Whatever touches the working man's health touches his earnings. To him in the most literal sense, "time is money."

PAY ENVELOPE Every hour of time he loses figures in dollars and cents in the comfort of his home and in the well-heing of his family. Those figures on the pay-envelope that represent a "lay-off" enforced by sickness have their own story of suffering and struggle. Many times when the man does work, he works in suffering, for he cannot face an altogether empty pay-envelope, because that would mean an empty larder and hungry little ones at home. Very often the figures that represent the loss of time do not represent the total loss of money which has been spent on medicines that did not cure, or been paid to doctors who did not seem to understand the case. Here is a working man's story as he tells it himself, which will appeal to every other worker who knows what it is to "lay off quite often two and three days in a week" on account of sickness,

week" on account of sickness. "About ten years ago I began to have trouble with my stomach," writes Mr. Wn. Connolly, of 535 Walnut St., Loradu, Ohio. "It got so had that I had to lay off quite often two and three days in a week; my stomach would bloat, and I would helde up gas, and was in awild darner at each times. I have employed and been treated by the best doctors in this city, but get no help whatever. Some said I had cancer of the stomach, others instruct, others and stomach would be and the entry thing i aw advertised for dryapepsi and stomach trouble, but continued to get worse all the time. About twolve months ago I was in such a condition that my riseds had some far about my recovering. I called a doctor and he found me in very bad shape. Hands and timbs were cold and diripping with a cold sweat. He told me that I had a very bad case of chronic indegenitor, and ordered at injection of net soap saids way or other I happened to get bold of a vial of your 'Pellets,' and I thought they helped me. It was then it wrote to you for alvice. You told me that they helped me. It was then it wrote to you for alvice, 'we told me that they helped me. It was then it wrote to you for alvice, 'we told me that they helped me. It was then it wrote to you for alvice, 'we not holl me that they helped me. I feel tip-top, and better than I have for ten year.' years.

There are two or three statements in Mr. Connolly's letter which are almost identical with statements made by thousands of others who have been cured by the use of Dr. Pierce's Golden Medical Discovery. This shows that his experience is a common one among working men, and his cure and the means by which it was accomplished are, therefore, matters of interest to every fellow-worker. "I have employed and been treated by the best doctors in this

"These medicines ('Golden Medical Discovery' and 'Plensant Pellets') I have taken as directed, and an very happy to state that I commoneed to get better from the start, and have not lost a day this summer on account of my stomach."

"These three facts in Mr. Connelly's experience are home out by the experience of thousands of others. Doctors employed without benefit. Many medicines used and the condition growing worse instead of better. Finally the trial of Dr. Pierce's Golden Medical Discovery, with improvement from the start and in a short time a perfect and a permanent cure. You have a working man's word for these facts, and the word of thousands of fellow-working to back him up.

Spencer, of Blackstons, Va., and they helped my wife and myself so much that we do not know how to praise them enough," writes Mr. Victor L. Hayden, of Blackstone, Nontoway Co., Va. "I cannot express my gratification in words. I had been suffering from indirection to balls that I could not work half the time, but now can work every day and eat anything I grant. Why? Because I took Dr. R. V. Pierce's Golden Medical Discovery. It has put new life and energy in me, restored my health and made a man of me once more. I used to weigh rea but had gotten down to rat, now I an back to 160 and will soon be back to my old weight. Your medicine has done it all.
