The Medford boys who came down to play the Alerts, were Joe Hibbard, Joe Slinger, Tom McCannay, Emitt Hargdale, Jim Howard, Albert Elliott and Messrs. Cook, Biden and Anderson.

Warren Cameron, brother to Miss Bernice Cameron, who taught school in Grants Pass last winter, spent the day in town Tuesday. He came down to witness the ball game between the Alerts and the Medford team. A Mr. Cole came down with Mr. Cameron.

It is reported that the Victor Junior mining company has let the contract to parties to cut 1,000 cords of wood. This company, from present appearances, will do an extensive business in the mining line in that section.

There is a very kindly hearted lady in Grants Pass whose sympathies have been thoroughly enlisted in behalf of the poor cats which come to her house. She now has a family of nine and there will be more when these tell others of the bountiful repast in store for such as find the way to this kind lady's door.

The game of baseball between the Medford team and the Alerts of this city on Decoration day resulted in a victory for the former by a score of 11 to 4. The game was a well played one and very interesting from start to finish. This Grants Pass boys were doing some excellent playing when they whitewashed the Medford nine five times but during the later half of the sixth inning they made one or two bad moves which cost them the game. If the Alerts will continue to practice more or less, they will be hard to beat anywhere.

G. W. and W. M. S. Bailey were in town Wednesday.

F. O. Hurd, the Medford mining man, was on the streets recently.

Mrs. C. S. Evans left on the Woodman excursion for Eugene to visit her brother who is quite ill.

Austin S. Hammond, the Medford attorney was registered at the Josephine one day last week.
J. T. Love and wife of Lewis' station were in town one day recently doing some trading.

Miss Blanche Dean went to Ashland last Monday to remain for a time to visit relatives and friends.
Charley Hart was in from the Alto-house section last week for a load of freight for different parties.

Miss Allie Osborn of Leland was in town a day or two this week. She came up to attend Decoration day exercises.
Dr. Warren Cameron of Jacksonville and Sid Cole of Medford came down with the Medford boys Tuesday and returned Wednesday.

Marion Veitch and wife of Galice creek came up on Monday's train to join the Woodmen excursion for Portland. They will be gone some time.
John Longaker and sister, Mrs. Kriner, with her little daughter, arrived Tuesday night from Sacramento. John will make his home here now.

F. E. Norton and wife will this week move to the Greenback mine on Placer, where they will have charge of the boarding house for the company.
Mrs. McCarthy and daughter Anna went to Ashland last Monday where they will remain for some time, probably to spend the summer, now that school is out.

Willie Taylor of Kerby was among the number to take advantage of the cheap excursion rates to Portland last Monday. Willie has sold out his stock of goods at Kerby.

Charles F. Potter, the Colorado Springs Attorney, was attending to business in Grants Pass last week. Mr. Potter is interested in mines in the vicinity of Leland.

Mrs. N. F. Jenkins, Mrs. E. A. Wade and Mrs. John Hackett went to Ashland last week to be present when Mrs. Stevens, national president of the W. C. T. U., lectured there.

J. A. Jennings returned from Portland last Saturday after an absence of two weeks. He returns feeling much better and it is to be hoped that he will experience no further trouble from his arm.

L. D. Fay came in recently from his mine on Powell's creek, having cleaned up for the spring. He will not return to do any more work in the mine until fall, except, it may be, to get ready for the next winter's run.

Willie Taylor and family left last Monday evening for Walla Walla where they will in the future make their home. His father has been there for some time. Since you must go, Willie, we wish you well in your new home.

A. F. Nelson, of the Eureka mine, has been spending a few days in town recently. Mr. Nelson is running the mine night and day and there will be no occasion to close down at any time.

Fred Parsons of Ashland came down last Saturday and took home with him, Sunday morning, George Calhoun's little boy, who will remain with his grandmother while Mr. and Mrs. Calhoun are away at Portland.

S. W. Miser, a miner from Starveout creek, spent a day or two in town recently. Mr. Miser has a good placer mine on Starveout and if the same was worked on a large scale it doubtless would yield handsomely. Here is an excellent opportunity for capital to find a place to increase its stock.

Miss Carrie Farr left with the Woodmen excursionists last Monday for Portland from whence she will go to Walla Walla, Wash. to spend the summer with her father and mother. She will also visit relatives in Boise City, Idaho, before she returns to Southern Oregon.

Billy Falls, the Leland merchant, spent last Monday in town, returning the same evening. He informed us that there is no occasion for idle men in and near Leland, that all who are there now and want work can get it at \$2 per day. There is more money paid out monthly at Leland for labor than in any other place in the county.

J. D. Hayes, county school superintendent, spent last Monday in the Pass. Mr. Hayes has taken charge of the Union hotel at Kerby and will, in the future, be pleased to have the patronage of those who go that way. He has not closed out his dry goods and notions, but on the contrary has also added to his line a full stock of groceries.

Mr. and Mrs. D. A. Cordie went to Portland last Monday with the Woodmen excursion party to be gone a few days. They told us to say through the Courier that in their absence there would be left in their house three men with two good revolvers, three guns and six dogs and the burglars who went prowling about the premises would receive a warm reception. Surely there will be a hot time in the old town if the thief comes again.

Capt. Wheeler was a passenger on Monday's south bound train going to Medford. The Captain made an extended visit East but has returned and will, he informed us, make his home in Grants Pass. He is much better pleased with the climate of Southern Oregon than he is with the cold and changeable regions where the mercury in the winter season often registers from 20 to 40 degrees below zero. He tells us that he has lost not less than 25 pounds since he left here.

What shall We Call the Motto

Of the competent provider? It is contained in three words:

Appetizing, Pure, Nutritious.

Food supplies that enter the household should invariably deserve these three appellations without any "ifs" or half-way pretensions, and in order to live up to this standard her housekeeper must, of necessity, be dependent on the Grocer who supplies her with food products. If there's anything wrong with your Groceries we want to know it. We want you to have only the best. Your baking will be successful if good materials will make it so.

MARRIED.

THOMPSON-NAYLOR—At Santa Cruz Cal., May 25th, in the Presbyterian church by the Rev. Alexander Eakin, Rev. H. C. Thompson and Mrs. Laura Naylor.

Dr. Thompson supplied the Presbyterian church in Grants Pass for five months from January 1st, last, and when he left here he went direct to Santa Cruz where his intended was stopping. Mrs. Naylor, now Mrs. Thompson, was an intimate friend to Dr. Thompson's first wife and the two ladies corresponded regularly until Mrs. Thompson's death, five years ago. Mrs. Naylor has spent 15 or 20 years as a missionary in Japan. The Doctor and his wife will shortly move to Union, Ore., where he will supply the Presbyterian church for the next year. The Courier extends him and his lady congratulations and it wishes them success in the new field of labor.

BROWNING-TRIMBLE—In this city, May 20, by Judge Axtell, Law Browning to Miss Ella Trimble.

Mr. Browning was one of the former owners of what is now the Greenback mine and Miss Trimble is a daughter of William Trimble of Crescent City. The party went to Portland with the Woodmen excursion to be gone a few days. We wish you and your lady well and long years of happiness.

DIED.

LAHAUT—In this city Tuesday, the 30th, of heart trouble, Alva La Haut aged about 35 years.

Mr. LaHaut had been a sufferer for a long time from heart trouble and he came to Southern Oregon in hopes that his general health might be improved. Last summer he remained at Sweed Basin where his health did improve considerably, but during the past winter, he lost what he had gained, and Tuesday of this week his spirit took its flight to the God who gave it.

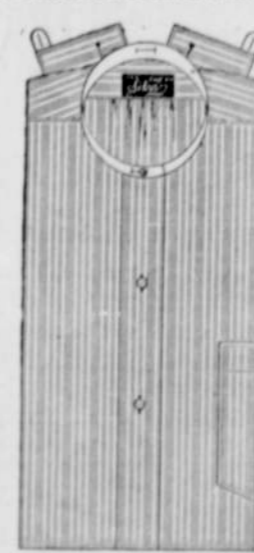

Wednesday night the corpse was shipped to Roseburg for interment as near that place as the deceased's old home. Our sympathies are extended to the wife and little boy who are left to mourn the loss of a husband and father.

Grants Pass Will do Herself Proud

This year on the 4th of July. The Committees are all appointed and are working hard to complete Suitable Arrangements. The Militia will help make it attractive, Captain Axtell having charge of this feature.
