CONTAGIOUS BLOOD POISON

Contagious Blood Poison is the most degrading and destructive of all diseases, as it vitiates and corrupts the entire system. The first sore or ulcer is followed by little red pimples on the body, mouth and throat become sore, the glands enlarge and inflame, copper colored splotches appear, and hair and eyebrows fall out. These are some of the milder symptoms; they increase in severity, finally attacking the vital organs; the body is tortured with rheumatic pains and covered with offensive eating sores.

It is a peculiar poison, and so highly contagious that an innocent person handling the same articles used by one infected with this loathsome disease, may be inoculated with the virus. It can be transmitted from parent to child, appearing as the same disease or in a modified form—like Eczema or Scrofula.

Many an old sore or stubborn skin trouble appearing in middle life, is due and traceable to blood poison contracted in early life. You may have taken potash and mercury faithfully for two or three years and thought you were cured, but you were not, for these poisonous minerals never cure this disease; they drive it from the outside, but it is doing its work on the inside, and will show up again sooner or later. You may not recognize it as the same old taint, but it is. S. S. S. has cured thousands of cases of Contagious Blood Poison, and it will cure you. It is the only purely vegetable blood purifier known, and the only antidote for this poison. S. S. S. cleanses the blood thoroughly of every particle of the poison—there is never any return of the disease.

Mrs. T. W. Lee, Montgomery, Ala., writes: "Several years ago I was inoculated with poison by a diseased nurse, who infected my baby, and for six long years I suffered untold misery. My body was covered with sores and ulcers. Several physicians treated me, but all to no purpose. The mercury and potash they gave me seemed to add fuel to the awful flame which was devouring me. Friends advised me to try S. S. S. I beg in taking it and its proved from the start and a complete and perfect cure was the result."
