Tuesday of this week there occurred a little pugilistic encounter between a couple of men near the Layton House corner because of some difference concerning amount due one of them for work done in a mine. We will say to these men that, though they are not likely to be disturbed for fighting in the streets of Grants Pass, it is not wise to attempt to settle difficulties in this manner. In this case we are unable to say who was in the wrong but the law was violated nevertheless, and though each walked up and paid his fine of \$5, it looks bad for men to fight.

Frank Metzinger is on Pleasant creek, Jackson county, where he intends to spend some time prospecting.

Mrs. J. A. Crutchfield and family left Wednesday morning to join the husband and father in northwestern Texas, where he is located as pastor.

Mr. Louis Jenness, representing "Alabama" was in town Tuesday, looking after the welfare of his company which plays here next Saturday night.

Alex George and his sister Miss Lucy, came over from Kerby last Saturday and Miss Lucy took the train Sunday morning for Ashland to attend the normal.

Joseph Pollock and wife expect to start for Colorado in two or three weeks where they will likely reside in the future. We dislike to have these people leave us but if they will we wish them well.

Tom Williams received letters from his brother Jack who is at his father's home near Plymouth, England last Saturday and Sunday. Tom says that Jack is anxious to return home and he will bring his father and mother with him if he can induce them to come.

J. A. Jennings is new in Portland where he went several days ago with the view of having his arm operated on. Mr. Jennings has suffered a great deal on account of this arm for the last 12 months and it seems that he can get no relief. He will likely have the arm amputated before he returns to the Pass.

Dr. H. C. Thompson of Berkeley, Cal., has been engaged to occupy the pulpit of Bethany Presbyterian church in this city for two or three months, or until such time as some one is called to the Pastorate. Dr. Thompson is a man of scholarly attainments and a gentleman of the highest Christian character.

Ex-sheriff J. G. Hiatt of Hiatt's ranch has been in town for the past few days on business and shaking hands with his many friends. Mr. Hiatt informs us that business is good in his section and the people generally prosperous and contented. These rains that are falling so bountifully will make them happier still.

The many friends of H. W. Kinney will be sad to hear that this gentleman is rapidly failing. It seems that his time on earth can be but a short one, but he has borne his affliction patiently, murmuring not that his end seems so near. The mother and daughter have the sympathy of the community in their trying moments.

Rev. Robert McLean preached his farewell sermon at Bethany church, Sunday evening to a large and attentive audience. His text was taken from Acts 20th chapter and 26th verse: "Wherefore I take you to record this day that I am free from the blood of all men." These are the words of the Apostle Paul on the occasion of his departure from the elders at Miletus.

We learn that Mr. Wardle of Brown-town is now operating his Frank House ton mine with a full force of men. Mrs. Wardle, who has always been accustomed to New York City life seems to be enjoying herself, while the snow surrounds her mountain habitation to the depth of seven feet. The city has its charms and refinement, but the snow capped and solitary mountains have attractions that the city cannot give, and it is these that Mrs. Wardle is now enjoying.

Charley Hart of Kerby came to town Monday evening for a load of freight, but was unable to go out the next day on account of the heavy rainfall. Mr. Hart informed us that the roads are getting very bad on account of so much rain, but no one grumbles, because all realize that the rains are so badly needed. He says that the mines about Kerby and Alt house are running in full blast with the happiest lot of miners that can be found anywhere. Every one is jolly, eating heartily and working hard while the rains pour down in torrents and the snow piling up in the mountains for future use. Let the good work go on while all rejoice.

John Hickin and wife, Tom Hickin and A. Prezlausner of Michigan arrived this (Wednesday) morning and are stopping at the Josephine. The gentlemen are dredger people and they are in Southern Oregon to take a look at the mountain streams with the view of operating in this line. They expect to go out into the Illinois river section in a few days to see what they may find. We can say to them that the streams are full of gold, so to speak, and if they have a good system for extraction, dollars can be made.

Coughing injures and inflames sore lungs. One Minute Cough Cure loosens the cold, allays the coughing and heals quickly. The best cough cure for children.—W. F. Kremer.

Notice is given in this issue of the dissolution of the co-partnership between Bobzien & Moss. These gentlemen have been doing business in Grants Pass for four years and in that time they justly merited the confidence of the public.

Mr. Moss retires from the firm, while Mr. Bobzien will continue the business at the old stand. Mr. Bobzien needs no commendation to the people of Josephine county, for they know him. He is a straight business man and will do business on business principles. The Courthouse wishes him well, and also his part of the trade in his line.

Saur Kraut, Mixed Pickles, Canned Corn and Tomatoes, all Highest Grade at lowest figures at Pike's.

Mr. Evans made a tour of the coast counties of Oregon and Northern California some two years past, visiting Crescent City at that time, where he is favorably remembered by a number of our citizens—ourselves included—who will bear evidence of his efficient practice. His course, since that time, southerly and throughout the interior counties has been fairly traceable by the numerous compliments of our exchange newspapers. Such notices have been substantially gratuitous, and in summary of his fair and honorable dealings.—Crescent City News.

Dr. C. S. Evans is now located in Grants Pass. His office is in the Black-burn block. The doctor comes highly recommended as a practical oculist, optician and we wish him success.

## Calhoun Grocery Co.

Under the personal direction and management of Mr. Henry W. Laugneur, "Alabama," the most successful play of the century, will be presented on next Saturday night, January 14, at the Opera House. Mr. Laugneur has an excellent, well balanced and competent organization of players, and in their presentation of this beautiful play, the extremely flattering notices accorded them everywhere by the press, bespeak their merit. The scene, the sentiment and the surroundings of "Alabama" are all of the south before the war. The entire action is out of doors. The play is poetic, refined and full of delicate simplicity and tenderness. There are no blood and thunder parts, but the story told is extremely interesting. Augustus Thomas, the author, who also wrote "In Mizouri," is the first writer to catch the dreamy fancy of the South without doing violence to the natural sentiment and humanity of that sunny region. "Alabama" has, it is said, all the quaint delicacy of a pastoral yet it deals faithfully with fact, its poetry being the simple expression of genuine character. The company carry special scenery and light effects for their presentation of the play and a most pleasing evening's entertainment is assured.
