Serious Accident.
Charles Alexander met with a severe accident on Tuesday. He was hauling wood, and had put temporary side boards on the wagon, which spread so as to interfere with the working of the brake, and in coming down the steep hill near the former site of H. C. Telford's shingle mill, the wood slipped off in front of the wagon, precipitating Mr. Alexander over between the horses, which began to run. He succeeded in riding the tongue for some distance and then fell under the horses' feet. The wagon struck a stump immediately afterwards and the tongue was broken out and the team was soon after stopped by Mr. Fay.
Mr. Alexander was terribly bruised, but it is thought no bones are broken, and that he is not dangerously injured.

E. C. DIXON,
R. O. McCROSKEY.

Pleased with it....
Those who use our high-grade Flour pronounce it the best they ever bought. It is especially excellent for bread, biscuit, pies, etc., and when used for cake and other delicacies it gives results that please all the family. The high grade quality of the Snowy Butte and Ashland Flour is due entirely to the care used in the selection of the wheat, and the skill and cleanliness employed in its manufacture.
Sold in large & small quantities at prices that please. For instance, 250 pounds of either of these brands for \$3.75. Now is the time to lay in your winter's supply of Flour, it will not be cheaper but the chances are in favor of its going higher soon.
