

Very Trying

"Johnny," said a provincial grocer to the new boy, "what kind of butter did you send over to the Hendersons?"

"Some of the rolls here," said the new boy respectfully.

"Oh, great Caesar!" groaned the grocer. "Sent 'em some of that god butter just after I have got 'em down to this here in the bagel! Sent 'em the best butter in the shop just as I finish a two years' course of getting 'em down to the barrel butter! Gave 'em a taste of good butter after I have got 'em to think this barrel butter was the best in the world! And still you say you hope to own a grocer's shop some day! The taste of that bitter you sent 'em will awaken all their old slumbering desires for good butter, and I'll have to work another two years getting 'em down a little poorer each time before I get 'em where there's any profit on 'em again! You might just as well put on your coat and go. Groceries ain't your line!"—London Tit-Bits.

Award of Prizes.

The guessing contest in "The New Year's Gift Distribution" closed on the evening of December 31. The count was begun immediately after the close of the contest and it was nearly one o'clock when the count was finished and the winning tickets segregated. The whole number of tickets was found to be 8530. The accurate guesses are as follows:

Miss Arel Hathaway wins the bicycle, guessing \$520. The wheel is a Hartford and has been on exhibition lately at Cramer Bros. It is a handsome and valuable prize.

The photograph, the second prize, was won by E. T. Robbins with a guess of \$832.

R. M. Eberle is the fortunate winner of the camera, with a guess of \$508.

J. P. Galester and S. G. Gordon are tied for fourth prize, the Columbia zither, with guesses of \$535 each.

While the winning guesses are very close, the greater number of the tickets were very wide of the mark. Perhaps 200 came within 50 to 100 of the correct number. The guesses ranged from 1 to 41,000,000. One man wrote "bicycle" on his ticket, signifying his wish. Another wrote "camera" on a number of tickets, but the charm would not work. Many omitted their names from the tickets while still others wrote their names but omitted the numbers. Combinations of numbers like 17,777, with one figure predominating, seemed to be favorites.

The count was made by R. L. Davis, John Randle, J. B. Paddock and A. E. Voorhies. The tickets were counted twice in the most accurate and careful manner and the winning guesses were systematically sifted out.

Early Closing Resumes.

In accordance with the expressed intention of the business men at their meeting on November 5, the early closing system was again resumed on the first of the year. Those represented at that meeting were: Calvin Welch, W. E. Dean, Hair-Riddle Hardware Co., Smith Bros., Claus Schmidt, Kinney & Truax, R. O. McCroskey, R. L. Coe & Co., T. B. Cornell, R. Thomas, H. C. Bohlsen, Grants Pass Grocery Co., H. T. Kessler and Cramer Bros.

Popular Entertainments.

Mr. Hays desires to say that he now hopes to be able soon to announce definite dates for the two remaining entertainments to be given under his direction to complete the course. They will both be stereopticon entertainments. One will be 50 or 60 of the best views of the famous paintings of J. James Tissot, illustrating the land and life of Christ. The other set has not yet been selected.

D. of H. Ball.

The grand ball given on Christmas eve by the Degree of Honor was given a good attendance in both dancers and spectators, though the hall was not crowded.

The dancing space was only comfortably filled, making it possible for the dancers to enjoy the occasion in the completest degree. The music was furnished by Demore's orchestra of five pieces; the same combination of musicians that furnished music for so many of the dances given in this city. The hall was enjoyed immensely by all who attended, and a neat sum was realized for the treasury of the order.

Horse Races.

A series of horse races took place last week at the granite track west of town. They were attended by large crowds and a very considerable interest was manifested in the events. The granite makes a superb winter track and the ground was in very good condition for racing. The track was a trifle soft, but not in the least muddy.

On Thursday afternoon there was a match race, \$200 a side, between Harry Lewis' Perganott and the Wooser, owned by Austin Baber. A very great interest was taken in this race and a large crowd was present to witness it. The distance was half a mile.

The Wooser was ridden by Gracie Baber and won the race very handsily in 52 1/2 seconds. Perganott was ridden by Guy Gravin.

On Friday afternoon, there were three races. The first was a half mile between Sweetland's Alpha Lea, Baber's "Hotstuff" Bessie and Perganott. Alpha Lea was the winner with Bessie second. The second was a pony race, 300 yards, between Gracie Baber's Lena A. and Bert Williams' Indian pony. Lena won by a safe margin, but by a dispute as to the fairness of the start, the race was repeated, with unchanged result. The last was a quarter mile race between Alpha Lea, Perganott and Baber's Sleepy Dick, who was the winner.

New Year's Ball.

The New Year's ball given on New Year's eve by "The Six" orchestra, was a very pleasant event to all who attended. The number in attendance was not so large as at some of the previous dances, but the floor space would have accommodated far more dancers without uncomfortable crowding. "The Six" furnished a delightful quality of music, greatly appreciated by dancers and spectators.

Attempted Hold-Up.

On Sunday night about 12 o'clock a vicious assault was made on Chas. Saunders with evident attempt to rob him. He was walking along Front street just below the Palace hotel when a man rushed upon him and dealt him several heavy blows upon the head with some weapon, which, however failed to knock him down or out, as was the evident intention. He called lustily for help and his assailant ran away a few paces, then returned and attacked him again, but again failing to knock him down.

Mr. Saunders' shouts brought a crowd to the scene in a very few minutes, but the thief made his escape, leaving no clue as to his identity. Mr. Saunders was quite badly cut about the head. The weapon, whatever it was, had a defined edge which cut more than it bruised. It is said that Mr. Saunders had about \$200 with him which he had imprudently exhibited at one of the saloons a short time before.

Mr. Saunders is an old time miner and packer of Galice, where he still lives.

The Excursion.

Quite a number of Grants Pass people took advantage of the opportunity offered by the Bolton & Fall excursion on Thursday to make a midwinter visit to San Francisco, the west's great city. These are the excursionists: Mr. and Mrs. J. A. Rehkopf and daughter, Miss Lola, Mr. and Mrs. W. S. Wood, Mr. and Mrs. J. E. Hyde, Mrs. H. Thornton, Mrs. A. C. Hough, Miss Lillian Hogan, R. G. Smith, Joseph Moss, O. C. Baker, Harry Jones, G. O. Fisher.

Gus Sun Minstrels.

The Gus Sun minstrels who gave an entertainment in the Opera house on Christmas night were given a very large attendance, the hall being well filled by the audience. A portion of their entertainment was first class. The dancing was very good. The singing fell far below expectations. Some of the voices were quite pleasant, but none were above the ordinary. Refinement was conspicuously absent in the jokes, some of which were too coarse for presentation to an audience. The athletics were first class and a female impersonator deceived the audience in quite a remarkable manner.

Southern Oregon Normal.

The Southern Oregon State Normal school will open on January 6. Special review classes will be formed for those desiring to take examinations for county or state papers. Should a sufficient number desire it, these classes will continue to the end of the year. The state course of study will receive special attention. There will be opportunity to teach in training school. Recent improvements enable the school to do better work in all departments than ever before.

School Notes.

During a week spent in visiting schools I found the new text books well introduced and the classes progressing as well as could be expected. In general the teachers are having more trouble with their classes in reading than in any of the other branches. This trouble lies principally in articulation and pronunciation.

In seven schools visited during the past week there is a total enrollment of 227 pupils with a total number present at the date of visit, of 174. In general the attendance is very good. The cause of so many being absent at time of visit was attributed to bad colds, resulting from variable weather.

The uniform eighth grade examination for February will be held on the 6th, 6th and 7th, of February 1902. LINCOLN SAVAGE, County Supt.
