Geo. P. Furman, who was appointed day police at the last council meeting has declined the office and C. H. Marshall has been appointed in his stead. Mr. Marshall has several times officiated with credit in this city as special or extra police.

The "Dutchess"

There's a county way down in the old Empire State, Where the valleys are rich and the streamlets are great; Where the swift wheels of industry ceaselessly roll, And their rhythmic hum is the joy of the soul.
The county of Dutchess—as all men should know, Where the classic old Hudson's blue waves ever flow, Where the famed Dutchess Trousers, well known to the trade As the best, and the strongest and cheapest, are made.
The county and trousers both wear the same name—Some ladies in Europe are wearing the same—(The title, I mean, not the garments of course) Although the dear creatures might do a deal worse.
Our motto is this: "From the sheep to the man." We've adopted a novel and excellent plan: In each town and city the whole country o'er, We have one special agent, and not any more.
But this is the point we wish you to see: There goes with each pair a complete guarantee: If a button comes off during two months of wear, We will pay you ten cents—don't you think that is fair?
And more: If you find that the trousers should rip, At the seams of the waistband, the seat, or the hip We will pay you a dollar, or hereby agree To give you a new pair of trousers, scot-free.
