A. E. VOORHIES, PROPR. & MNGR

FRED MENSCH, - - EDITOR Entered at the post office at Grants Pass, Oregon, as second-class mail matter.

THURSDAY, JANUARY 23, 1902.

An important, change has been made in the manner of the collection and application of road taxes. Hereafter, all road taxes must be paid in cash, while the road supervisor will hire men and teams, their wages being paid from the county treasury. A co roadmaster has been appointed, to have general supervision of the work, thereby giving road work and improvement a more connected system. The roadmaster will visit all portions of the county and confer with the supervisors as to the needs of the roads before making an apportionment.

Nearly \$500 has been subscribed for the permanent mining exhibit for The exhibit will not be limited to mine het dot I chammed mine blug hat The exhibit will not be limited to mine ears ofer unt, I sait mit sorrow, minerals, but will include agricultural products, timber, and sample products of any other industry which we have or may vonder, Katrina, so many doctors vonse where A next and suitable building will have. The present winter is the dryest known for many years. The placer mining enterprise is almost at a standstill, only those mines which secure their water Schneider Jr. "Himmel, sooch exfrom large areams being able to operate, travagantness" said I. Von toller mit It is not yet too late for a good and profit- eight cents, unt one toller, unt ninety et al. able run between now and spring if the six cents if Katrina was right; unt if rains should come soon. Otherwise it olt Schneider vas right it vas one Silva et al. will materially lessen the gold production of Southern Oregon for the year, though not to the extent that would dink mit mine-self out loud, unt Katrina have occurred in previous years, as there | yellet at me dus "Olt Schneider, dose are more quartz mines in operation than vas cents, not tollers." "Yaw, yaw, by ever before. The ratio between the dunder dot vas right" I sait. Katrina Hammond, Divorce. Dismissed. quarts and the placer is steadily changing in the direction of the former. Th quartz mines run independent of dry winters or climatic conditions. Their imized. Placer mining has been an industry of inestimable value to Southern Oregon and will be one of great importance for many years yet, though the future of the country is rightly said to lie in its quartz mines.

#### Council Meeting.

The common council of the city o Grants Pass held a special meeting on Monday Jan. 20, 1902, at 7:30 p. m., pursuant to the call of the mayor. or Kremer and Councilmen Binns Hough, Rehkopf, Lowis, Smith and Schmidt, were present.

The profiles, etc., showing grade of 4th street from A street north past M. T. Galvin's property were submitted, and the city attorney directed to draft an or dinance establishing same.

The question of additional street lights was discussed at some length and a light on D street near J. P. Tuffs' resi dence, one on G street near H. Hiller's and one on M street near P. Gravelin's place were ordered. A tax of 7 mills on the dollar was

levied for municipal purposes.

Bonds of Henry Walter, Eugene Kienlen and Coburn & Crowe for saloon licenses were approved and licenses granted.

An application of R. Huysink to ex-Burgess streets so as to straighten the money. streets was submitted; referred to street
