Personal

Mrs. W. T. Coburn and family are visiting relatives in Ashland.

Mr. and Mrs. E. D. Weston and little daughter Lou returned from Bybee springs.

Mr. and Mrs. Harry Kessler and Miss Williams spent last week in the country.

Little Miss Moss has returned from visiting her aunt, Mrs. E. P. Tynan at Ashland.

M. D. Hudson and E. G. Cary are camping for a few weeks on the Applegate river.

Rev. R. L. Johnson and family left on Monday for a two weeks outing at Crescent City.

Mrs. C. E. Payne left last week for a few months stay with relatives in San Francisco.

George H. Binns and two boys spent last week at Crescent City. They returned Tuesday.

R. L. Coe went to Coleson Saturday to spend a few days with his family who are camping there.

Mrs. J. Hefner and little daughter have returned to their home in Fresno, Calif. after a month's visit with Mrs. Hefner's brother, Newt McGrew.

Mr. and Mrs. James left on Tuesday morning for their home in Illinois. They will spend a few days in San Francisco.

Mr. and Mrs. Fry and Miss Lou Brower visited the Fry boys' camp at Bybee springs Sunday. The boys are having a glorious time.

Miss Mary Coe, Miss Myrtle Adams, Anna May Thomas and Charles Vegalius went to Coleson Tuesday to join the Coe camping party.

Mr. and Mrs. A. P. Harth left on Friday for a visit in San Francisco.

Mrs. M. Clemens and Catherine also left the same day for a short stay at Pacific Grove.

G. E. Dodge returned to San Rafael, Calif. last Thursday, after spending a few days with the N. P. Dodge family. Mrs. L. C. Dodge will remain several weeks.

T. F. Croxton and Will Ireland together with Misses Oeyth Croxton, Edna Parker and Madge Marshall left for Crescent City Tuesday morning. They expect to spend two weeks at the coast.

Adolph Rotermund visited Grants Pass one day last week. Mr. and Mrs. Rotermund and son Maynard will spend a few weeks at the Catalina islands in the hopes of benefiting Mr. Rotermund's health.

Mrs. J. S. Moore, Miss Vida and Harvard returned Tuesday evening from a three months stay at Bar Harbor, Me., and other points on the Atlantic coast. Dr. Moore met his family in Portland and returned with them.

Charles Simmons, a former Grants Pass boy, but now of Seattle, visited his father-in-law, H. Croxton several days. Mr. Simmons is a fireman on the Northern Pacific, on a passenger run between Portland and Seattle.

Mr. and Mrs. P. R. Taylor and little son arrived from Wells, Minn. Monday night. They are on a tour of the West and are guests of their cousin, C. C. Taylor and family.

Vernon Taylor, another son, arrived from eastern Oregon several days ago to visit his parents.

Miss Lida Galbraith of Albany leaves her home Wednesday evening for San Francisco. She will sail for the Philippines on Saturday and on arrival at her destination will become the wife of George Hart who went to the islands from this place.

Hon. Geo. Cobb and Mrs. Cobb are expected to arrive in Grants Pass this week from Hopkins, Missouri. They will visit here several weeks and will be the guests of Prof. and Mrs. F. E. Young. Upon their arrival the party will start for Crescent City and the coast where several weeks will be spent on an outing trip.

President E. L. Campbell of the State University at Eugene, will be in Grants Pass Friday, Aug. 15 for the purpose of meeting any who may be interested in the State University.

He desires especially to meet old students of that institution and prospective students. President Campbell is a very pleasant gentleman to meet, and as his mission is to give information regarding the institution, it is to be hoped that a great number of the young people will call on him at the Josephine Friday the 15th.

Acorn Stoves at Cost at Wolke's.

MARRIED.

NICKELL—At Oakland, Calif., Aug. 8, 1902, Chas. Nickell of Jacksonville, and Miss Belle Potter of Napa, Calif.

Mr. Nickell is the veteran newspaper man and is well known throughout Oregon. Miss Potter was formerly a teacher in the Jacksonville schools.

DIED.

CLINE—At Greenback mine, Sunday Aug. 10, 1902, the five months' old son of Mr. and Mrs. G. L. Cline. Burial at Pleasant Valley.

TURNER—At Grants Pass, Friday, Aug. 8, 1902, Myrtle Turner, aged 12 years, daughter of J. A. Turner. Burial at Granite Hill cemetery, Saturday.

PINE NEEDLES WANTED.

Pine needles are wanted at the old school house factory, Oregon Pine Needle Fibre Co.

KILLED BY LIGHTNING.

Richard Payne was killed by lightning at his home 1 1/2 miles east of Phoenix Tuesday afternoon. Mr. Payne was in an outbuilding under a large oak tree. The lightning struck the tree, came down the tree and entered the building, striking Payne in the head. A hole was burned through his hat, the right side of his face burned, and his mustache was scorched. He was also burned on his feet and legs.

HOP PICKERS WANTED.

Five hundred hop pickers wanted. Apply to or address John Ranzau, Grants Pass Oregon.

MRS. MYERS A SPORTSMAN.

Mr. and Mrs. J. L. Myers and daughter Geneva and Lola Hamlin have been spending the past two weeks rusticated at and near the Baby mine. Mr. Myers is quite a sportsman and Mrs. Myers had an ambition to kill noble game so the two shouldered guns and started out.

Mrs. Myers was posted on a deer run while her husband went to beat the bush. Soon Mr. Myers heard shots and returned to the run to find that Mrs. Myers had laid low a handsome deer and had taken shots at two others. Evidently she was not troubled by lack fever. The gun used was a 25-35 Winchester carbine.

RUTH JACKSON KILLS A BEAR.

Rev. R. L. Johnson, a former resident of Grants Pass, but now of Baker City, and her friend, Miss Angle of Medford, who is visiting Miss Jackson, had a very interesting adventure with a bear in the mountains near Austin, a few days ago. The young ladies in company with Ray Jackson, Miss Ruth's brother, were out camping, and for amusement they spent the time hunting and fishing. It is not asserted positively that when they started out it was their intention to hunt for bear, but being engaged in the pursuit, they were brave enough to tackle a bear should one cross their path, and that is exactly what happened. Miss Jackson was carrying the gun when they met a bear in the path, and without further ceremony she took aim and fired. Her aim was true. She brought down the game, and although not killing instantly, it was mortally wounded. Miss Angle took part in the slaughter, ending the struggles of the bear with a club.

The ladies are very proud of their achievement, and while not boasting of their prowess, they modestly accept the congratulations of their friends, and insist that they were not frightened although they have no desire to encounter a bear every time they go camping.

COLESTIN COOL.

While the people of this valley have been sweltering with the heat during the past week or more the campers at Coleson have been enjoying the delightfully cool atmosphere of that mountain resort. The thermometer registers about 15 degrees difference cooler there than in Grants Pass and 15 degrees on a hot day would change misery to the height of physical happiness.

Colestin is the ideal place to loaf and there rest and quiet can be enjoyed to perfection. The combination of Telford board, pure mountain air, mineral spring water and rest is one which should appeal to the residents of this valley.

NOVEL ADVERTISING FOR ELKS' CARNIVAL.

If you see a stray balloon floating in the air any one of these days, don't hesitate to shoot it or bring it down. If it falls from Portland the chances are that it will carry several valuable tickets of admission to the Portland Elks' Carnival, September 1 to 13.

These tickets are donated by the management and are to be given away as premiums for the industry of those who will run down the balloons which carry them. This novel mode of advertising has been adopted by the carnival management with surprising results. During the O. N. G. encampment at Albany, a balloon was sent up, attached to which were a dozen orders for admission to every sight in the Elks' Carnival. The finders of these tickets will have their fun free by presenting these orders to the committee, which will promptly honor them.

WORK ON A BIG POWER PLANT.

Machinery is on the ground for the new dam and electric power supply plant which will be built on the Rogue river, one mile below Tolo, and six miles this side of Gold Hill.

The dam, the width of which will be from one-half to three-quarters of a mile, will be built with a frame work of timber, filled in with rock, and will be about 20 feet in depth.

Its primary purpose is to develop electric power to supply the Ray group of mines in the vicinity and also to furnish power to those who will put in motors and use it for irrigation. There are now on the cars, at that point, waiting to be unloaded, two hoisting derricks and a stationary engine to be used in the construction work, and a force of 40 men is already at work on the enterprise. Mr. J. L. Gault, an experienced engineer of this city, has accepted the position of superintendent of machinery and construction work, and will leave for the scene of his new duties tomorrow afternoon. It is estimated that the construction work will require about three months. Dr. C. R. Ray, of Gold Hill, who is the representative of Eastern capitalists, is at the head of the enterprise and it is said that there are ample funds back of it. A sawmill will be erected near the dam, and a match factory is also to be one of the industries contemplated there. —Tidings.

JOSEPHINE HOPS.

The Josephine county hop crop is going to be better this season than for many years, at least all indications point that way now, and the time of picking is but a short time ahead. There are a number of yards in Josephine county, notably in Williams and Applegate Valleys.

The hops this season are large and plump and are abundant on the vines. They are comparatively free from blight and insect pests. The only trouble that will be experienced this season by hop yard men will be in the matter of getting pickers. The price to be paid will be the same here as in the Willamette Valley, a better price will rule this year than for many seasons past.

APPLE BLOSSOMS IN AUGUST.

An apple tree in the yard of Mrs. Galvin on 6th and E streets is now in bloom for the second time this year and presents quite an unusual appearance at this time of year. The tree was somewhat scorched by the recent fire and new leaves have shot forth. The blossoms occur on the new growth.

Local Happenings

Dr. Flanagan, Resident Dentist.

Go to Coron for Plumbing.

M. Clemens, Prescription Druggist. White lead at \$7.75 at Dr. Kramer's.

Sae Voorhies about Kodaks and Supplies. Bicycles & repairing at Cramer Bros.

Fishing Tackle and Sporting goods at J. Wolke's.

Don't forget the meeting of the Y. W. C. T. U. at the Adventist Church, Monday evening, August 18, at eight o'clock.

Yes, we sell Porcelain ware. Not cheap china. Call and see the difference. J. Wolke.

Ashland is jubilant over the prospect of having the streets sprinkled. The city has purchased a sprinkler and will devise ways and means of putting it into operation.

Grants Pass will be without a newspaper man the balance of the week; as four of them will inhale the sea breeze at Newport and attend the meeting of the Oregon Press Association.

H. E. Lounsbury, the S. P. traveling freight agent was in the city Wednesday looking up the location of county roads. The Southern Pacific will soon publish a map of Oregon giving county roads of all counties through which its lines pass.

Ice Cream Freezers at Cramer Bros.

Beauty Bros. gave a very interesting entertainment at the Opera house last Thursday evening with the moving picture machine, of which they have the latest improved. Although it was a hot evening the hall was well filled and the audience enjoyed the whole exhibition. The pictures were remarkably clear and distinct.

Miss Sable Bannard has been employed as a teacher in the high school for the coming year. Miss Bannard is a graduate of the University of Oregon. She taught in the Roseburg schools last year and was re-employed for the coming year but her acceptance was on condition, awaiting the action of the Grants Pass board. Miss Bannard comes highly recommended.

Acorn Stoves and Ranges cheap at J. Wolke's.

J. H. Ahlf, a prominent citizen of Grants Pass, was in Medford a few days since, and while here arranged with L. A. Palmer, the architect for plans and specifications for a handsome residence. He was recently appointed Armour & Co.'s general agent for Southern Oregon.—S. O. Oregonian.

The Telephone line from Ashland reached Klamath Falls and was duly adjusted for business last Saturday. Telegraphing from here has been abandoned and future communication with the outside world will be by telephone. The new line is this week being extended to Bonanza, Klamath Republican.

Camping Stoves, reflector ovens and all camp utensils at Cramer Bros.

Nineteen townships are to be surveyed by the government this fall in Douglas, Coos, Josephine and Jackson counties, in response to the big demand for timber lands. Surveyor-General Meldrum has placed the applications on file, and is preparing to make contracts. He thinks there will be very little timber land left after next year, as Eastern people are taking it up all the time.

G. Grant Cray, a well known resident of Ashland, died at the home of his sister, Mrs. D. E. Hyde, Friday morning, at 7:30 o'clock, after a lingering illness. Mr. Cray had not enjoyed robust health for the past eight years, and during the past winter was seized with bronchial trouble. During January he went to Southern California to seek the benefit of a change of climate, but received no apparent improvement and returned to Ashland several weeks ago.—Tidings.

Rev. J. B. Holmes, A. M. and Prof. and Mrs. Geo. Webb, will hold evangelistic meetings in Grants Pass for a few weeks, commencing Aug. 21. The services will be held in a large tent near the Christian church and under the auspices of that church. Mr. Holmes has done good work in the evangelistic field and Prof. and Mrs. Webb have a national reputation as the singing evangelists.

J. W. Opp brought into Jacksonville last Tuesday a gold brick weighing 80 ounces for shipment to the mint, which is the product of a clean-up from the prospecting five stamp mill located on the J. W. Opp property known as the Gold Standard mine. This mine is two miles west of Jacksonville, and has been undergoing development during the past three years. It is a large ledge and the property comprises five claims.—Medford Enquirer.

Owing to the great increase in their laundry business, J. W. Baker has had to give up handling the Medford route and go down to Grants Pass and assist his brother in the management of their laundry at that place. On Monday Mr. Baker and his family left for their old home. Mr. Baker has placed this route, which consists of Medford, Ashland, Jacksonville, Central Point, Eagle Point and the intervening country, in charge of Vis & Gould, who will conduct it with the same promptness and attention that characterized Mr. Baker's work.—S. O. Oregonian.

PAINTS.

Dr. Kramer bought a big stock of paints and oils and is selling them at greatly reduced prices. Strictly pure Pioneer white lead at \$7.75 per 100 lbs. Raw or boiled linseed oil at one per gallon. Other paints at proportionate prices.

Bicycles and repairs at Cramer Bros.

We've got 'em

When you get a Suit of Clothes from us you are sure to be glad of it. Stylish, comfortable and well made—you can't regret your purchase, and only regret they can't last forever.

If they are worn out—that last suit—come in and enjoy purchasing more clothing comfort.

Remember, we do not carry the sweat-shop, big-reduction-sale stuff, but honest labor, honest value, and reliable made clothing, to be sold at honest prices.

United Working Men's Shoes. Walk-Over Shoes. Red Seal Working Clothes. Dutchess Trousers.

P. H. Harth & Son.

MEN'S FURNISHINGS, TRUNKS and VALISES.

TWENTY-FIFTH ANNIVERSARY.

The 25th anniversary of the wedding of Rev. and Mrs. McLean will occur in the course of two weeks but the Grants Pass friends took occasion to celebrate before the date by sending them silverware in the shape of silver dollars, 25 to each of them, and also sending a splendid Kodak to be used by Mr. McLean in recording scenes in Porto Rico.

TEXAS COTTON.

We received this week from Miss Clara Wertz, who is at Ladonia, Texas, a branch from the cotton plant, which is quite a curiosity to many of our people who have never seen cotton except as a commercial product. One branch contained a blossom, a pod before opening and fully matured cotton. The blossoms are of a creamy color the first day, and a pink the second day. The cotton is at this office and can be seen by any who wish.

DR. MAUD KREMER.

Miss Maud Kremer took the examination before the Washington state board of medical examiners a short time ago and has been granted a certificate entitling her to practice medicine in Washington. Miss Kremer also holds an Oregon certificate.

SHIPPING ICE.

The New Water Light & Power Company, of this city, is shipping large quantities of ice to all points both in and out of the state this season. It may seem odd that there is such a thing as quality in ice, but such is true, and the quality of ice made by the local factory has given it a wide reputation.

Salmon are taking the spoon. We have the kind you want. Cramer Bros.

CAMPING AT THE CAVES.

Jonas Treforn, Ralph Davis, T. Hyzer and Frank Everton went to the Caves the first of the week and will spend several days camping.

A party of 10 people including the Knox family of Williams and Misses Talbot and Chiles have spent several days at the Caves.

Another party made up mostly at Selma with a number of Grants Pass people expect to explore the Caves next week and a number of other parties are talked of.

J. K. Pigney, R. E. Hauna and Frank Barrie were at the caves this week. They were hunting in the mountains around Grayback.

INJURED BY EXPLOSION.

Jas. Binmgar, an employe of the Eureka mine of the Soldier creek district met with an accident last Saturday that is likely to cause his death.

Binmgar was blasting stumps near the mine, using black powder. He set a shot and ignited the fuse, picking up the powder can to retreat. Just as he picked up the can it exploded. His face was badly burned and his chest and neck bruised and mangled.

The unfortunate man is in a very serious condition and but little hopes are entertained for his recovery.

MELONS ARE RIPE.

The Josephine melon harvest is now on. The great fields of big luscious melons are one of the features that have made Josephine county famous. They are grown here in 49, 50 and 80 acre fields.

The local market is being supplied by the wagon load, and shipments will begin soon. Many carloads are shipped from Grants Pass each summer to Portland, Seattle and other northern points.
