At the Opera House.

Promptly at 1 o'clock Tuesday Miss Sovereign, sister of Past Grand Master J. R. Sovereign, was introduced to the audience by Judge Crawford. Miss Sovereign is a winsome little woman, and is managing her brother's campaign and chaperoning him. After a few minutes talk by Miss Sovereign, Will R. King was introduced to the audience making a forty minute speech, handling the middle of the roaders without gloves, and walking all over the adherents of the single gold standard. Mr. King is a splendid specimen of physical manhood, young and full of hope and ambition. Should he be elected he would doubtless perform his duty honestly. Then came J. R. Sovereign, who spoke one hour and a half. Mr. Sovereign is one of the ablest speakers in the country, we have not space to even give a synopsis of his speech.

At the age of 22 years W. L. Lee was baptized and united with the Baptist church, since which time he has lived an exemplary and Christian life. "Sleep on, sleep on, in the rest of eternal sleep.

Dr. Lee died very suddenly, it is thought of heart disease. He had not been complaining in the least. He moved with his family to Merlin some months ago, and was delighted with the climate of Southern Oregon.

Loss by Fire.

At about 3 o'clock p. m. Thursday the residence of F. L. Coron was discovered on fire. Such rapid headway had the flames made and so completely was the family taken by surprise that they did not have time to save any of their furniture or effects. The cause of the fire will always remain a mystery, as there were no defective flues. The worst of all is the fact that the building and furniture had no insurance. The many friends of Mr. Coron and family very much regret to know that they are the victims of such a sad misfortune.

F. L. Coron and family will occupy W. J. Roger's house on Sixth street near the bridge.

They got Left.

When Sunday's special passed through Grants Pass with 400 soldiers en route to the Philippines, two young soldiers viz. Holmes and Murrey, got into the back door of a saloon, and blew the froth from divers glasses of beer, with the result that when the conductor sang on "all aboard," Murrey and Holmes were obvious of the surroundings, and got left.

Choral Union Concert.

The concert given by the Grants Pass Choral Union Monday night was a success musically and might be called a success financially as enough money to more than pay the expenses was taken in, but there was not the house that a concert of this character deserved. Those who attended the concert enjoyed themselves and showed by numerous bursts of applause that they appreciated the rendering of the various selections, and everyone spoke in the highest terms of the evenings entertainment. The solo parts were well rendered while the chorus showed the careful training of Mr. Kinney the conductor, and also the faithful practice on the part of the singers. The following program was rendered.

Failed to Pass.

Fred Ulen, B. Spencer, Wm. Hevener, B. Foor, R. Freland, B. Carter, F. McGrew, and F. Smith passed through here Monday morning to their respective homes at Ashland. They could not meet the requirements laid down by Uncle Sam. The boys are full of patriotism and grit, and are dissapointed because they could not pass. One of the Ashland boys said that all that was wrong with him was that he could not weigh in, and declared that a Roseburg boy ate seven pies, and drank a gallon of water in order to get the proper weight, and that his stomach swelled so tight that one could drive a buggy on it.

Murphy; Misses Josie Danielle and Z. Hyde and Mrs. Alida Swinden.

Williams; Misses Eva I. Sill, Abbie G. Stites and Myrtle Anderson.

Salem; Superintendent G. M. Irwin.

Grants Pass; Misses Olive Owen, Alice Smith, Odessa Thompson, Bernice Cameron, Maysie Foster, Louise May Davis, Maud Merritt, Edna Stustevant, Mary E. Griffith, Sara Scovill, Anna B. Wade, Louise B. Wade, Maggie Chiles, Florence Day, Astella Goodin, Mesdames C. S. Hobbs, Belle Huden, Theresa M. Jackson, J. A. Rusk, Messrs. W. F. Cameron, Zera Pool, G. A. Savage, David O. Hayes, J. R. Scovill and F. Dukes.

The teachers assembled were called to order Monday by the superintendent. After a futile attempt to place a secretary in nomination, the supt. appointed Mr. Lincoln Savage secretary and Miss Maud Merritt assistant secretary. After a short talk on organization by Supt. Hayes, state Supt. Irwin gave a short talk in favor of the state teachers association in which he emphatically presented the great benefits to be derived by attending said association.

The first subject introduced was primary work by Mrs Jackson, this was a very able paper and there was a brief discussion on the merits of the subject and in the manner of their presentation.

The subject of mental arithmetic was introduced in a paper by Lincoln Savage. In this the author laid great stress on mental arithmetic as a beneficial factor in the cultivation of the power of reason, cultivation of exactness of expression and the art of simplicity of analysis. This paper brought some general discussion and quite a number of the teachers became very much interested and the discussion ended only because dinner time was announced by the Supt. Institute was dismissed to meet again at 1:30 p. m.

AFTERNOON SESSION.

Institute was called to order and after singing the song, "Red White and Blue" the roll was called. Two of the members were marked tardy by not responding to roll call.

The subject of literature and history was very ably presented in a paper by Miss Astella Goodin, of Grants Pass.

The subject of school devices was next presented in a paper by Miss I. Sill. This paper was heartily endorsed by nearly every teacher present for its great value in keeping all pupils busy. This paper was particularly interesting for its originality on the part of the person who delivered it.

TUESDAY, MAY 10.

Institute was called to order at 9:30 by Supt. J. D. Hayes. After singing a patriotic song, roll was called. There were but very few who failed to respond to roll call.

The first subject introduced was, "Character Building, the Purpose of all Education." This subject was very ably handled by Prof. W. F. Cameron. This was followed by state Supt. Irwin, who spoke for some time on character building, giving great emphasis upon the teaching of morality as one of the most important elements in character building.

"Methods of Discipline," was very ably presented by Mrs. Belle Huden. In this paper Mrs. Huden showed plainly that she is mistress in the art of discipline in school work.

In the afternoon session, because of the absence of Prof. C. S. Price, the subject of "Elements of Success in Teaching" was not presented. The subject "Reviews and Examinations" was warmly discussed and when recess was announced the discussion still continued during the whole recess.

After recess State Superintendent Irwin gave a lecture on "School Law and Requirements of Teachers." In this talk Supt. Irwin touched upon his official career, stating that he had performed the duties of his office carefully and diligently, having uppermost in his thoughts the interests of the schools of this state.

Institute closed by Supt. Hayes, in behalf of the teachers of Josephine county, extending thanks to Supt. Irwin for his kindly interest and help during our institute.

LINCOLN SAVAGE, Sec'y.

Another Candidate for County Clerk.

We are authoritively informed that John Sherer has yielded to the persuasions of his friends, and will run as an independent candidate for county clerk. This makes four candidates now in the field, viz: Roy Bartlett, republican, Ray Everitt, populist, J. W. Howard, democrat, and John Sherer, republican. We surely have a variety of candidates from whom the most disgruntled can choose. Nor do we know that these are all the candidates likely to bob up between now and the 6th of June. The woods are full of men who are so self sacrificing that they are more than willing to serve the dear people in almost any old capacity.

Teachers Examination.

Notice is hereby given that for the purpose of making an examination of all persons, who may be applicants for teachers of the public schools of this county, the county superintendent thereof, will hold a public examination at the court house in Grants Pass, beginning at 1 o'clock p. m. on Wednesday, May 11th, 1898. Dated April 28, 1898.

A Man Who is Tired

All the time, owing to impoverished blood, should take Hood's Sarsaparilla to purify and enrich his blood and give him vitality and vigor.

This condition of weakness and lack of energy is a natural consequence of the coming of warmer weather, which finds the system debilitated and the blood impure.

A good spring medicine is a necessity with almost everyone. Hood's Sarsaparilla is what the millions take in the spring. Its great power to purity and enrich the blood and build up health is one of the facts of common experience.
