Bullion Refined and Shipped.

GRANTS PASS, OREGON.

Pleased with it....

Those who use our high-grade Flour pronounce it the best they ever bought. It is especially excellent for bread, biscuit, pies, etc., and when used for cake and other delicacies it gives results that please all the family. The high grade quality of the Snowy Butte and Ashland Flour is due entirely to the care used in the selection of the wheat, and the skill and cleanliness employed in its manufacture.

Sold in large or small quantities at prices that please, for instance, 250 pounds of either of these brands for \$3.75. We also have the cheap-grade if you want it. Now is the time to lay in your winter's supply of Flour, it will not be cheaper but the chances are in favor of its going higher soon.

Teas that Refresh

Can be found here if not elsewhere.

We make a specialty of "good things," and Tea and Coffee are but two items from the almost innumerable list of best things. If you want things that are good and taste good, buy here.

We are now making a special display of Green and Roasted Coffees. Call in and see the quality and prices; they will surely interest you. We are selling a regular 20c Roasted Coffee for 15c, and a 30c one for 25c a pound. We can convince you that this is so. Our 12 1/2c Green Coffee is a bargain; there's nothing cheap about it but the price. We have about 500 lbs. of this particular brand that we will sell at 12 1/2c a pound or 9 pounds for \$1.00.
