Entered at the post office at Grants Pass, Oregon, as second-class mail matter.

THURSDAY, MAY 31, 1900.

T. H. Tongue is an able man who is an honor to his state. He stands well to the front in recognized ability among the many eminent men in congress. He should be re-elected.

There is no man in this campaign better fitted for the office for which he is nominated than is H. C. Perkins, democratic and people's party nominee for county surveyor. Mr. Perkins is deputy U. S. mineral surveyor and enjoys a wide-spread and well-earned reputation for excellence in his work. He is well-known as a responsible man and one who always works for the best interests and the upbuilding of his section. A vote for him is a vote for one of Josephine county's best citizens.

The straightforward and manly announcement of Wm. H. Hampton, which appears on the first page of this issue, presents a pleasing contrast to the methods of those who oppose him. It is clean, gentlemanly, sufficient and effectual. Mr. Hampton is too well known throughout this county to be harmed by the malicious assaults which are directed against him. The head and front of his offending is, as is well known that he is "independent." Other charges trumped up against him fail to stand inspection. He is running to win and every vote for him on next Monday will be a rebuke to dominating partyism and political superstition.

The office of county treasurer is one of responsibility and trust. J. T. Taylor is a man who enjoys the entire confidence of every one who knows him, and his conduct of the treasurer's office has been of such character as to merit the unqualified and almost unanimous approval of the voters of this county. When a man shows himself to be a thoroughly satisfactory officer, it is sound policy to continue him in office for a second term. Not all good men make good public officers, and no better recommendation can be produced than a term of office capably spent. Mr. Taylor has this recommendation. His record speaks for itself and he stands on his own merits. He is an accurate, systematic and reliable official, and no mistake will be made in voting for him in next Monday's election.

Harry Lewis is an energetic and active young man who is able to take as good care of the sheriff's office as of a hydraulic placer or anything else of which he has had the management. Well known throughout the greater portion of the county as a man of ability and character, he is making a strong race. It is very certain that if elected, he will fill that position with credit to himself and the people of this county. In that part of the sheriff's office that relates to the arrest and detention of criminals, he is well qualified, being well equipped with the necessary nerve and determination. The clerical duties of the office will also be capably discharged under his supervision and in all the requirements and responsibilities of this important office, he will be found fully capable and efficient.

R. A. Booth, republican nominee for joint senator, is the logical candidate for this district. Having extensive business interests in all of the three counties of Josephine, Douglas and Lane, he knows the needs of the people and his ability to further their interests is of the highest order. He is a man of action and progression, a successful business man and one who knows how to get things done. He is a forceful and logical speaker and thinker and a man who will, in the senate, be an honor to the district that sends him there. As a man and a citizen, his excellence is well known and needs no comment. He is always found on the side of right procedure, and the best interests of the people. He is a live, forceful, capable and progressive man who will give his best efforts to the furtherance of the interests of his district.

There is no doubt but that the conduct of the office of district attorney by C. B. Watson during the past two years has been very satisfactory to the people of this district. The district attorney must be more than an able lawyer. One of the responsibilities of his office is that he must take some heed to the financial interests of his constituents and must be careful, while doing his utmost to maintain law and order, not to incur a great amount of needless expense in trying impossible cases. He should also be a man of conscience, and must not, for the sake of his official capacity, endeavor to fasten crime on a clearly innocent man. Mr. Watson meets all these requirements and is a very able lawyer. His record during his term will stand the most rigid investigation. His opponent, Mr. Reames, is conducting his campaign on the dubious lines of personal attack and is endeavoring to show Mr. Watson's record in the most unfavorable light, yet he has not been able to make any visible detraction from Mr. Watson's popularity, as it is built on too solid a foundation.

A term of office well administered is the best advertisement a candidate can have, and this is what makes Roy Bartlett the strongest candidate in the field. His re-election seems almost a certainty, as it should be. When a man is found who fills the requirements of his office so satisfactorily and completely as does Roy Bartlett, it would be a most unwise thing to turn him down after his first term. A candidate, when he comes before the people for election to an important office, should be able to furnish satisfactory proof of his fitness for the place. Mr. Bartlett as clerk, exhibits the best possible proof of fitness, a term of office so capably conducted that the comment is frequent that Roy Bartlett is the best county clerk that ever held office in Josephine county. When the voter casts a ballot on next Monday for Bartlett as clerk, he will help to elect probably the best man for the place that could be selected; one that is deficient in no qualification; one of proven capability and worth, and one whose election will further the best interests of the people by retaining an officer of solid merit, whose record speaks for itself.

RED STAR STORE,

W. E. DEAN, & CO., Propr.

Post Office Building.

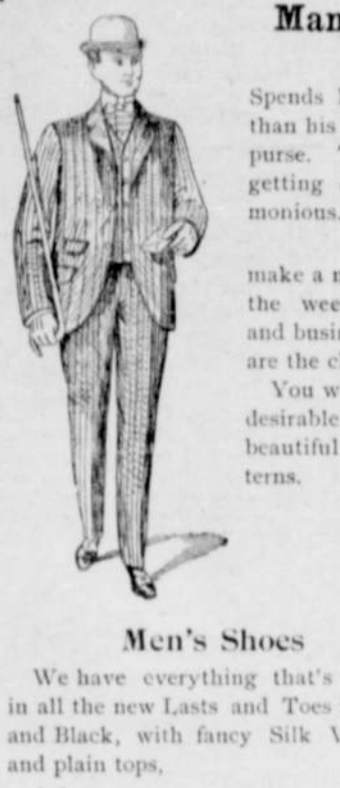
Lincoln Savage.

We wish to compliment the republicans of Josephine county on the nomination of Prof. Lincoln Savage for the office of school superintendent. Mr. Savage graduated from the Southern Oregon State Normal School in June 1896 with the highest honors for scholarship in a class of twenty three. He holds not only the normal diplomas, but also a life diploma, obtained two years ago from the State Board of education. He ranks high in scholarship and is a successful teacher and a young man of sterling qualities. The voters of Josephine county will do well to elect him to the office of school superintendent.

W. T. VAN SCOY,
Pres. Southern Oregon State Normal.

Wood wanted on subscription at the COURIER office.

Many a Well Dressed Man



Spends less money and look better than his neighbor who has the longer purse. That's judgment in buying—getting everything tasteful and harmonious.

Sack Suits

make a man look well every day in the week; nobby, comfortable and and business-like for the money, they are the cheapest suit you can buy.

You will find them here in all the desirable fabrics, choice weaves and beautiful pat terns.

Bishop's Appointments.

Bishop Morris has the following appointments for services in the Rogue River valley:

Wednesday, May 30.—Gold Hill.
Thursday, May 31.—Central Point.
Friday, June 1.—Jacksonville.
Sunday, June 3.—Ashland.
Sunday, June 3.—Medford.

The Ashland service will be at 11 a.m., the rest of the services at 8 p. m. A cordial invitation is given to all services.

In Memoriam.

WHEREAS. The footprints of death have once more, and in a very short time, marked the floor of our lodge, and removed from our midst, and from all eartly assocations, by the grim hand of death, our late respected associate and brother, Dr. C. W. Whipp, Past Grand. A sorrowing widow and eight children are grief stricken, by the loss of a kind and faithful husband, a loving and indulgent father. A large circle of acquaintances mourn the loss of a faithful physician, a genial companion and a worthy man. Our lodge and fraternity mourns an earnest and sincere worker, who will be sadly missed as secretary, a position which he has so acceptably filled since Jan. 2, 1892. In view of his many excellent qualities, enviable record as an upright citizen, a faithful officer and his devotion to the cardinal principales of benevolence and charity, so conspicuous in our beloved order. It is right and meet, that the members of our fraternity pay a tribute to his memory. Be it therefore

RESOLVED That in the death of Bro. Whipp, Kerbyville, Lodge No. 55, I. O. O. F., has lost a true and zealous Odd Fellow, his family, a tender husband and affectionate father; the community an honorable, upright and faithful citizen.

RESOLVED That we tender to Sister Whipp and family, relatives and friends, our most sincere and heart felt sympathy.

RESOLVED That as a token of respect for our late brother, our charter be draped in mourning, and that the brothers wear the usual badge of mourning for 30 days.

RESOLVED That a copy of these resolutions be engrossed in our minutes, and a copy presented to the family of our deceased brother, and that a copy of same be sent to the ROGUE RIVER COURIER for publication.

"Peace be with thee, oh our brother,
In the spirit land:
Vainly look we for another,
In thy place to stand."

Committee { F. N. NICKERSON, H. AKERILL, THOS. H. FLOYD.

Notice to Road Supervisors.

To the road supervisors of the several road districts in Josephine County Oregon, gentlemen:—Necessity demands, that each and every one of you carefully examine the bridges and continuously observe in your districts, and see that on all legal public roads in such, that they are at all times in good and safe condition for use of the travel, and if any appear to need some little repairs please fix them; and if any are in dangerous conditions, then post notice at each approach thereof, and report immediately to the county court, so that immediate steps may be taken to repair such; so that the bridges may at all times be kept as near as possible in good and safe condition for the public travel.

Very courteously yours,
ABE AXTELL,
County Judge.

Lakeview in Ashes.

The entire business portion of Lakeview, was destroyed by fire, which started in the Lakeview House, on Water street, Tuesday evening, May 22, at 8 o'clock. The U. S. land office, the bank and the three hotels are included in the burned district. The brick building owned by Dr. Daily, and occupied as a drug store by T. V. Hall was saved. Most of the buildings were constructed of pine and burned like tinder. The loss is difficult to figure, but will reach $350,000.

Lakeview is the county seat of Lake County, and is located at the mouth of a large canyon and against the hills overlooking the Great Goose Lake. It has a population of about 1000 which has been steadily increasing of late. It has churches and a $14,000 school; a bank with $254,000 paid up capital, six large merchandise establishments, 3 good hotels, restaurants, two weekly newspapers, the Examiner and the Register, a United State land office, telegraph and telephone lines, well graded and graveled streets; natural hot spring water and mud baths and pure mountain water. The town has been rapidly improving in the building line. A fine racecourse adjoins the town. Steps were recently taken to provide the town with a new system of water works for fire purposes, sewerage and power. The town is lighted by electricity. Lakeview is the largest town in that section, and is the market for the vast cattle business of that district.

A Minister's Mistake.

A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began: "Take Kemp's Balsam, the best Cough Cure." This was hardly what he had expected and, after a moment's hesitation, he turned it over, and found on the other side the matter intended for the reading.

District Attorney.

The official ballot carries the following designation for the office of district attorney: "A. E. Reames of Jackson county, democratic peoples silver republican." It may be a question in the minds of some people as to what position Mr. Reames occupies in this campaign. Is he a democrat? Is he a populist? Is he a silver republican? Is this straight democracy or is it fusion? Does he honestly expect by such a designation to catch democrats who are not free silver men, to catch populists who are not gold standard men? Republicans cannot support him, democrats cannot support him, populists will not support him, because he attempts to stand on too many platforms at once.

Reames and Colvig in their "Times" editorial and Reames in his over trained speeches says that Watson has never won but one case. How does he account for the fact that Mr. Watson has 19 people in the penitentiary today?

What sort of an estimate does this editorial firm of attorneys place upon the intelligence of the people of this district by declaring such palpable falsehoods in the face of the records of every county in the district?

The people of this district would prefer to take the record of the courts as evidence of the qualification of its officers than to take the contradictory statements of men whose statements on the face of them bear their own refutation. Perhaps at no time in the history of the First Judicial district has there been such a reckless, mud-slinging campaign as that made by Mr. Reames and his partner, William M. Colvig against Mr. Watson, whose campaign has been quiet, dignified and unaggressive. Mr. Watson's administration as district attorney, as the records show, has been one of the most economical and successful the district has ever had. It would be silly to expect that a physician or a lawyer would run through a series of years without losing a case, but the cases lost by Mr. Watson are remarkably few and were most stubbornly contested. The people of his district will resent the imputation against their intelligence which is offered by the character of campaign made against him. The assertions made in regard to the Edwards case are so palpably false that they need no refutation. That case was tried by District Attorney Watson and Judge J. R. Neil for the prosecution and by Colvig and Reames and E. D. Briggs for the defense. A week was occupied in the trial and the jury hung 17 hours before reaching the verdict of acquittal. Colvig and Reames publicly announced their own congratulation for the winning of this case because of the very stubborn and admitted ability with which it was prosecuted. The evidence was wholly circumstantial and any invidious reference made to it for the purpose of reflecting upon the district attorney is demogoguery only fitted to a pettifogger.

The question will be settled next Monday as to whether the people of this district will continue a man in office who has given the most capable administration or whether they will take one who has openly and palpably violated that rule of law which says that a man "found false in a part of his testimony is to be distrusted in all."

Mr Custar Returns to the Field.

MURPHY, Ore., May 28th, 1900.

To the voters and tax payers of Josephine County: I wish to say now why I made the statement in the COURIER of last week, that I would withdraw my name from the ticket. It is that I felt that I was called upon for more than my portion of money for campaign purposes, as I did not wish to take the time from my farm work to go over the county and see the voters, and spin campaign yarns, as I am willing for them to vote for whom they please, and as they please. Since then, many of my friends have urged me not to withdraw, and as the tickets were already printed with my name on them as candidate for assessor I have decided to take their advice and allow my name to go before the people and for them to decide on whom they want for their next assesor.

Yours for clean politics,
A. D. CUSTAR.

Treasurer's Notice.

Notice is hereby given that there are funds in the county treasury for the redemption of the following warrants protested to April 1, 1891. Interest on same will cease from this date, May 10, 1900.

J. T. TAYLOR.
Treas. Josephine county, Oregon.

Mining Notes.

G. N. Bolt has bonded the Sugar Pine ledge at Galice to John E. Lutz, the purchase price recorded being $2,000.

Dan L. Green came up from Galice Tuesday evening. He has closed down his placer for the summer after the most profitable run for years.

James Davis, on Lente gulch of Forest creek, is still picking up nuggets and must have a large sack full of them, as he has been picking them up all winter. They vary in size from $1 to $20, and the claim seems to abound in them. Sufficient is already known of the season's work from what can be seen that it will be very large and far surpass that of any former year.—Medford Mail.

Jim Dean was in town for a few days last week. He has been occupying his time lately in cleaning bedrock at the Dean placer near Galice. This is a property of considerable extent and the ground is of proved excellence. The principal drawback under present conditions is the shortness of the water supply, necessitating a short run in ordinary seasons. There is a good water supply which could be put on the property and this will undoubtedly be done some time in the future.

W. D. Gardner, who made a remarkably rich strike on Boland creek last winter, is still working and developing his prospect. The gold comes from a small stringer of immensely rich ore, which is continuous, and runs to bunches or pockets. The quartz is light colored and the gold is bright. Some of his rock is more than half gold. There is a fair possibility of the vein widening as he goes down, but whether it does or not, a small vein of such rock as we have seen from his place is sufficient.

Messrs. Cousin and Atkinson have added value to their properties on Galice creek by acquiring title to one of the finest water rights in Southern Oregon for mining purposes. They have now most of the placer ground on the south fork of Galice covered by two large ditches, and during the summer Mr. Cousin will fit up to run in three or four places with pipe and giant. They have spent several thousand dollars in improvements during the past year and have a body of gravel opened up that bids fair to be one of the principal gold producers of that section.

J. F. Wisecarver came in last week from Boland creek, where he had been visiting his mining property, and took Friday evening's train for McMinnville. Boland creek is a tributary of Sucker creek and heads near the tributaries of Althouse in one of the richest mineral districts of this county. The property in which Mr. Wisecarver is interested is a hydraulic placer which has been fitted up with a hydraulic equipment for the past two years. The gold secured is both coarse and fine, the largest piece found weighing about $43. The ground yields very lucratively and the richest channel has not yet been opened for operation.

Vote Right.

The address of John G. Wooley on last Friday evening should be an inspiration to prohibitionists. To those who believe in the cause and who honestly desire the suppression of the liquor traffic, yet do not honor that cause with their votes, it presented much material for deep and profound meditation.

The central thought and keynote of his address was individual responsibility; that even though the individual can see no visible result from his efforts, that does not release him from his duty. When a man votes against the liquor business he releases himself from partnership with the system. When he votes with it he is a part of it.

It is fallacy to say that there is any more immediately important measure before the people. The elimination of crime solves all political problems. The suppression of the liquor business would not eliminate all crime, but would abolish a large percentage of it.

Don't be politically blind. You know that candidates on both sides are trying to ride two horses at once and are doing it. They are holding the respectable vote of their parties while dealing out whiskey to catch the other kind. Party prejudice makes this possible.

When you go to the polls next Monday, vote in your conscience. Be with the clean crowd. Dissolve your partnership with the saloon.

TEMPERANCE COMMITTEE.
C. E. Society.

Catarrh Cannot be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this county for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Hall's Family Pills are the best.

For Road Supervisor.

A word to the voters in regard to the road supervisor will not be amiss at this time. The office demands a man who has experience and good judgment in this line of work. Good roads are among the very important things which we need. The placing on the ticket for this office, by the democratic and people's parties, of J. W. Coffman, was a wise selection. He is a man of good solid ideas in road matters. He is a teamster, a man who uses the roads himself constantly, one who knows the difference between good roads and bad roads and the best methods of permanent improvement. If elected, he will probably be able to accomplish as good results for the same expense as any one who could be selected in the district.

SUBURBAN.

It is scientifically affirmed that in the thirty years which follow the change from the girl to the woman, beginning at fifteen and ending at forty-five, the average woman spends ten years of that time in physical suffering caused by irregular periods, disagreeable drains, female troubles, or other derangements of the functions of the delicate female organs.

Think of it! One-third of the best years of a woman's life spent in a struggle with pain.

It is no wonder that women everywhere are full of unbounded praise and gratitude for Dr. Pierce's Favorite Prescription. It does away with all suffering due to the diseases of the organs peculiarly feminine. It regulates the periods, stops the disagreeable drains heals inflamed and ulcerated conditions, and cures female weakness. It brings all the delicate female organs into natural, healthy and harmonious action.

There is no opium or other narcotic, and no alcohol, whisky or other alcoholic stimulant in "Favorite Prescription."

Sick women are invited to consult Dr. Pierce by letter, without charge. Write freely. Every letter is treated as strictly private and sacredly confidential.

Mrs. M. F. Long, of Le Loup, Franklin Co., Kans., writes: "Words cannot express how grateful I am for your kind advice and good medicines. I have been in poor health more or less all my life. In the past nine years grew worse, and two years ago I was so poorly could hardly drag around. I consulted a specialist, and he said I had ulceration and that an operation would have to be performed. This did not seem necessary to me, so time went by, and I at last wrote to Dr. Pierce asking advice. I bought two bottles of 'Favorite Prescription,' two of the 'Discovery' and two vials of the 'Pellets' as advised. When commencing I weighed 119¾ pounds, and after taking one bottle of each I was like a new woman. In one month I gained eight pounds. After taking two bottles each of the medicines named, I began to look like a woman and not like a wasted skeleton. That weary tired feeling all left me, and it did seem as though life was worth living."

Dr. Pierce's Pellets cleanse the skin.
