An Important Announcement.

We desire to call the personal and

immediate attention of each and every

one of our readers to the exceptional

terms upon which we are prepared to

offer the representative journal of

Agriculture, Farm and Home, in con-

nection with this paper. Everywhere

throughout the country Farm and

Home is known and recognized as a

journal of the highest standard. Its

sound common sense, practical teach-

ings, terse paragraphs, originality and

pluck have won for it a place at the

head of the agricultural press. Its

circulation, exceeding 300,000

copies each issue, is in itself a telling

testimony of its practical value and

intrinsic worth. Our subscribers will

do well to read the announcement and

avail themselves of an opportunity to

secure, at a trifling cost, a paper which

will return them a thousand per cent on

the investment in the useful hints and

teachings to be obtained from its

pages. To all we say, try Farm and

Home a year, and you will never regret

it. A copy of Home and Contrivances,

a most useful book, containing 800 pages

and 750 illustrations, is included with

each subscription.

Local Teachers Institute.

A local teachers' institute will be held

at Kerby on January 26 by Superintendent

Lincoln Savage, in conformity with

the following section of the school laws:

The County Superintendent shall organize

and hold at least three local institutes

annually in various parts of the county at

such times and places as he may deem most

expedient, and he shall secure at these

meetings as far as practicable, the attendance

and cooperation of school officers, teachers

and parents.

officers, parents and all others interested in

school work to attend and assist in the work.

Now is the time when cramp and lung

troubles prove rapidly fatal. The only

harmless remedy that produces immedi-

ate results is One Minute Cough Cure. It

is very pleasant to take and can be

relied upon to quickly cure coughs, colds

and all lung diseases. It will prevent

consumption.—Dr. W. F. Kremer.

Council Meeting.

The city council met in regular ses-

ion on Thursday evening, Jan. 3.

Councilmen Haskins and Hood were

absent.

A petition was read for changing the

location of the electric light near the

Catholic church. Petition was granted

on condition that no expense to the

city should be incurred.

The ways and means committee sub-

mitted a report in regard to the tax levy

for the ensuing year. Their estimate of

expenditures was \$6995; revenue, \$4200,

and advised a 10 mill levy. On a

property valuation of \$350,000, the levy

will considerably more than meet the

anticipated expense.

The judiciary committee reported on

a petition on sidewalk on Third street.

As the petition was not signed by the

requisite number of property holders,

on motion it was laid on the table.

The street committee advised going

ahead with opening up the extension to

Bridge street.

The following bills were allowed:

Cramer Bros., \$9.70; John Patrick,

\$46.80; Harvey Galbraith, \$2.40.

The saloon bonds of A. Lempsko and

August Fetsch were presented and

found correct. Bonds were approved

and licenses ordered issued.

Two communications from fire hose

manufacturers were read quoting prices

of hose, but the weight of opinion was

adverse to purchasing any more hose

at present.

A communication from the Western

Clay Co. of Portland, quoting prices on

tile for curbs was read. This matter

has been under consideration for some

time and it was decided to purchase a

car load of this material, it being

apparently cheaper than lumber when

the matter of durability is considered.

Scott Griffin addressed the council in

behalf of an Eastern company who had

under consideration a prospect for bor-

ing a well for oil or gas, for which the

formation is thought to be favorable,

or for artesian water and who wished to

have some understanding with the city

in regard to a franchise for furnishing

water or gas if such enterprises should

prove successful. The council were

adverse to taking any action as long as

there was nothing tangible to be offered,

but offered the assurance that anything

in that line offering pecuniary advan-

tage to the city would be favorably con-

sidered.

The matter of obtaining a docket for

the use of the police judge was referred

for consideration to the judiciary com-

mittee.

Old People Made Young.

J. C. Sherman, the veteran editor of

the Vernontville (Mich.) Echo, has

discovered the remarkable secret of

keeping old people young. "For years

he has avoided Nervousness, Sleepless-

ness, Indigestion, Heart trouble, Con-

stipation and Rheumatism, by using

Electric Bitters, and he writes: "It

can't be praised too highly. It gently

stimulates the kidneys, tones the

stomach, aids digestion, and gives a

splendid appetite. It has worked won-

ders for my wife and me. It's a mar-

velous remedy for old people's com-

plaints." Only 50c at Dr. Kramer's

drug store.

Richard & Pringle's Georgia Minstrels.

Do not forget the day and date of the

Richard and Pringle's Mammoth Min-

strel performance next Monday evening,

Jan. 14, at the opera house. Nothing

to equal it will be seen here again this

season. Fifty royal colored minstrel

entertainers appear at every perfor-

mance and fun runs riot through the

entire lengthy program of varied acts,

big hits every one of them. Study this

list: Jax, Moore, the funniest comed-

ian in minstrelsy; the Housey Brothers,

emperors of music; the military novelty,

"The Black Watch Drill," Harry Fidler,

delineator of Ethiopian songs and

dances; the Alabama Quartette, in their

latest song success, and many other

features, besides an elaborate first-part,

never equalled in this style of entertain-

ment.

Watch for the big street parade as

advertised, taking place at 11 a. m. and

2:30 p. m.

No External Symptoms.

The blood may be in bad condition,

yet with no external signs, so min-

orution or sores to indicate it. The

symptoms in such cases being a variable

appetite, poor digestion, an insupportable

weakness and nervousness, loss of flesh

and a general run-down condition of the

system—clearly showing the blood has

lost its nutritive qualities, has become thin

and watery. It is in just such cases that

J. S. S. has done some of its quickest and

most effective work by building up the

blood and supplying the elements lacking

to make it strong and vigorous.

"My wife used several

bottles of J. S. S. as a

blood purifier and

to tone up a weak and

emasculated system, with
