On to San Francisco.

The Bolton & Peil excursion which leaves for San Francisco on December 20 gives a very convenient opportunity at a very moderate cost for visiting the great city of the west. San Francisco is rightly termed "the Paris of America" and a visit there, especially in the mid-winter, can not fail to be brim full of interest and enjoyment. Then there are many to whom such a trip would be a combination of business and pleasure and those who expect to visit the city during the winter should so shape circumstances as to make the trip with this excursion.

The excursion leaves on the regular 10 o'clock overland on the morning of Dec. 20 and gives 10 days in San Francisco, though the return may be made sooner if desired. The fare is \$12 from Ashland, with excursion rates from here to that city if there are 10 or more excursionists. Children under 12 years are given half rates. Baggage may be checked as on the regular tickets. Pullman accommodations may be secured by paying the extra rate and berths, when desired, should be secured in advance.

Some Fancy Feathers.
Fancy feathers, trimmed hats, all trimmings and every thing at a reduction at Miss Weston's Millinery Store, Mrs. Weidman's old stand. Every thing goes at reduced prices.

Darkness Prevailed
A rise of Rogue river last week took out a portion of the W. L. and P. Co.'s dam. The part that broke away was the older portion and not that which was recently built up by the present company. The water power having failed, the steam plant was started to operate the electric light but a breakage in the engine occurred almost immediately, so that the city was plunged in utter darkness for several nights. An order was sent by telegraph to replace the broken piece and on Friday evening the lights were again in running order.

Schumanns Concert Co.
The entertainment given by the Schumanns Concert Co. on Saturday evening was one of the most enjoyable and altogether one of the best musical events ever given in Grants Pass. Every member of the company was an artist. The audience exhibited the most thorough appreciation by encoring every number of the program, the musicians responding always with the most pleasing good nature. While every number pleased the audience, it is probable that the favorite among the members of the troupe was Miss Edith Adams, the 'celloist. Her music was exquisitely beautiful and the ease and grace of her stage appearance added a charm to her selections. Mrs. Robert Goldbeck, the pianist, played with ease and delicate expression, while the vocal numbers by Miss Beard and Mr. McPherson fulfilled all high expectations. Music lovers who attended this concert enjoyed a season of absolute enjoyment such as they seldom have an opportunity to experience.

Christmas Ball.
The next dancing event will be the Christmas dance given by the D. of H. at the opera house on Christmas eve. This organization has on previous occasions, distinguished itself in giving dances which were exceptionally pleasant and in every way successful and it is the aim in the present instance to arrange a dance that will fully equal its predecessors in quality of pleasure. Mr. and Mrs. Demaree are expected to be here from Placer and will lend their musical assistance to the success of the event.

The following committees will officiate: Mrs. Wilson, Mrs. Gray, Mrs. Cornell, Miss Gertie Coron, Miss Hattie Cook; reception, Mrs. Stephens, Mrs. Perkins, Mrs. Alford, Mrs. Thornton. Dance tickets, \$1; spectators, 25 cents.

New Year's Ball.
The popular orchestra, "The Six," will give the New Year's ball at the opera house on New Year's eve, Dec. 31. They are making thorough preparations in due time for the arrangement of a most enjoyable event, and the new year will be ushered in with joyous festivities. Following is the instrumentation of the orchestra: Miss Ada Umphlette, violin; Waldo Greene, cornet; Ted Palmer, trombone; Fred Cheshire, tuba; Miss Ethel Palmer, piano; Carl McCroskey, drums.

Raisins, (good cooking), per pound 5 cents—White House Grocery.

Disappearance of Mr. Hall.
Quite a sensation was evident last Saturday when it was announced that John Hall, one of the very well known residents of this city had disappeared and no trace of him could be found. As the succeeding days passed and no light rewarded the anxious searchers, the excitement became quite intense and grave fears of foul play were entertained. It was recalled or asserted that on Friday night, when he was last seen, Mr. Hall had exhibited some money at one of the saloons at which were two hobo, suspicious looking characters, and these were said to have left the place soon after Mr. Hall's departure. To add to the sensation an opinion was delivered by a medium that the dead body of Mr. Hall was lying under a woodpile, and the woodpiles up the track were overhauled by searchers in order that no stone might be left unturned. Arrangements were being made to have all the empty box cars searched that had been in the yards on Friday night, but on Monday, word was received from Grave creek that Mr. Hall was at his mine there, sound and in good health. The sensation and search experienced a sudden check.

Freight Train Wreck.

An extra freight train under the charge of Engineer Ramage and Conductor Morlan, was wrecked early Monday morning between Dillard and Roseburg. In rounding a curve, a car loaded with sugar left the track and two other cars followed. The track was badly torn up and the cars were damaged considerably. One man was killed. He was riding on the brake beams and was caught and crushed when the car toppled over. By letters on his person he was identified as Homer M. Roll of Cincinnati, Ohio. He was about 22 years old.

Come and See.

Searing in of recruits at the Salvation Army Thursday night, December 19. Coffee and cake will be served at the close of the meeting. Every body is invited to attend.

Warning to Yawners.

Mrs. Harry Hibbard yawned at a ball at Sons of Veterans hall in Walla Walla, Saturday and broke up the dance. Mrs. Hibbard opened her mouth to the fullest extent, and when she under took to close it the hinges stuck. The jaw absolutely refused to close even when considerable pressure was brought to bear. When closed by main force, the jaw would immediately fly open as soon as released. The announcement created intense excitement, and the dance broke up. A doctor was called, and the unfortunate woman removed to her home. After a few hours' work the trouble was corrected.
