the Pass Wednesday morning direct from New York and reports the "Star of Empire" looking decidedly westward. He says Southern Oregon is the cynosure of the Eastern Argonaut and many a Jason will seek the golden fleece in this region in the spring.

Mr. Nelson, general manager of the Miller quartz mine, left this morning to attend, for a few weeks, the Golden Jubilee at San Francisco. Mr. Nelson says nothing concerning the output of the mine they are operating. One thing that angers well is the fact that they pay good wages and the spot cash is always in readiness for the employees. Besides the mine is not for sale.

Elwell and Gass, the enterprising placer miners of Stratton creek, had the misfortune of being recently visited by a land slide, which broke loose from the bedrock in their placer mine, precipitating thousands of cubic yards of earth, gravel and other debris several hundred feet into Rogue river, carrying with it gold, sluices, boxes, and other material pertaining to the mine. The damage was serious, but never daunted, the boys went to work and made repairs and are now panning as usual.

In view of the many sulphur ores in Southern Oregon it is a matter of surprise that they have not attracted the attention of capital ere this. Not many miles from Grants Pass there are immense deposits of pyrites containing iron, copper, sulphur and a little gold and silver. If these ores could be worked on an extensive and elaborate scale as they are in the old countries, England and Spain, they would bring more wealth to the state than all other resources in Southern Oregon combined at the present time. There were imported into England in the year 1881, and about the same amount each year for the 10 preceding years, 542,378 tons of the value of \$5,716,040. From these pyrites there were in 1881 obtained, besides the sulphur and sulphurous products 14,000 tons of copper, 258,463 ounces of silver, and 1490 ounces of gold. The great pyrite deposits of Spain are situated on the river Rio Tinto in the province of Huelva and are operated by an English Company the Rio Tinto. This company's works are enormous and elaborate, producing more than a million tons of ore in 1881, and employed 10,500 persons. There about six miles of precipitating tanks and 30,000

tons of pig iron are annually used in effecting the precipitation of the copper.

There are forty miles of railway about the mines, and 83 kilometers of track connecting the mine with Port of Huéla on the Atlantic. The operations of this company is only one of half a dozen in the same province of nearly equal importance. The Tharsis company in 1882 shipped 212,218 tons of precipitate 184,949 tons of iron ore. The years operation yielded a profit of £336,676, of which £314,479 was profit, equal to 27 1/2 percent on the paid up capital.

J. D. Stevens, of the Pleasant Creek Mining Company of Pleasant creek, is in town. The company has just put in another No. 2 giant and are doing big work with plenty of water. Mr. Stevens reports that all the mines on the creek are working extensively.

Cheral Union.

The Cheral Union of this city has resumed labors again under the efficient leadership of Mr. H. C. Kinney as musical director. In this connection it need not be considered out of place if we give the young people of the city a little timely advice in regard to taking advantage of this opportunity to learn and practice the art of vocal music. The excellent opportunity which this Union affords to the young people to acquire both knowledge and practice in this line is something of which they should take advantage. The cost is comparatively nothing, only 25 or 50 cents for a period of about six months and this goes to buy music. The director, Mr. Kinney, as we understand it, gets nothing for his services. Young people, now is your time to get valuable training and all you need to put into the investment is your own energy as the other comes gratis. Years to come you will regret having lost the opportunity.

Bondman Over.

In Justice Holman's court Wednesday morning, one James Rue was charged with giving liquor to Maggie Phillips, a little 14 year old girl. The defendant, through his attorney, Robert Smith, waived examination and refused to make a statement, not putting in any evidence on his own part. Rue was bound over in the sum of \$50 to appear before the grand jury at the next sitting of the circuit court in this county.

An Interesting Discourse.

On last Sunday Rev. Father Desmari of Jacksonville, delivered a very interesting discourse at the Catholic church at this place, taking for his subject, "Hypnotism, Spiritualism and Somnambulism." The speaker devoted the most of his time to hypnotism, leaving spiritualism to be dealt with hereafter. He showed that hypnotism is a science and is useful when entrusted in the hands of learned and honorable physicians; that in isolated cases where the subject's physical condition is such that the usual anaesthetics, such as chloroform and ether, are dangerous, hypnotism can be utilized with safety, the subject is rendered insensible to pain, hence surgical operations can be performed safely. But there the matter should be dropped, and under no circumstance should evil minded and low persons be permitted to practice it. He referred feelingly to the horrible murders in Eganuel church of Minnie Williams and Blanch Lamont, and said that he was not there to say anything about the guilt or innocence of Durrant. He gave it as his opinion that those two innocent girls, just budding into splendid womanhood, had been hypnotized and then murdered. He warned his congregation against what he termed the silly, absurd doctrine of spiritualism, he ridiculed the idea of departing spirits coming with the living. He said that in Canada such pernicious doctrines are not permitted to be taught to weak and susceptible minds. A glowing tribute was paid to the protestant churches in that country as being so true to their religious faith that Protestants and Catholics alike fight back these vascillating and evil d'gnas, and incidentally remarked that the Catholic and Protestant churches of the United States might profit by the example. Father Desmaris is an earnest and fluent speaker, and always seems to understand his subject.
