Killed in a Mine.

WALDO, Ore., March 27, 1899.—At 9 p. m. last night while Alex Young and Tom Bayse were plying in the Wimer Brothers' mine, a bank fell on Bayse, killing him instantly. Mr. Young was knocked down and partially covered up but not injured. They were 30 feet in front of the giant and within about 12 feet of a 23-foot bank which had been dipping for several hours. They were entirely too close to the bank. The giant was not near the cave. Mr. Bayse was warned at 6 p. m. to look out for the bank ahead. Wimer Brothers examined the bank at 6 o'clock and considered it perfectly safe at the giant. No blame whatever attaches to any one.
