He travels from place to place on the cars, and secures a wheel in each town. At this place he secured one of Tom Ford's Crocets. Another exhibition was given in the event. In this issue is a letter from Vaupeil, Norris & Drake, of Ashland, to Mr. Fraux of this city, in answer to the query, "How does the stock or cow ordinance work in Ashland?" Weather fine. Work plentiful. Hobos numerous. Dr. Myers is seen here often. Frank Oggier an old resident of this place, is quite sick. Miss Iza Dyke of Grants Pass, is stopping here at present. The hollow logs all have notices stuck on them. Our Leland patriots will crawl in when the first gun pops. Jess Osborn, the S. Haven't you anything to drink? No! I spilled it all on my license, and spoiled it. Mrs. W. W. Hale of Lebanon, but once a resident of this place, is here, and expects to remain for some time. At three or four o'clock the other morning, when one of the would be gentlemen of this place was on his way to the Hotel De Briggs, he was stopped and pelted with stale eggs. A Smash Up.

Wednesday, about 4 o'clock a. m. after the north bound freight train No. 31 arrived from the south, it was derailed at the round house, but no one received injuries. The train, which contained 30 cars, passed the depot and round house in order to back up on the side track. The brakeman opened the switch, but by some means he opened the wrong one, the one leading to the round house. On this switch there was an engine which was struck by the Dinkey cabooses attached to the rear end of the train. The train was not running rapidly, but the momentum was sufficient to knock the engine across the turntable and through the round house, smashing the door and the side of the building. The little dinkey cabooses were both thrown on the track, quite badly damaging one of them, but not the other.

Quite an enjoyable party was given at the Hotel Jordan one night last week. We hope more of our sweet girls will come next time and then we will have something to talk. As it was the girls were so smart they spoiled the sugar as the taffy did not materialize. J. M.
